

Bennett permit

Esqueing Council has approved issue of a building permit for a residence to S.G. Bennett, owner of 600 acres in Concessions 7 and 8 where his famous Scotsdale Farms are located. Permit was issued subject to the approval of building inspector Tom McLean and the Halton County Health Unit.

the residence will be constructed on the west side of the Seventh Line and will eventually be occupied by a member of Mr. Bennett's staff.

Representing Mr. Bennett at last Tuesday night's meeting, lawyer Fred Nelson told council

OUR READERS WRITE:

Thanks for great summer

August, 18, 1972

We would like to thank the Acton Playground Staff for a Great summer.

Michele
Appleford, 8

and
Robbie "Dudley"
Appleford, 5

P.S. - Our mom and dad
thank you, too.

Suggests down town improvements

Dear Sir:

As an Acton resident I am making some suggestions to improve our downtown area;

No. 1—Remove all awnings over store windows as they have the effect of narrowing the street

No. 2—Allow parking only on the South side of Mill St.

No. 3—Attract shoppers by making Acton a discount town especially in the food stores as upon taking a rough census of neigh-

bours, shopping is done in Georgetown and Brampton, allowing families to live within their food budget.

No. 4—Since modern technology is available to anyone who is really interested, there is no need for the bad smells from the Beardmore to permeate our town. If this were completely eliminated it is quite possible that we would enjoy going down town for other than picking up the mail at the post office.
