Eden Mills

Nursing home addition store owner in news

By Mrs. R. Wright

A popular place is Eden House Nursing Home built about two years ago and situated on Eden Mills Rd. Twenty-one patients occupied the pleasant rooms with comfortable surroundings.

Recently an addition had to be added and was opened two weeks ago which can now house 35 patients. A full-time staff of 20 with some part-time help are employed which include two R.N. nurses.

The new addition includes two wards, two semi-private, hair dressing salon, a nurse's station, sitting room and an arts and crafts room not yet completed.

Stand united

Mr. William Boyd of Morrison in an exchange service with Rev. Russell Finley of Eden Mills United Church set aside his prepared notes to speak on the current forces at work in our country. Our first reaction is to strike back but this is not loving our enemies, and they would like us to have a divided family and country.

United we stand, divided we fall.

We should try to understand their problems.

Stand firm in the Faith of God

and live in God's country as he would have us live.

New owners

Mr. and Mrs. Alex Jefferson of Eden Mills have sold their grocery business to Mr. and Mrs. George Sellner of Georgetown who took possession last week. We regret losing Mr. and Mrs. Jefferson but welcome Mr. and Mrs. Sellner and family to our community.

Mrs. Anna Wilson was a recent visitor at Moorefield with her sister, Mr. and Mrs. Fred Kelly.

This is where you're sure of prescriptions at reasonable cost!

Is the PARCOST symbol displayed at the pharmacy where you get your prescriptions filled? If it is, you can be sure your pharmacist is interested in helping you obtain prescriptions at reasonable cost. Concern about both quality and cost of drugs, and interest in the patient who pays the bill, is the whole theme of the PARCOST program. A copy of the PARCOST Comparative Drug Index that your Ontario Department of Health has sent to your doctor, is in constant use in pharmacy dispensaries. This authoritative Index of quality

drugs enables your doctor and your pharmacist to see at a glance the differences in cost of various manufacturers' drugs of the same formula and strength . . . and to be aware of cost when prescribing or dispensing your prescription. As the PARCOST program gains more and more support from physicians and pharmacists, the end result will be to lower the average cost of prescriptions in Ontario. You can help hasten this day by always getting your prescriptions filled at a pharmacy where the PARCOST symbol is displayed.
