# Open House at Kerrs for 40th anniversary

By Mrs. Fred MacArthur

Mr. and Mrs. Archie Kerr (Lydia and Archie) held Open House on October 29 at their home, fifth line, Erin township. Greetings came from their daughter Betty Ann and Bob Tyler, Tom, Kathy, and Beth, by telephone from Simi, California and a telegram from Archie's cousin John and Margo McMillan from Shelby, North Carolina. It was with regret and due to illness Mary and Harold Swackhamer of Hamilton who attended 40 years ago were not present.

Mrs. John H. Vanatter and Mrs. R. C. Agnew poured tea. Mrs. E. M. Buck received the friends at the door.

**Wedding gown**  
Miss Erika Strokow wore the 40-year-old wedding dress and helped to serve with Elizabeth and Vera Strokow, Nancy and Chryl Vanatter, Debbie Swackhamer, Joyce Denny and Janice Swackhamer. Relatives and friends came from Fenelon Falls, Toronto, Brantford, Jarvis, Brampton, Guelph, Moffat, King, Stratford, Owen Sound, Oshawa, Weston, New Toronto, Fergus, Georgetown, Rockwood, Acton and surrounding neighborhoods.

Following their Open House several relatives and friends had dinner with Archie and Lydia at Marie and Donald Anderson's home, assisted by Mrs. Doris Kentner and Mrs. Beatrice Anderson.

The flowers, beautifully arranged by Mrs. Kochx of Fourth Line flower shop, included a special recreation of Mrs. Kerr's wedding bouquet.

**Golden wedding**  
Other guests with Mr. and Mrs. Wilfred Thompson last week in honor of their golden wedding anniversary were Mrs. Carol Wilson of Tottenham and Mr. and Mrs. Garnet McMorran of

Stroud, also neighbors Mrs. Gray and Mrs. Lang of Hillsburg. Mr. and Mrs. Fred Spears and all the family visited on Sunday at their daughter's home with Mr. and Mrs. Priestman of Hillsburg.

Sunday guests at the parental home with Rev. and Mrs. Fosbury were Mrs. Cross and Craig, Lorne Park, also Mr. and Mrs. J. Caruso of Brampton.

**Snow**  
Mr. Bud Anderson was up to the Bolton camp north of Bracebridge on Sunday and reports snow but sunny.

Mr. and Mrs. Sid Spears of Ballinacraig visited with Mr. and Mrs. Bob Kerr on Sunday evening.

Mrs. Margaret Anderson and son Ian flew from Victoria B.C. and are spending this week with a former 4-H member and friend Mr. and Mrs. Bob Kerr, Jeffrey and Christine.

## 88th birthday

Guests gathered on Sunday at the home of Mr. and Mrs. Dave Williamson from Oakville, Huttonville, Jerseyville, Hamilton and Port Credit to honor Mrs. Williamson's mother Mrs. Annie Burns on her 88th birthday. A very enjoyable time was spent. On Monday evening others from Glen Williams and Oakville were present to enjoy a visit at the same home. Churchill church friends join in wishing our good friend Mrs. Burns good health and many more happy gatherings.

Churchill church friends and old neighbors will be glad to hear Mr. and Mrs. Gordon McDonald (Gordon and Lenore) are moved from Brampton to their new home at R.R. 1, Caledon.

Mr. and Mrs. E. E. Green of Toronto visited on Sunday at her brother's home with Mr. and Mrs. Fred MacArthur.

## Limehouse

# Visits, degree death reported

By Mrs. A. Benton

Mrs. Terry Hebdon and her two children of Victoria, B.C. have returned home after three weeks visiting her parents, Mr. and Mrs. Dirk Poot and family, and Terry's relatives in Ontario.

**Known here**  
We are sorry to report the passing of Mr. Stuart Wright at Queensville, Ont. The funeral was on Sunday, Mrs. Wright, son Alex and daughter Shirley survive him. The family were well-known here and respected 20 years or more ago.

**Receives Ph. D.**  
Congratulations to Dr. Peter Glynn, who received his Ph.D. in Chemical Engineering at University of Waterloo on Oct. 20, when his parents, Mr. and Mrs. John Glynn were present.

Peter attended the Stone School, S.S. no. 16, graduating before his eleventh birthday, and took his high schooling at Georgetown. He passed his two years at Royal Roads College, Victoria B.C. and two at R.M.C.,

Kingston, graduating in 1965. He married Arlene Whalen, a graduate nurse of Trout Creek in 1966, and took his Master of Science degree at Waterloo.

They were stationed in Germany for two years, where their daughter Jennifer was born. On their return he entered University of Waterloo for his post graduate study, graduating recently.

