After eight weeks - here it is again. No, I did not go south with the birds. I've been in town all the while, but just not able to attend to the business of writing this column. Will try my darndest to keep it up to the end of the season.

It came as quite a shock to hear John Goy has resigned as president and from the board of directors of the club. Johnny has quit because of health reasons. And I understand that he has resigned from a number of other boards in the community. This club will be one of the losers, because Johnny has spent a large amount of time and talent on the formation and running of the curling club. It is hoped that he may improve in health so much that he will again be able to take part in activities. Johnny, you will be missed.

A NUMBER of games have had to be cancelled due to the icemaking equipment not functioning, properly. But Monday, a member of the manufacturer's staff spent quite a while at the club, and when he left, the machine was working properly. So much so, that a flood was put on the rink to help level out crooked ice.

The directors have been doing all in their power to get the ice sheets in playing condition. They have had two men down from Guelph, the ice maker of Georgetown rink has also been here. And members of the club visited the Brampton club to see if they could get pointers on levelling the ice. So the powers that be have not been idle. They are really trying for that perfect ice. But then, what rink in the

immediate neighborhood does not have their problems in making level ice?

THE HALTON-PEEL bonspiel scheduled for Acton on Tuesday evening was cantelled due to uncertain ice.

TWO GAMES were played last night for the first draw. They were the Monday night mixed draws. The finals for the Adams Trophy is scheduled for Friday night. They will be played at 9 o'clock. This will end the first draw of mixed. Monday, Tuesday and Friday night draws are in this playdown. The men's draw of Wednesdays, runs the whole

THE NEW DRAWS will be made up Friday night for the rest of the season. Understand there is plenty of room in the Friday mixed draws for any person who wants to take part. These draws will run for 10 weeks.

A GENERAL MEETING of the members will be set up shortly, to fill the vacancy on the board. In the meantime Charles Leatherland, the vice president, is filling in as president, to conduct the business of the club.

DURING THE NEXT set of draws, it is hoped to publish the standing of each of the teams, so that all players will know the position of their respective

If you have any items of interest to curlers, I would appreciate it if you would get in touch with the writer. It all helps to fill this column.
