# Missing writer south breakfast, bones news

**By Doris Fines**  
Did you miss me last week? We just arrived home from a wonderful two week bus tour to Florida. We wandered around the Sunken Gardens, Cypress Gardens, and Busch Gardens, toured Kennedy Space Centre, saw Marineland, a 8000 acre Brahma cattle ranch, miles of orange groves and the processing plants, the sugar-cane fields, and many other attractions. It was beautiful sunshine - when it didn't rain. And now, down to earth again and back to work.

Mr. and Mrs. Gordon Aitken visited last weekend with their son and daughter-in-law, Mr. and Mrs. Sherlock Aitken at Ottawa. On Sunday they also called on their daughter and son-in-law, Mr. and Mrs. Mike Hutchison and family, at Kemptonville, before returning home.

A good turn-out of members of Knox Presbyterian Church enjoyed a breakfast of bacon and eggs at Burns Presbyterian Church in Erin, Sunday morning, and later joined in worship at their morning service.

Dan Ferguson, son of Mr. and Mrs. Jack Ferguson, also met up with a slight accident when he broke a bone in his hand. We trust the injured members are on the mend.

## Limehouse Cubs tour

**By Mrs. A. Benton**  
The 1st Limehouse Group Committee reports that one year ago they began collecting newspapers in the Limehouse area to aid in the operation of the Cubs and Scouts. During the year they collected 6,502 lb. of papers and hope the coming year will be even more profitable.

On March 28 Elaine Hannah was invested as a leader during the Cub meeting. The District Commissioner Gord. Douglas officiated during the ceremony and was assisted by the Assistant District Commissioner Terry Colter and Cubmaster Steve Thompson. Elaine will be known to the cubs by her jungle name Raksha meaning "Mother Wolf."

Two cubs have earned badges, Gordon Thompson his artist and pet keeper badge and Bart Byers his team player badge.

Dave Hannah, the cubs junior leader, just passed the St. John's ambulance standard first aid course.

**Talks tour**  
Saturday, 12 cubs and four leaders were taken by Mrs. Frank Hamah on a tour of Toronto International Airport. They began by visiting the hangars, where they saw a DC 9, and had a tour of a DC 8 plane. Next they went to the meteorological office to find out how weather forecasts are made and looked at the various weather maps and machines. After lunch they toured the new terminal 2, and terminal 1, and watched the planes take off and land. The view from the top of the parking building was windy but great. (contributed by Mrs. Hannah)

**W.M.S. Thankoffering**  
A very informative thankoffering W.M.S. meeting was held in Limehouse Presbyterian Church on Sunday evening. Mrs. Henry Jaques of Georgetown, an

active "Y" member, who with her husband taught for two years in Tanzania, Africa under C.U.D.O., a volunteer organization, was speaker. Her economics students were boys from grade 9 to university level. She said she found life interesting, but as in any occupation, routine as well.

She mentioned entertainment, very hot weather, and the usual jungle household pests.

**Lopsided world**  
Speaking of World Development Mrs. Jaques said that the world is lop-sided, with us living in fantastic wealth, and across the great gap, the people are illiterate, many only reaching grade 4 education; life expectancy is 40 to 50 years; one in 25 babies dies within a year.

The so-called under-developed countries are exploited by the wealthy ones as here, where \$1 of our money brings a value of \$1.28 in return.

**Can protest**  
The speaker told us to be informed of these conditions, by joining the Y or a study group, and protest exploitation. We cannot remain apart. She read an appropriate poem by Jean Vanier, and asked "Who will be the bridge for the gap?" in closing.

Mrs. A. W. Benton introduced the speaker and Mrs. Bert Benton thanked her for such a splendid speech from one who has lived in both environments.

Mrs. Wm. Karn and Miss Mary Lou Brown sang two lovely duets, and Mrs. Roughley and Mrs. Bert Benton led the hymn with organ and piano accompaniment.

Mrs. Sanford presided, opening with a prayer poem and welcoming visitors. Mrs. W. Kirkwood read scripture and Mrs. Kirkpatrick led in prayer. Mesdames Crichton and

Sympathy of the community is extended to Mr. and Mrs. Howard Black and family in the death of their son Sandy in a car accident.

Mr. and Mrs. Jack Ferguson attended the funeral of Mr. Albert Boughman at Newmarket.

Mr. and Mrs. Gordon Aitken spent a pleasant afternoon on Sunday at Woodstock, among relatives, at a birthday party for an 80 year old cousin, Walter Uffelman.

Lap belts only, work well up to 45 or 50 m.p.h. - though even at 35 m.p.h. your head may be thrown forward to hit part of the car. But when a shoulder belt is added, drivers seem to become almost invulnerable. As this is written, no lap-shoulder-belt wearer is known to have been killed in any accident while travelling at up to 60 m.p.h. Pamela Norton Miss Park Toyota demonstrates the use of the lap-shoulder belt in a TOYOTA CELICA ST. PARK TOYOTA on Hwy 7 in Georgetown has a complete line of TOYOTAS equipped with the latest safety features. (Advertisement)

**Holidays**

Good Friday, April 20, and Easter Monday, April 23, are school holidays. Last day of school for the year is June 29.

Patterson received the offering and convened the lunch for the social hour after the well-attended and worth-while meeting. Rev. P. Barrow pronounced the Benediction.

**Home from holiday**  
Earl, Gary and Dwayne Maltby have returned from a couple of weeks holiday at Myrtle Beach, S. Carolina with their grandparents, Mr. and Mrs. Thomas Gadd.

# "Where Service" MAKES THE "BIG DIFFERENCE"

## "Cash-Flow is the modern way to borrow, based mainly on what you earn — not what you own."

Says James Wiersma, TD Manager, Acton

To get a loan, a few years ago, you pretty well had to own things—like a house, or bonds, or other securities.

Now, however, times have changed. And at Toronto Dominion, we're glad of it.

Today, when you come to us for a loan, we look at your earnings and expenses—or what we call your "Cash-Flow".

To work out your Cash-Flow, simply write down how much you earn, and how much you pay out in fixed expenses. What's left over is the money you can afford to spend, or save, or pay back in instalments when you want to borrow.

Cash-Flow is a realistic guide to how much you can comfortably borrow. It can put the things you want within your reach.

For help in working out your Cash-Flow, see us any time. We'll show you how you can put it to work to get those things that are important to you.