Peter is presently with the Statistics Branch of the Provincial Department of Colleges and Universities at Toronto. They are making their home at Clarkson with their new son, Jeffery added to their household.

**NEW PROPRIETORS** of Acton Home Hardware, formerly Symons Hardware, Michael and Bernice Kinal were presented with flowers and welcomed to town last week by secretary Betty Eastwood, on behalf of the Acton Chamber of Commerce. The Kinals will be moving to town soon from Oshawa and taking up residence at 8 Rosemary St. in the

new Acton Meadows subdivision. The store is presently being expanded with the addition of 800 square feet of store space and Mr. Kinal expects to carry a good variety of sporting goods and toys. The Kinals have two children Charlie 11 and Susan 8. Both will attend M. Z. Bennett School.

## Brownies take hike on trail

After an unusually high registration Edon Mills Brownies have formed two packs with Brown Owls Anna Jackson and Ann Chesworth, and Tawny Owls Joan Duffield and Eva Stevenson. The 2nd pack have a Grey Owl, Diana Wallace, and both packs have Snowy Owls, Cathy Tomlinson and Linda Blacklock.

**Hike on trail**  
Ron Marshall organized a hike for the 2nd pack on Saturday, October 28 along the Guelph Trail, and the hikers were met by Diana Wallace with hot dogs and hot chocolate. Eight Tweenies, Rachelle Tarrant, Iona Chesworth, Audrey Van Driel, Michelle Wallace, Dolores Martini, Lisa Webb, Kathy Van Rhijn and Virginia Ritchie, were enrolled by Mrs. Kay Stevenson on Monday, October 30 in a special campfire ceremony.

On Saturday, November 4 both Brownie packs enjoyed a craft morning in the hall when they made interesting gifts and began learning the art of macrame under the skilled guidance of Ann Vos and Anna-Maria Bell.

**THE PIONEERS MADE THIS COUNTRY POSSIBLE AND IT'S A GOOD PLACE TO LIVE**

**MOTOROLA** PIONEERED THE SOLID STATE FIELD AND IT'S REALLY TOPS

**Why not keep to the best then? Here's why!!**

# Quasar™

Works in a Drawer Color TV with INSTA-MATIC tuning

**Quasar Quasar II**

"Works in a Drawer" color TV chassis

The big difference that is behind Motorola's success Mini-circuits that plug in and out and solid state components help to improve serviceability, dependability, and performance. If a mini-circuit replacement is ever needed, the drawer pulls forward and the service technician can plug in an exchange panel usually right in the home, in minutes for quick, economical service.

**FEATURES:** Insta-Matic Color Tuning • Bright Picture Tube • Solid State Chassis • Plug-In Mini-Circuits • Compact Power Transformer • Push Button UHF Selector • Automatic Fine Tuning • Instant Picture and Sound • Audio Tap Jacks • Lighted Channel Indicators • Tone Control • Concealed Secondary Controls

**Insta-Matic color tuning**

Push one button to activate five controls and automatically balance the color fine color intensity, contrast, brightness, even activate the automatic fine tuning. Auto-matic color circuits lock in to keep color constant when changing channels or when signal varies.

**Plug-in Mini-Circuits**

Solid State Reliability: At Motorola Quasar, Quasar II and Quasar Portable Color TV products contain easy-to-replace mini-circuits. Should the ever-fair-a-service technician can plug in the proper replacement and stop a replacement usually in minutes. In light of the time a Mini-Circuit replacement program gives continued benefits of easy, economical replacement, even after the guarantee period has terminated.

**The Quasar Color TV Panel Service Caddy**

Remember when TV service repair required a truck to hold all replacement parts and tubes, and the set itself had to be removed to be serviced by the technician on his bench? Well, those days are past. Now if a Motorola service technician has all the necessary replacement panels neatly contained in a Panel Service Caddy, for service usually right in the home—in minutes!

**Solid State Reliability**

Replacing tubes and other electronic systems with solid state components helps to provide more trouble-free performance, longer life, less service calls and helps keep Quasar TV working at home.

**Remote Control Tuning**

Two button remote control hand unit helps make tuning easy and convenient. One button turns TV on and off and selects volume. Two buttons change channels. The second button affects and changes channels. It can be that easy! Even an under light on the set increases intensity to indicate the volume level.

**"Quasar-Bright" picture tube**

Helps deliver sharp, bright color TV pictures with vivid detail. Each tube is surrounded by a jet black mask. Super phosphor with phosphor medium coating. The second button affects and changes channels. It can be that easy! Even an under light on the set increases intensity to indicate the volume level.

**Retro-fit program** which allows old sets to that capacity and component improvements can be made on a continuing basis and still allow the use of mini-circuits to be used as direct replacements for the components in prior year models. As a result a replacement mini-circuit may include improvements not in the original chassis.
