## run away home this summer

### The cool, quiet world of Westinghouse conditioned-air

Escape the hot sticky days of summer. Enjoy cool, quiet comfort right in your own home. Westinghouse can show you the way with a whole-house, conditioned-air system. Westinghouse Canada calls it *conditioned-air*, because not only can it be cooled, cleaned, dehumidified and freshened, but it can also be maintained at the total-comfort level for all-season control of indoor climate. Westinghouse *conditioned-air* puts a breath of fresh air in your life and keeps it that way . . . all year round.
