

### ESQUEUSING Township Council HIGHLIGHTS

At the regular meeting Monday night, Esqueusing council:

—Received a letter from Dufferin Materials and Construction asking a meeting with council to discuss whether a building permit is needed when they relocate their existing plant from the bottom to the top of the Niagara Escarpment and comply with the Minister's Order. The company advised council they must order new equipment now if they hope to operate by 1973 and meet the Minister of Mines' requirements. Perspective drawings of the new plant are completed, the letter said. Councilors felt no building permit would be required.

—Listened to correspondence from the county engineer advising them of a meeting this week between the County Roads Committee, representatives of Industry and Esqueusing Council to discuss the proposed long range plan of the company's to relocate parts of the Third Line and 22 Sideroad near the Company's Acton quarry.

—Received a letter from R. T. Hotchkiss, Lot 5, Con. 7, complaining that assessors had valued his new home on the basis of being 75 per cent completed while in reality it was only 40-50 per cent finished. Council discussed the case but took no action.

—Received a notice from the town of Georgetown informing Acton and Esqueusing Councils that Georgetown was proceeding with negotiations with the Ontario Humane Society for animal control in the town at 50 cents per head.

—Instructed the road superintendent to take some action to remove dead elm trees on the east side of the Tenth Line, below 7 Highway that a letter from E.M. Yaremko advised were extremely dangerous to children who played nearby.

—Was notified by Miss J. St. Jean's solicitor that washrooms in a barn on her property did not infringe the agricultural holding by-law in spirit, and asking for a minor variance to allow installation. Council enquired if the barn was to be used for other than agricultural purposes when they found out two washrooms were to be installed. It was decided to write the Board of Health and ask what their intentions were about the installation. "Why does she need a minor variance if their is no infringement of the by-law?" a councillor asked, while shoulders shrugged.

—Received a letter from solicitor A. J. Nichols enquiring about the availability of a building permit for a commercial enterprise on part of Lot 3, Con. 1.

—Was informed by solicitors for Frank Fox that a welding shop had been established on the latter's property prior to Nov., 1969, so a shop there now was a pre-existing use to the holding by-law and was therefore legal. Reeve Tom Hill and deputy reeve Russ Miller said there had never been a welding shop there to their knowledge. "I used to walk that road every day for a pail of milk milk," said the reeve. "and I don't remember any welding shop." Council advised the township solicitor to pursue the matter.

—Listened to a letter from township solicitor Terry Baines outlining steps he had taken to speed up an Ontario Municipal Board decision on the status of the Golden Horseshoe Driveway in the Official Plan. He wrote the O.M.B. asking them to make a ruling now since officials of the driveway were making no effort to settle the case. He also recommended the driveway be tagged with cost of the previous hearing which the chairman called off because the driveway was not able to present a case.

—Took no action on a request from the Town of Whitby for financial aid for 300 home owners stricken with disaster by 5.15 inches of rain which fell in one day and created property damage "far greater than Hurricane Hazel".

—Discussed a letter from Mrs. J. J. Walsma of Glenn Williams asking council to investigate the possibility of deepening the "Red River for swimming and creating a picnic area in the Glen. The writer wrote to the Credit Valley Conservation Authority and was advised the Authority had no plans for the Glen, and could not trespass on private property. Action would have to originate at the local level, the answer said. Reeve Hill said he would take the request to the Conservation Authority if

council requested it and later agreed to do so.

—Agreed to instruct the building inspector to investigate reports of a wrecking yard being established on the Fourth Line and report back to council.

—Took no action on a request for a permit to erect a drive-in theatre on the Seventh Line near Ashgrove on Lot 11. Premier Operating Co. Ltd., noted they also operated successful theatres at Preston (Sunset) and Oakville (No. 5). Council agreed they could do nothing until the official plan was approved.

—Agreed by motion to enter into an agreement with George Herrington for dog control in the township at a cost of \$4,000 a year. Copies of the resolution were to be sent to Acton and Georgetown.

—Advised Sixth Line resident Peter Bowman that no infringement of the holding by-law was noted where a trucking business was being operated near his residence, nor on another lot nearby where the Bell Canada Co. was storing rolls of cable. He was advised that the cable would be off the property, rented by Bell, by the end of November. Mr. Bowman charged he was surrounded by commercial enterprises in an agricultural zone.

—Advised R. Garratt of Ballinacraig that council had no objection to a small barn on his property in Ballinacraig being used for a craft shop, but was advised to secure a building permit for renovations necessary. The building is located on the south side of 32 Sideroad in the hamlet of Ballinacraig, which the reeve pointed out was commercial all around.

—Passed a motion awarding the tender to construct a bridge on the Tenth Line to Roger F. McEachern Construction at a price of \$84,108.00.

—Passed a resolution authorizing a write-off of \$2,315.03 in taxes, created by I. B. M. errors on exempt property.

—Passed a by-law authorizing township employees one week vacation with pay after nine months to one year, three weeks after one year, four weeks after seven years, four weeks after 15 years and five weeks after 25 years.

