Marks maintains Fire victims need emergency housing

A zoning by-law amendment, which would permit temporary housing, such as mobile home accommodation to persons left homeless by fires is being proposed for investigation by Councillor Peter Mara.

Marks explained the town's present by-law does not allow for such a happening, pointing out in

some cases fire victims use up a good portion of their insurance money for motel or hotel accommodation.

He said installation of proper holding tanks and hydro would have to be assured.

"Don't you think council could pass a by-law in case of an emergency?" Deputy-reeve Pat McKenzie asked.

Marks suggested that question be pursued through the town's legal department.
