Official Plan draft unveiled for Erin township

Monday night in the auditorium of the Hillsburgh community centre as the draft official plan of the Guelph and Suburban Area was officially released to the public. The meeting was the first in a series of five designed to acquaint the public with details of

the plan. Next meeting is to be held in assist with the report. Rockwood centennial school on Monday, January 22, for residents of Eramosa. The

> Monday's meeting was chaired by J. J. Kelly, Q.C., of Kitchener, an expert in the planning world. He was assisted by planning consultant Howard Smith who was engaged by the Guelph and suburban planning board to

Goals and objectives of the plan were outlined to the large crowd by the chairman citing the need contents also affect residents of for the rural municipalities to

develop in a manner consistent with their needs to protect good agricultural land, the landscape, minimize pollution of water, land and atmosphere. It was hoped to have the plan official by the end

Other goals are to provide for a limited number of rural estate type homes in locations which will not conflict with the plan, to provide for urban growth which will not disrupt the rural nature of the municipality and to confine it to the existing hamlets and

ACTON, ONTARIO, WEDNESDAY, JANUARY 17, 1973

villages; to minimize needs and costs of expensive services, provide for controlled utilization of natural resources and to ensure continuance of adequate means for movement of people and goods in the planning area.

Protect land Mr. Smith outlined the differences between an official plan which is a statement of policy the township can use for guidelines in any decisions, and the zoning bylaws which are set up to regulate the plan. He emphasized the

importance of protecting agricultural land in a world where half the people go hungry and of limiting urban growth to present urban centres. Development in existing hamlets, for instance, would be limited to infilling and rounding out the present area. Construction of new housing units in the village of Erin would be limited to 20 per year. The plan anticipates the population of the village will not exceed 2,300

persons by 1990. Growth in Rockwood would be

urban dwellings will be limited to approximately 50 per year which is further broken down in the plan to 20 per year in Erin township, six per year in Eramosa township, 10 per year in Guelph township and 35-40 per year in Puslinch township. Preferential consideration will be given to farmers selling their farms or those who are disposessed by projects such as the Guelph and Everton dams.

No more pits No new extractive industries will be permitted, no further mobile home parks or junk yards and special policies discourage further cottage development

around Puslinch lake. The plan established policies to discourage building in any area where there is danger of floods, poor drainage, organic soils, erosion, steep slopes or other

Kelly and Smith fielded questions after the presentation apologizing for the lack of summaries which were handed out to the crowd earlier. The supply fell far short of demand.

They told farmers it would be legal under the plan's provision to sell all their land but if they sell any part of it they must get approval. "Then it would be up to the Committee of Adjustment to

of the community." Kelly told the assembly that the not find time through the week. township councils want to hear

After some wrangling the ratepayers wrung a 10 day extension for written objections to the plan which was first limited to a two week period ending Jan. 31.

Can be overruled

Yes, the province could overrule the plan but the chairman stressed it was drawn up under the Planning Act. He assured the estimated 400 ratepayers no objections in writing would to unanswered.

Asked the definition of a rural estate type home, Kelly said it would be on a lot of not less than two acres with a minimum of 1200 square feet.

Waste disposal, the current "hot" topic in Wellington, is not included in the plan, but is being considered. Kelly acknowledged that if the province approved a dump in Wellington all protests would fall on "deaf ears". By the same token there is also no way the township could curb Ontario Hydro or the province.

Would a hazard land designation stop building? Not necessarily, but buyers would be forewarned; it could restrict land use, however.

The chairman emphasized copies of the complete plan were available for perusal in the township offices and he proposed they be kept open on Saturday decide if it is in the best interests mornings from 8.30 till noon to accommodate those who could

Outlines applications

Beli Canada has two applications before the CTC. The first, if approved, would raise the basic telephone service rate in the Georgetown exchange five cents per month and the rate for installation of a residential phone from \$11 to \$16.50. Barnes said there would also be a small adjustment on some long distance calls. The increases would be

effective January 1, 1973. The second application, if approved, would increase the basic monthly service an additional 35 cents and the installation fee from \$16.50 to \$22. effective January 1, 1974. Increases in both applications apply to private lines only. There

Youth suffers broken leg in snowmobile collision

Fifteen year old Tom Milne, 56 Church St. W. is in Guelph General Hospital with a broken left leg following a collision between two snowmobiles on Fairy Lake Monday afternoon.

Police said a 1970 Sno-Cruiser driven by John Upton, 109 Crescent St. was attempting to make a right turn, when it collided with a Moto-ski driven by Milne. Upton escaped the collision with just a sore back. .

Dr. W. Vukovich was called to the scene of the collision and Milne was transferred by ambulance to Guelph General.

348 DAYS LEFT UNTIL ACTOM'S CENTENNIAL

The Milne vehicle received an estimated \$1,100 damage. Damage to the Upton vehicle was estimated at \$70.

