

Says students turned off

A McMaster University professor told Halton County Board of Education students are becoming turned off with the extensive use of audio-visual equipment. The professor was one of several representing a delegation from the parents' council of Glenview School in Burlington.

The delegation was protesting the removal of a grade three teacher from the Glenview School. Mr. Lavender noted the board was carrying five teachers over their ratio but would need to hire an additional 10 teachers at an estimated cost of \$87,000 to meet the demands of the delegation.

Gravel pit
 Nassagaweya Council expects to know if Campbellville Sand and Gravel Supply will sell their holdings to the township by their next meeting.
 The township has made an offer to take an option out on the gravel pit holdings in Nassagaweya. They hope to use part of the land to set up an industrial park and sell a portion to Halton Region Conservation Authority. HRCA has expressed interest in the proposition.
 A total of 305 acres of land is under consideration. The land is situated adjacent to Highway 401 and the Guelph Line.
