

# Chuck Lawlor speeds way to win feature race

By Vivian Shaw

Acton, July 5. The action started early at Acton Speedway today, when in the pre-race warm-ups Dave Galloway left the track at number three turn and went rolling over the bank. The bank is almost straight down 20

or 30 feet. Dave was taken to Guelph General Hospital with a broken collar bone. The car is a total write-off.

The second B. heat saw Larry Majury spin into the retaining wall in front of the grandstand. The car received considerable damage, but the driver was

unhurt. The late model feature had plenty of excitement. Ed Stewart started in eighth place, grabbed the lead on the fourth lap, but had troubles on the 13th lap. We had our first restart when Bentley and Nicholls spun. Nicholls had to retire with heating problems.

On the restart, Larry Bain had the lead with Lawrence Majury, pushing hard in the second spot. Majury got past Bain and took over the lead on the 16th lap. He held the lead until the last lap. Majury lost a wheel but still came across the finish line third. Majury won his other three races but just missed the feature, but just missed the feature.

This was the break Chuck Lawlor was waiting for. He took over the lead and captured another feature with Frank Ball second and Lawrence Majury third. Chuck Lawlor just crossed the finish line in the feature race before blowing the rear end of his car.

Our six cylinder feature was run off very well this afternoon with John Falka starting in third place and taking over the lead from Glenn Speers, who had held it for the first six laps. John Falka came through and made this his first feature win with George Wrigglesworth and Larry Majury crossing the finish line in that order.

The semi-final was also run off in fine style. Lawrence Majury took his third checkered flag of the day with Richard Bentley second and Chuck Lawlor third. Paulette Bain once again came through to take the powder puff, her fourth win of the season.

### RESULTS

Six Cylinder class.  
1st heat—Jim Ellis, Doug McCauley, George Wrigglesworth.  
2nd heat—Larry Majury, Tom Nell, Larry Cox.  
Feature—John Falka, George Wrigglesworth, Larry Majury, Glenn Speers, Jim Ellis.

Powder Puff—Paulette Bain, Betty Sauge.

# Station rally falls short Hillsburg claims 12-8 win

Station Hotel suffered a 12-8 defeat at the hands of Hillsburg in Acton Industrial softball league action, last Thursday.

The winners broke up a 3-3 tie with a single run in the fourth, as Cunningham tripled and Cox singled. Middlebrook and McLaren hit consecutive singles and Oxley doubled, as Hillsburg increased their lead to 7-3 with three runs in the fifth. A five run eighth inning capped

off the Hillsburg scoring. A home run by Fairly highlighted the rally. Chick Milne and John Dunn each hit safely twice for Station Hotel. Jan Riddall, Ed Smith and Fred Archibald picked up two hits apiece.

# Minor soccer takes break

Local entries in the Halton-Peel Minor Soccer League will take their annual mid-summer break in the schedule, for the rest of July. League games will resume in the early part of August.

## Just too dangerous

# No deer hunt in Halton

There will be no deer hunting in Halton County during 1970, it was learned at the June meeting of Halton County Council last week. Deputy Reeve Gordon Agnew of Nassagaweya who moved the motion at the agriculture committee meeting explained it was just too dangerous to allow hunting in the county any longer. "It is not like it was 50 years ago here" he said, explaining there are many homes in the county and many children are in danger. Other surrounding counties have prohibited deer hunting and the influx of hunters from other communities to North Halton has proven to be more than the area can take. Burlington and Oakville banned hunters before this year. During the past year delegations of ratepayers and hunters at

Nassagaweya Council have presented their sides to the story. The subject has been one of great debate over the past few years.

The action to ban deer hunting was spurred by a request from J. Armstrong, District Biologist from the Department of Lands and Forest, who asked that a deer season be open in Halton this year. Council turned him down. Nassagaweya is expected to join Burlington and Oakville in banning all hunters this year. Mr. Agnew said if control of the deer population became necessary it should be thinned out by the Department of Lands and Forest and the meat could be used for jails and homes for the aged.

Failing that, Mr. Agnew said each farmer or landowner should be allowed to take a deer. He said

if deer hunting was allowed there would be an influx of hunters from other counties "by the hundreds" to shoot the animals.

In his presentation Mr. Armstrong outlined population trends for deer in the county and asked that if shooting was to be forbidden, archery be allowed. At the same meeting council endorsed a resolution from the county of Lennox and Addington concerning the wolf and coyote bounty act. The resolution removes the bounty.

Mr. Agnew explained "We are learning you just can't interfere with a balance of nature. We put a bounty on fox because we suspected they were rabid and then there was a great growth in groundhogs. You just can't interfere with the balance" he said.