The collision occurred on the north end of the lake near Smallwood Acres approximately 2.30 p.m. A police report on the mishap was not completed at press time and it is not known if charges will be laid.

Con. Bourne, North Halton OPP is investigating.

Brick wall of fame lasting memorial

matter later in the meeting, still

seeking an answer.

by Jack Carpenter

The Wall of Fame is getting off the ground as support for the Centennial project progresses.

New names this week include: Stephanie Marie Parker, Robert Lovell, Douglas Hilton, Jan Vlietstra, Stephen Conroy, Margaret Gentles, Jim Hachey, Rus Coultrup, Brenda Browne, Joanne Hepburn Jeff Patterson, Darlene Beerman, Lesley Graham, Helene Gunther and Mrs. Carole Ellis of Guelph.

Lasting memorial

Tohe object of having a Buy-A-Brick kick off to our fund raising campaign is to enable Acton residents and friends to become an integral part of the finished centennial project.

Your name and the names of your family and friends will become a lasting memorial and a credit to the community. Don't wait until the building is

finished, or see what others will

and the commemorative building for our town. Cut out the 'Buy-A-Brick'

coupon published in this paper. Fill it in and mail in your donations to Box 100, Acton. Writing to friends or relatives? Why not send them a copy and invite them to participate.

Already we have received letters from Western Canada, and Europe. Help us to spread the word. To those readers out of town we would surely like to hear do. Invest at least \$3 in yourself from you.

ACTON'S CENTENNIAL CAMPAIGN got a big boost for the Wall of Fame Tuesday when campaign. The Kinals have just moved to Mike and Bernice Kinal of Home Hardware, Mill St. presented centennial commissioners Harold Townsley and Paul Nielsen with a campaign.

cheque for \$100 in aid of the Buy-A-Brick Acton but they feel everyone in Acton and district should be behind the centennial -J. Jennings Photo

FOR LESS 1050 A. THIS SALES GALLONS

Gas War!

DESPITE THE SUDDEN awareness of a shortage of energy in the U.S. and predictions of higher prices for natural gas, oil and gasoline, the price of gasoline in Acton has taken a toboggan slide the past few weeks. Prices range from a low of 42.9c per gallon to the 54.9c which existed before the price war. Motorists who watch their pennies could spend more of them looking for the basement prices but service stations in town and district have blossomed forth with a forest of signs to advise all who pass of the lower prices.

3½ million

Record year for building

Over three and a half million dollars worth of new construction began in Acton in 1972.

Building permits were issued during the year in the alltime record high amount of \$3,676,242.

Highest single category was for multiple dwellings which accounted for \$2,166,000 of the total. There were 77 permits for town houses for \$988,000. Other new multiple dwellings were the adjoining apartment buildings on Church St. and Maria St. at \$165,000 each and the apartment building on Ransom St.

beside the cemetery at \$248,000. 60 homes

Single family dwellings produced the second highest total in the list. There were 60 permits for a total of \$1,180,992.

There were four industrial permits. The Acri factory permit at \$26,000, addition to Disston at \$114,000, addition at Beardmore \$72,000 and J. Gibson's workshop \$10,000, totalled \$222,000. The Acri and Gibson shops are in the industrial park.

There were two commercial permits-addition at Gulf Oil storage depot \$9,000 and addition for the Glenlea medical clinic \$42,000 — totalling \$51,000.

13 new pools

New swimming pools outvalued the commercial growth in the town. A lucky thirteen pools were added to the Acton landscape during '72, totalling \$56,250 in permits.

Mrs. Lorna Clarke of the town office staff compiled the figures from the records for the Free Press.

Bonspiel finals here

Semi-finals and finals of the sixth annual Halton-Peel bonspiel for the Kennedy Ford trophy will be held at the Acton Curling Club

this Saturday, January 20. Rinks from nine clubs, Acton, North Halton, Milton, Hillsburgh Oakville, Bolton, Brampton, Orangeville and Mississauga began play last Saturday.

More than \$1,000 in prize money is up for grabs in the event. Halton-Peel winner advances to the Bonspiel of Champions involving champions of the Niegara Frontier and Hamilton and District regions.

Lake open water concerns Elliott

Councillor Elliott inquired if anything had been done to fence open water at the lake, since he agreed with the concern indicated in a Letter to the Editor

in the Free Press. Councillor Chapman, council representative on the parks and recreation committee, said the board had looked at the problem. He felt the open water was due to mild weather, not being deliberately kept open for the birds. He said the area was large.

Mr. Chapman said he could write a letter if he was not satisfied with the reply.

Deputy-reeve Marks agreed, and a letter will be sent to the parks and recreation committee expressing council's concern over the open water.

The mayor added his concern about snowmobiles following a collision of two of them on the lake the day before. Machines have been circling round and round the Pioneer cemetery too, he said. He wondered what control citizens have.
