

GRADING OPERATIONS on the north shore of Fairy Lake are gradually reducing the steep bank which suddenly plunged into deep water. Tuesday night council approved a \$2,000 budget deficit for the Board of

Parks Management to help finance the project. Lakeview subdivision residents raised over \$1,500 to have the work done.—(Staff Photo)

**EBENEZER**

**Neighbors hold farewell party**

By Mrs. Ron McLean

Mr. William Boyd of Aberfoyle, had charge of the service on Sunday. His thoughts were based on Jesus' healing of the blind man. Jody Mitchell's "Clouds" says, "It's life's illusions I recall, I really don't know life at all." Many people go through life, without knowing what it is all about. We have illusions about our self-importance, about what will satisfy us. There are many kinds of blindness. The blind beggar's condition evoked pity. Other kinds of blindness are more pathetic. The world is being poisoned, the balance of nature upset. Some ecologists give the planet about 20 years to die. We blindly go on polluting, destroying.

We're blind to the sufferings of other men. Wars go on. We're blind to our neighbors. We're blind to revolution taking place in the world, seething Africa, suffering millions in Asia. We sit in the comfort and security of our homes. The day is coming when people will rise up and demand better way of life. It is easy for the church to be blind. Jesus did not call the church into existence to be a marrying and burying society. Socialists say we live in the post-Christian era. We have been blind to the meaning of the church. Jesus did not come to save you only. The worst kind of blindness is blindness to ourselves. A wounded soldier, suffering from amnesia, demanded, "Is there anybody here, who knows who I am?"

Do you know that you are the child of God, made by Him, and for Him? Our young people are raised in affluence, without being given a meaning and purpose to life. Jesus declared that He is the one, who can bring light into darkness. Jesus is the resource for the cure of our blindness, and knowledge of the light carries with it responsibility.

Next Sunday, the U.C.W. will have charge of the service, while Rev. and Mrs. Finley start their

**Discussions**

(Continued from page 1)

jogging the zone 2 line around it had not left much room to fit it in. "We thought it was a little like the promised land and you fellows didn't want to let people know where it was" Councillor C. Johnson jibed.

Questioned on the rationale for projecting a new municipality of North Oakville with a population range from 50,000 to 250,000 within three miles of Milton and straddling the same stream, it was asked how this could be justified when effluent disposal had been regarded as one of the restrictions on Milton development.

Mr. Stern suggested the location was an abstract rather than actual physical placement. It was proposed on the north side of the service corridor so the corridors would not bisect more municipalities than necessary. He suggested there were other ways of sewage disposal than pollution of the creek.

The chairman concluded the meeting expressing commendation for the sophistication of the level of questions. The proceedings were taped and will assist in preparation of a regional consensus to be presented to the Prime Minister before September 30.

**Golden Age club plans zone picnic here**

By Mrs. Elsie Reed  
Final plans for the zone 13 annual picnic in Acton Park June 25 was the main item of business at the regular evening meeting in Luxton Hall on Tuesday last.

Mrs. Fryer reported that the parks board would provide the same service as last year — setting out tables, etc. It was passed that Acton Club buy \$2 of groceries for the share of the prizes for the mystery draw, for which every member receives a free ticket.

The picnicers are to assemble in the park around 11 a.m. Each club will be assigned a table or tables and are expected to be seated ready to sing Grace before lunch at 12 noon.

Each club is responsible for an item of entertainment. Fred Wale

is to be on hand with his huge dice game and will provide his own prizes. Each visitor brings own lunch, tea, etc. A good turn out is hoped for from all clubs especially the hosting club—so come on out, Acton members!

June 21 - 28 being Senior Citizens week throughout Canada it was thought appropriate to attend a church service in a body. As no church had given an official invitation, the president was to contact and make plans.

A primary cheque for \$150. was gratefully received from the town of Acton.

Mrs. Fryer said she had been pleased to see so many Golden Age Members out to honor C. K. Browne the only century old member at Open House for him June 6 in Luxton Hall.

Mr. Kingsmill notified of a meeting to be held in the Arena regarding Senior Citizens' housing an opportunity for those interested in attending.