# Oakville bounce back squeeze past Rams

Oakville juniors overcame a 6-5 Acton Ram second period lead and outscored the locals 8-4 in the final 20 minutes to chalk up a 13-10 victory in Oakville, last Tuesday night.

Both goalies Rams' Gary Turkosz and Oaks' Grant Bryck were in top form early in the first period and it was not until 15:36 that Dave Cooksley converted passes from Bob and Gary Turkosz to put Acton in front 1-0. Acton held a 3-1 lead at the end of the first period and still led 6-5 after two frames.

Rams started the third period with three players in the penalty box and Oakville scored twice in

the first minute of play. Playing their third game in four nights, Rams weren't able to keep pace with their hosts.

Bob Turkosz scored three goals and added two assists for the locals. Newcomer Bob Gowland, Dave Cooksley and Mike Marcoux netted a pair of goals each and Fred Barends tallied a single. Marcoux, Barends and Bob Roughley each earned two assists and Gary Turkosz, Chris Sargent, Paul Cooper and Gowland chipped in one apiece.

Diminutive Phil Morgan fired a hat trick for Oakville. Paul Perras, Jim Glass and Joe Cipolla each netted two goals.

Each team served 14 penalties. Acton: Gary Turkosz, Craig Weldon, Dave Cooksley, Chris Sargent, Bob Waller, Bob Turkosz, Joe Tarr, Paul Cooper, Bob Roughley, Fred Flisnik, Fred Barends, Stu McCulloch, Mike Marcoux, Rod McEachern, George McPhail, Bob Gowland.

Thompson Fuels downed Nellis Construction 8-5 in novice baseball action, last Tuesday. E. Ensing paced the winners at the plate with three singles. K. Swan, D. Dale and S. Oakley each hit safely once. J. Pink had a single and a double and J. Hurley a single for Nellis. Winning pitcher K. Swan struck out six, while D. McGilloway fanned two for the losers.

Thompson Fuels chalked up their second win in a row an 8-2 drubbing of Acton Motors, Wednesday night. A. Edmundson and S. Bennett singled for the winners and K. Swan recorded 12 strikeouts. For Acton Motors, G. Pickles singled and doubled in three at bats and also fanned 11. M.

Morrison also singled. Lions Club outslugged Thompson Fuels 19-8, Monday night. M. McNabb had four hits, D. Webster two and J. Matthews, J. Main and S. Mitchell one each for Lions Club. G. Pickles with two singles, J. Gordon with a single and D. Dale with a double were Thompson's top hitters. B. Post struck out seven for the winners and S. Oakley fanned six for Thompson's.

Acton Rams play a rare afternoon game in Bramalea, Sunday at 2:30, then host Kitchener Braves Monday night and Mississauga PCO's Thursday, July 16.

**Ontario incomes have doubled in 12 years.**  
That's something your children can build on.

Ontario youngsters can look forward to the future with more confidence than almost anyone. They'll inherit an economic giant with a remarkable record of accomplishment. Few places in the world, for example, can equal our record for rising incomes. Our pay envelopes are twice what they were in 1957, yet prices have gone up just 33%.

Ontarians earn more, perhaps, because we produce more. Our Gross Provincial Product (the dollar value of all the goods and services

produced) has doubled in the last decade. By 1969 it had reached \$32.3 billion and projections show we could reach \$52 billion by 1975. Today we account for more than half of Canada's manufactured goods and 80% of Canada's fully manufactured exports. Nice work!

Because of the way we work, Ontario is in good shape to face the future. We have an economy our children, and their children can build on... an economy that can continue to provide the 100,000 new jobs we need each year to accommodate our growing labour force. Though our dollar and our economy face many challenges these days, Ontario has built the foundation to meet them. But, it's not our style to stand on *our* record. We must keep growing and keep building our economy.

One way you can help—put your money where your job is—when price and quality compare, shop Canadian.

Ontario's educational system is growing to provide the skills and knowledge that are vital to a growing economy. The Province today has 16 universities with a student population that has doubled in the last four years. And we've created 20 community colleges in three years to give Ontarians the widest educational opportunities.

Our growing economy places growing demands on electrical power. Nuclear generating stations, like the one above under construction near Pickering, will help supply keep pace with demand. This station will be one of the largest in the world.

Wages aren't all that have been going up in Ontario. There's been a lot rising in steel and concrete to house our expanding population and industry. Last year over one third of all the money invested in construction in Canada was invested in Ontario.

Canada's life style of tomorrow presents many challenges. But it's Ontario's style to meet these challenges today.
