Birthday greetings to Murray Hayward who, we much regret to hear, has sold his home and will be leaving us. Murray and Vi, with her wonderful gift of song, 5 HOMES THAT MEED SIDING 5 local home owners will have the opportunity to eliminate outside painting permanently and beautify their property at a substantial reduction PIONEERED BY B. F. GOODRICH COMPANY Engineered to eliminate denting and noisy defects of old style metal siding, this new product is laboratory tested, twice as strong as any other metal siding and provides excellent winter insulation. Reinforced by a color thickness 30 times that of spray aluminum finishes, it renders a beautiful textured appearance restoring the home to the

traditional colonial style. As an Introductory offer, the authorized dealer will renovate 5 homes at a reduction of 30 per cent of nationally advertised prices, as advertised in Better Homes and Gardens and Life Magazines. This offer is being made to familiarize property owners with new advances in exterior building products. 100 per cent financing arranged in home. No downpayment.

Trained dealer mechanics install the panels right over outside walls, with nothing to remove. The completed work duplicates the natural beauty of wood without its defects, while eliminating the cracking, peeling effects which have disappointed owners with wood, asbestos, and aluminum siding.

> If product or performance defective Good Housekeeping Guarantees replacement or refund to consumer
