No reserve. Farm sold. Lunch available.
Owner or auctioneer not responsible for accidents day of sale.

20b5 MAX STOREY, Auctioneer, R.R. 4, Rockwood.

Churchill Residents home after hospitalized

Churchill worship service was fairly well attended, but many are away on holidays. Little Miss Susan Milne sang an old familiar hymn, "Jesus Loves Me" in the absence of the choir.

Next Sunday, August 6, Churchill members and friends will worship with our neighboring church, the Baptist people in Acton, at 10 a.m.

Neighbors and friends will be pleased to hear Wilfred Waldie was able to return home after five weeks' stay in Guelph General Hospital. We all hope he can soon be able to be about again.

Admitted to hospital — Churchill congregation neighbors, relatives and friends will be sorry to hear Mr. Leslie Swackhamer was admitted to Guelph General Hospital last Friday for observation. They have been taking tests and hope he can return home about Tuesday.

Miss Debbie Swackhamer is away and joined Miss Joyce Denny. They will be caravanning near Ottawa.

Mr. and Mrs. Brian Patterson and Leslie spent Sunday with her sister, Mr. and Mrs. Clarence Denny and Ray.

Rev. and Mrs. Fosbury spent a couple days last week visiting at their son's home with Mr. and Mrs. Don Fosbury at Swansea.

Mr. and Mrs. Clarence Horne of Rothsay visited with Rev. and Mrs. Fosbury on Sunday afternoon.

Camp counsellors

Joyce Denny and Janice Swackhamer spent the last two weeks away from the heat of Acton at Macaulay Camp on the Ottawa River near Hawkesbury Ontario. They acted as camp counsellors on a volunteer caravan project.

Janice returned home on Saturday morning while Joyce went on to Munster, Ontario, to assist Debbie Swackhamer on the Bible Vocation School project. Both girls are thoroughly enjoying their summer on caravan projects.

We are very pleased to report Mr. H. Porte, who has been in Guelph General Hospital for four weeks and most of that time in intensive care, was able to return home and can take a little walk out each day. We do hope he can gain each day.

SOUND AND LIGHT ENERGY USED

A water decontaminating device, using ultraviolet light and high-intensity acoustic waves, has been patented by Raymond M. G. Boucher of Wave Energy Systems. The device employs the two forms of radiation together to kill bacteria in water more efficiently than one form of radiation could. Laboratories, hospitals, hotels, ships, and private homes are expected to make use of the technique. It does not affect the taste of the water.
