Mr. and Mrs. John Hancock, Carolyn and Gregory are having a holiday at Jekyll Is., Georgia.

Mr. and Mrs. W. Cutler Sr. and Mr. and Mrs. Cutler and baby daughter visited Mr. and Mrs. Harmer in Brockville last week. Mr. and Mrs. Harmer have recently moved there.

Congratulations

Congratulations to all of our Grade 12 graduates whose names were recently published. We also noticed that Irene Fiedler, one of our local girls was one of the

Ontario Scholars at Acton High School. Nice going, Irene, from one of your former teachers!!

We were talking to Miss Kathryn Sinclair who has recently completed her course in pre-school child education. She attended Conestoga College the past year. Last year she had received her Bachelor of Arts degree at Waterloo University. Kathryn has taken a position for the coming year at the Y centre in Guelph where she will be teaching pre-schoolers of ages three and four.

Summer course

Mrs. Lloyd McIntyre is taking a summer course in child psychology and will be continuing in the same teaching position she held last year with kindergarten and grade one classes.

Mrs. Paul Metcalfe will be still teaching at Georgetown High School and spends her spare time outlining her courses in history and English.

U.C.W. service

The church service on Sunday was in charge of the U.C.W. Mrs. Norm Sinclair led the service and gave a prepared talk on love, references being made to Corinthians, "Though I speak with the tongues of men and angels, and have not charity (love), I am become as sounding brass, or a tinkling cymbal". How often our charity and love sermons are listened to and

understood but forgotten and seldom practised. How often a spoken word or cheery smile to a sad and lonesome person are not uttered. Minds are too cluttered with other affairs of the church or community and so an opportunity to show love and concern are missed. We wonder sometimes if that is why in so many of our churches the pews are empty.

It all is worth pondering on in our minds.

Dangers on bikes

We folk in Ballinafad are very concerned these days. We wonder if parents of small children who ride bikes up and down this Seventh Line realize the danger to them.

One day last week two of us here witnessed a tiny child fall off his bike across the road right in front of a car. Thank goodness the car was travelling at a slow speed. Then a tiny tot on a tricycle crossed the road right in between cars. Children just love to ride on the pavement, we know, but oh, how a tragedy can happen. Up until now it has only been our pets who are hit but we here in the village, hold our breath for fear of a child meeting the same fate.

I'm not just a "crank" about this but different people have asked me if I could offer a word of warning. Often, the car driver is not to blame.

IT'S GREETINGS from over home. Smiling happily beside Canadian hostess, Irene Turner of Eden Mills, are Mr. and Mrs. George Frances Nash of Godalming, Surrey, England, who arrived in Canada via 707 Pan Air last Monday, July 9 for a six week first trip to Canada. How the people live, places of interest, renewing acquaintances with their friends the John Turners, and a trip to Philadelphia to visit Rose Nash's brother and the English travellers are enjoying their stay and Canadian hospitality. The Nash's tell a story of first

meeting John Turner when he arrived in England as, reportedly, one of the first Lorne Scots with the British Expeditionary Force in 1939. After he and Irene took up residence in Thursley Village the two couples became very great friends when they visited back and forth to the Nash farm home. Although Irene Turner had visited in England only two years ago George and Rose Nash had not seen their young soldier friend John Turner since 1944 and the reunion was one of special pleasure. Besides getting to know Eden Mills, and tripping down to Toronto's Ontario Place, the couple visited locally and last Wednesday were delighted when they enjoyed a tour of the Rockwood Academy with Yosef Drenters and Murray Haig their special guides.

Abundant crop

Farmers are busy with the abundant hay crop these days. Our rainfall this past week was .21 inches.

Thank you for the memory of that wonderful evening of June 26th when I met so many students, graduates and friends at Milton District High School.

Thank you for the gift, flowers, telegrams, letters and lovely cards.

A very special thank you from Anne to all her many friends who worked so hard to make it happen.

Also a thank you to the students, their parents, the principals, vice-principals and staff (teacher, choral and maintenance) who down through the years helped to make the twenty-sevens at Milton High School, a delightful and rewarding experience.
