### Introducing HOOVER CLEANING without pushing

It's Hoover's new Dial-A-Matic cleaner with Automatic Power Drive. And it's the first vacuum

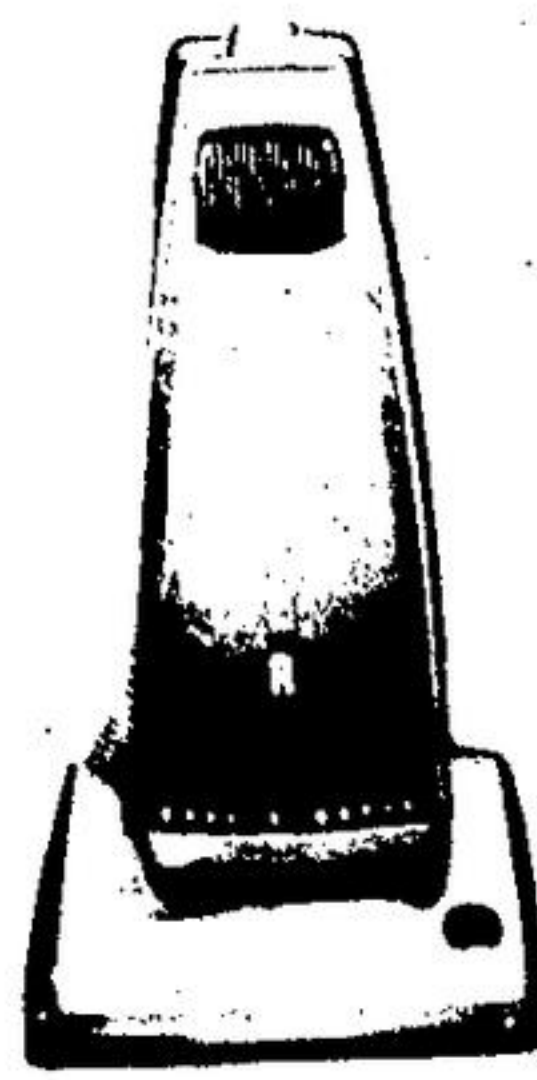

cleaner really made for women. Because it's the first vacuum that supplies its own push-power.

It glides along effortlessly with no pushing. No pulling. No weight. You work it like any ordinary cleaner. But without the work.

Just the slightest pressure on the handle and the cleaner glides forward effortlessly. Slide your hand back and it glides back. Stop. And it stops.

The new Hoover power drive Dial-A-Matic will add speed to your cleaning, and extra time to your day. And that alone makes it worth seeing.

Try the new Hoover Dial-A-Matic with Automatic Power Drive. And experience weightlessness.
