Ebenezer

Foreign aid U.C.W. topic

By Mrs. Ron McLean

Ebenezer U.C.W. enjoyed an interesting evening with Mr. Harold Kitching. This much-travelled man told of his work and showed many interesting pictures. After teaching for a number of years, chiefly at the O.A.C. Mr. Kitching joined the Colombo plan. Canada built a dam, and Australia provided 200 tractors and other equipment. The problem was how to plow

10,000 acres in Pakistan. Later, Mr. Kitching joined the Food and Agriculture branch of the United Nations. At that time, there were 500 in Rome working for them. Now it has become an octopus, with 2,200 people.

In 1959, Mr. Kitching joined Massey-Ferguson in the product planning division, dealing with tillage, seeding and fertilizing. He stayed with them until 1970. The Canadian International Development Agency handles all foreign aid. In Tanzania, he studied the feasibility of making pulp out of sisal, since there was fear that plastic would replace sisal.

Sisters' death hunt in report

By Mrs. George Burt

The sympathy of the community goes to Mr. and Mrs. Harry Marchington on the death of Miss Dorothy Wilson of Walkerton. She had been in ill health for quite a while and passed away on October 22.

Mrs. Wm. Downey of Bolton passed away on November 1 after a short illness. Both those ladies were sisters of Mrs. Marchington.

People same

People seem about the same all over the world. It is a question whether all the sophistication taken to the undeveloped countries will really make improvement. They are happy in their own way. The scare over polypropylene has gone, as sisal has proved superior.

There are three Africas, north of the Sahara, south of the Sahara and southern Africa.

One cannot speak of how cotton is grown in the United States, because there are four different cotton-growing areas, in each of which the method is different.

Bazaar, tea Sat.

By Mrs. Fred MacArthur

The special Remembrance Day Service at Churchill Church Sunday morning was made deeply meaningful as trumpeter John Duenn sounded "The Last Post" and after a minute's silence, the Reveille followed by The National Anthem. In his sermon titled "Besieged City of Civilization," Rev. Fosbury stressed the need for faith in God's plan for the future. The church orchestra and choir also assisted.