## Twenty riders finish bikeathon

Twenty of the 22 riders who started on the Calvinist Cadet Corps' bikeathon Saturday, finished the 40 mile course and raised \$377.33 for the corps. Starting from Bethel Christian Reform Church shortly after 9 a.m. the first riders finished the long cycle ride about one in the

FORMER ACTONIAN Jan Riddall, who now lives in Guelph is \$500 richer as a result of his holding the winning ticket in the Acton Y's Men's Club lottery. Jan received the \$500

cheque at Thursday night's club meeting. Looking on l. to r. are Y's Men Don Perry, Laverne Forsythe and Ross Ribey. —(Staff Photo)

## Drug use choice course at Acton

A six week teacher training program entitled, "Perspectives: Behavior in the School," will be presented at the M.Z. Bennett School, Acton, by Sheridan College, in co-operation with the Halton County Board of Education and the Addiction Research Foundation.

It will be held in two locations—Acton and Oakville. Brian Skerrett, head of Guidance at Acton District High school, will lead the course at the M. Z. Bennett school while Dan Sullivan of the County Board of Education, will conduct the course at the Oakville campus of Sheridan College. Both instructors are graduates of the recent Addiction Research Foundation summer course. The course in Acton runs every Thursday starting September 30 from 7.30 until 9.30 p.m. and in Oakville beginning October 5 from 4.15 until 6.15 p.m.

This course deals with preparing and trusting people to make appropriate and responsible choices with respect to drug use and other forms of behavior. It involves the changing behavior rather than merely the provision of information. During the course behavioral problems will be discussed within a much larger context than those related solely to drug use and abuse. Topics to be discussed will be

identical at both locations: Necessity of education in learning behavior; Psychological considerations in acquired behavior; Sociology of behavioral normality and abnormality; The function of communications in acquiring behavior; How does one handle behavioral problems? and Alternatives in handling behavior in a classroom situation.

### Try theft

Attempted theft at the Queen St. car wash last Thursday night was reported to police. The face plate on the coin machine was tampered with but apparently nothing was taken.

### Friday fight

Two men were charged following a fight outside the Station Hotel Friday night. About 30 people watched the incident. An Acton man and Hillsburg man were charged with causing a disturbance by fighting. Cons. McArthur and Cons. Wood investigated.

## Will use donation for bus trip costs

A fair turnout spent a very pleasant evening at the Golden Age Club on Tuesday last. It is good to see more men coming out and they hope to see more coming to spend a few social hours. The idea of a trip to Ottawa had to be given up as it was considered too expensive and/or strenuous for several. However it is hoped to have the usual fall bus trip to see the beauty of the autumn woods and arrangements are under way for this trip to be taken early in October.

The Acton Parks and Recreation Committee are donating some money left over from their summer budget and the club will be glad to help with the expenses, as cost of bus

trips seem to be rising as well as other things. As the Senior Citizens cannot participate in summer playground or the youth centre, it was decided to donate the money to them instead. This committee can rest assured the money will be carefully and thoughtfully spent and will be very much appreciated.

The Country D's, along with Isabelle Moore and Agnes McIntyre provided an enjoyable repertoire of music. The club always appreciate these young people giving up an evening of their busy life to entertain the Senior Citizens. Mrs. McCutcheon gave a humorous reading. Bob O'Hara and Bob Winton played a few lively tunes. Miss Davidson played for a sing-song and for O Canada. Lunch and social chat rounded out an enjoyable evening.

## Esqueusing library

Esqueusing township council is looking for four township residents to sit on a Library Board that will co-ordinate activities with established libraries in Acton, Milton and Georgetown and apportion grants to the libraries on the basis of use by township resident.

Council passed a by-law Monday establishing a public library which will cost ratepayers 65 cents per capita, but now they need four responsible people in the township to sit on the board with the reeve. Duties will include working out agreements with library boards in Acton, Milton and Georgetown.

Interested citizens are urged to contact the township clerk

## J. Lapointe inquest set for Oct. 12

An inquest into the death of Acton area farmer Joseph Roger Lapointe has been rescheduled for Tuesday, Oct. 12 at 10 a.m. The inquest was originally scheduled for Sept. 28. Lapointe was found dead in his farmhouse on Highway 25 three miles south of Acton on July 10 after a barn and shed on the property burned down. Part of the house was also on fire when Acton firefighters arrived. Death was attributed to a gunshot wound in the head but investigation by Milton OPP failed to prove whether the death was a murder or suicide.

## Savings centre

A Canada Savings Bonds campaign headquarters which will serve establishments located in the Etobicoke-Cooksville-Brampton-Streetsville-Burlington-Acton region has been set up in Mississauga. It will be the "nerve centre" for the CBS payroll savings organization operating in the region during the next two months, and will be under the direction of Ralph Hager of Kitchener. This marks the 20th anniversary of Canada Savings Bonds. The Bonds will go on sale Oct. 4 and will be sold at par until Nov. 15.

## 1881 by-law

Councillor Dick Howitt produced a unique printed by-law, dated 1881, at Monday's meeting of the township council, which his wife purchased at Ninian Lindsay's sale, near Acton.

The by-law, signed by W. Clay, reeve, and J. Murray, clerk, warned residents of Esqueusing about taking gravel and stones off the township roads. Mrs. Howitt found the document in a law book she purchased at the sale.
