

Open expanded plaza

PHARMACIST Gary Barton at work in the new Guardian Drug Store at the Glenlea Plaza.

A SPACIOUS waiting area is all part of the new medical centre over the Glenlea Plaza. The new complex is larger than the medical centre at Mill St. W.

JEANNETTE Stuckless is anxious to serve all customers at the Guardian Drug Store in the Glenlea Plaza.

A WIDE RANGE of facilities in the new medical complex at the Glenlea Plaza includes such commonplace things as a set of scales and a microscope.
