no pledges by Esquesing council. Denny Charles and Terry Baines ofthe hospital board approached council to get the feeling concerning a grant which they suggested could be added to the taxes of the Georgetown Fire Area. Georgetown council has already voted \$350,000 as their share towards the addition but with-held the third reading of the by-law until they know whether Esquesing would contribute.

Mr. Charles described the proposed addition for council and fielded questions with the help of Mr. Baines.

Mr. Baines declared much

Ontario. Is there any place you'd rather be?

Ontarians are the kind of people who wouldn't be here if there was any place better. We are people who came from a hundred lands and stayed to build. People with backbone and brawn and a hunger to succeed. Men and women who've created a standard of living in decades that other lands worked centuries to build. If we have a flaw it's our chronic modesty. Ontarians may be proud to be Ontarians and Canadians . . . they just seldom tell anyone. From an economic point of view that's wrong. The more people we have boosting Ontario and Canada the better it is. And we've got a lot to boost with. Human rights, for example, are real in Ontario. Our Human Rights code takes what has been theory for centuries and makes it fact. And think about it, isn't such a bad idea.

that's right. As well, we recognize that Ontario senior citizens have a right to more than just a place to live; they need a life to live. This is why in addition to new homes for the aged we've built 17 social and recreation centres specifically for elderly Ontarians. We need a vigorous economy of course, to support these important programs. And, that's where you come in. Though our productivity has doubled in ten years and our incomes in twelve, Ontarian's don't sit on their successes.