Prizes for euchre: ladies, Mrs. Near, Mrs. Pearl Kennedy; gents, R. L. Davidson, Mrs. J. Creasy.

An appetizing lunch of fruit bread, cheese and cookies was served by Mrs. Near and her helpers. Lunch Committee for July is Mrs. Reed, Mrs. Robinson, Mrs. Shoemaker and Mrs. Wallace.

Though many members have birthdays in June only Mrs. Davidson and Mrs. Reed were present to be saluted with the

birthday song and Mr. and Mrs. Don Reed's wedding anniversary falls on June 20.

Although the small turn out was disappointing a very happy evening was enjoyed.

**Worry**

Is there a hole in your home insurance big enough to drive a car through? Maybe you ought to think about a switch to Safeco. A Safeco Homeowner Policy covers the gaps and eliminates overlaps. For more information on a worry free way to cover your home, call

**Objects to Seynuck plan**

Proposed plans for the Seynuck farm were sent back to the developer for changes, following planning board's discussions with planning consultant Dennis Flood last Thursday in the council chamber.

Present for the meeting with Mr. Flood were chairman Sid Saitz, Paul Martindale, Meb Blow, Vic Bristow, Frank Simioni, Orval Chapman for council representative Earl Masales, with secretary Grant Usher.

The application from Monex Construction for the development of the Seynuck farm, from Wallace Ave. over to Churchill Rd., required a zoning change from top rated residential to two less demanding residential zones, commercial zoning for a few stores, and to a non-existent zoning for town houses.

Mr. Flood had several specific objections to the plan. He said the proposed shopping centre, near the corner of Wallace and Mill St., was too close to other stores and would weaken the existing town centre.

The semi-detached houses and town houses should be clustered near the M. Z. Bennett school or open zone.

The lots are undersize for Acton's regulations, some of them as narrow as 40 feet while 60 feet is required. Mr. Saitz added obviously the houses do not conform.

New board member Frank Simioni wondered if Acton didn't need the less expensive houses that could be built on smaller lots of 40 to 50 feet. It was understood some might sell for \$14,000.

Members felt when an acceptable plan is submitted, a meeting would be called for neighbors to inform them of the development. In this way, objections could be stated before the zoning changes are requested.

Mr. Flood also suggested letting the school board know of

the proposal.

The rejected plan included 106 units with 70 single family homes.

Representing Danoble Construction, Aldo Braida attended the meeting to request a zoning change from R2 to RM for two three-storey apartments on the Jennings property off Victoria Ave. They would adjoin the future Senior Citizens apartments.

Mr. Braida recalled Mr. Noble had hoped to have six-storey towers but the impasse over heights of buildings resulted in

his changing his plan.

The plans will be forwarded to the planning consultant for his advice.

Mr. Saitz reminded Mr. Braida of the new regulation whereby the applicant must pay the cost of rezoning, with a \$200 deposit.

Letters were read from the Committee of Adjustment which had no objection to a double-car garage at the home of Mr. and Mrs. Allan Ellerby and a garage at the home of Mr. and Mrs. W. McCabe. Minor variances were approved.

**Special events mark week**

This is Senior Citizens' Week and Acton's Golden Age Club is marking the occasion with two events this week.

Thursday they will be hosts among picnicers in Acton park, where Zone 13 of the Senior Citizens is holding its annual picnic. Hundreds of senior citizens from Halton and Peel are expected.

Sunday morning at St. Alban's Church the Golden Agers will hold a special service at 10.30 a.m. to which all senior citizens are invited.

**Liberal picnic**

An exciting program is being lined up for the Halton-Wentworth and Halton West Liberal Association's annual family picnic, to be held this Sunday, June 28 at the Wes Gall farm on No. 1 Sideroad, Burlington.

Races and games for children begin at 1 p.m. and continue all afternoon. A booth will dispense hot dogs, ice cream and refreshments and participants are asked to bring along a barbecue and some steaks for dinner.

**Progress on official plan**

Esquering Council will meet with the township planning board and representatives of the firm of M. M. Dillon, township planning consultants, in the near future.

A letter from the firm, read at Monday night's council meeting informed councillors work on the township's official plan has progressed to the point where a meeting with council and planning board would be advantageous.
