

Higgs- Masales wedding at Knox church August 4

NURSE CAROL Masales and teacher Peter Higgs were married August 4 and will be living in Brampton. (Photo by W. Stuckey)

Carol Anne Masales and Peter Daniel Denis Higgs were married in a double-ring ceremony in Knox Presbyterian church on Saturday afternoon, August 4. The Rev. Andrew McKenzie officiated and Ted Hansen played the organ. Piper Jim Lang of Brampton also took part.

Carol has just graduated from Credit Valley School of Nursing and will be employed at Peel Memorial Hospital in Brampton. She is the daughter of Mr. and Mrs. Earl Masales, Acton.

The groom is a teacher with the Peel County Board of Education and is the son of Mrs. Eileen Higgs of Orillia.

After a honeymoon in northern Ontario, the couple will be living in Brampton.

Spanish lace
For her wedding Carol wore a white gown of Spanish lace. Its full skirt of ruffled lace flared. The bouffant veil was held by a headdress of hand-embroidered lace petals and pearls. She carried a cascade of yellow sweetheart roses.

Matron of honor Cathy Smith of Guelph wore an Empire-styled yellow crepe gown with contrasting printed organza sleeves. She wore a matching picture hat of yellow straw and carried a colonial bouquet of white daisies with orange ribbon puffs and streamers.

The bridesmaids Gail Popplow, a friend from Credit Valley School of Nursing, and Mississauga; and Julia Higgs, sister of the groom, wore similar ensembles of mint green gowns and hats and carried white daisies and green ribbon puffs and streamers.

Mr. Masales escorted his daughter. Allen Brunton, Brampton, was groomsmen and John Wiancki, Mississauga, was the usher.

Reception
Acton Meadows golf course was the location for the reception when the wedding party welcomed guests from Brampton, Mississauga, Guelph, Port Hope, Orillia, Toronto and Scotland Ontario.

The bride's mother wore lemon and flowered chiffon with matching rosebuds in her hair and a white orchid corsage. The groom's mother wore lavender with picture hat and a matching orchid corsage.

Leaving the reception the bride wore a figured silk jersey halter dress, white accessories and white carnation corsage.

Made cake
The wedding cake was made by the groom's mother.

Before the wedding a shower was held for the bride-to-be by Cathy Smith of Guelph and Linda Perry of Acton.

Growing of house plants topic of Dublin speaker

Mrs. D. McKnight, Sixth Line, Nassagaweya, was hostess for the monthly meeting of Dublin Women's Institute last Thursday night with a good attendance of members. The opening exercises were conducted by the president, Mrs. C. Armstrong.

Roll call was called by Mrs. M. Hunter, secretary, and it was responded to by the wearing of a vegetable corsage (home made). This was quite a novel roll call and many showed an artistic touch with the fruits of the garden. Later, they were judged and Mrs. D. Appleyard was awarded the prize for the best effort.

Plan workshop
Several items came up for discussion in the correspondence. It is planned to have a district workshop on the Tweedsmuir history books on November 7. Further details will be arranged in the future.

4-H Project Leaders were

named with Mrs. F. Kirton and Mrs. W. Lasby being in charge of the seniors, and Mrs. F. McCarron and Mrs. J. Ismond of the juniors.

Reports were given by several of the chairmen of the Standing Committees.

Bus trip
The annual bus trip will be held September 5 as reported by Mrs. M. Nellis, convener.

With the fall fairs being held in the near future, Mrs. K. Smith, Mrs. H. Dodds and Mrs. E. Norton outlined the progress that had been made in preparing the exhibits for each fair.

Blankets gifts
A family in the neighborhood who unfortunately lost their home and contents in a fire recently will be remembered with a pair of blankets.

A course in creative stitching will be held in Milton on September 21 and 22.

As agriculture convener, Mrs. H. Besley introduced the guest speaker, John K. Hughes of the Horticulture Department, who is based in Brampton with the Ontario Ministry of Agriculture and Food. He gave a very interesting and enlightening talk on growing plants in the home. He spoke of the soil required, watering, the fertilizer, and the general care of the plants.

His talk was enjoyed by the ladies, after which a question and answer period brought out further problems that he was able to solve. He had a fine assortment of Belgian begonias which were later disposed of.

Branch honored
Mrs. M. Nellis, the Halton district president of the Women's Institutes, gave a very interesting talk on the work of the Women's Institute organization with special emphasis on the meaning of Pennies For Friendship. It was well received and the branch is honored to have the district president a member.

The social committee composed of Mrs. F. Kirton, Mrs. W. Lasby, and Mrs. K. Smith, assisted by the hostess, Mrs. D. McKnight, served a dainty lunch. Mrs. M. Hunter was courtesy convener.

To open new synagogue for Halton-Peel Jews

The first new Jewish community in Canada in 30 years is being built in Mississauga around the new synagogue, "Shalom" (pathfinder) where services will begin, Wednesday, September 26, the first of High Holy Days.

Glen Erin Hall, on Mississauga Rd. at Dundas St. is being used as a temporary synagogue until a permanent location can be found. There are presently only 30 families from the Halton-Peel area in the congregation, but it is hoped more families from the

North Halton area will become members. The only other synagogue in Halton is located in Oakville.

A religious school for children of members of the congregation will also begin in October following High Holy Days.

Rabbi L. A. Englander is in charge of the synagogue.

Persons wishing more information about the new community may call Jack Krane at 457-2995 or write him at 49 McMurchy Rd., P.H. 8, Brampton, Ontario.

Grade 3 Corine Conley 85 per cent.

Pupils of Bonnie Beer

Grade 1 Mark Hill 100 per cent, Bachele Hill 100 per cent, Paul Hill 100 per cent, Dale M. Sylvester 100 per cent, Lois Sylvester 100 per cent.

Grade 3 Elizabeth Presley 92 per cent.

Pupil of Barbara Champion:

Grade 3 Sandra Duncan 96 per cent.

Homemaking club will begin soon

The next 4-H Homemaking Club project in Halton will be starting in September. Any country girls 12 years of age or over who would like to join the 4-H Club should contact their local leader, or the Ministry of Agriculture and Food in Milton now, to indicate their interest.

The objectives of the project "Accessories for the Bedroom" are to develop pride in one's own room, and to give an opportunity for self-expression, by planning and making bedroom accessories.

Make bedspread
Members will have a choice of making either a bedspread or three small items such as a cushion, bulletin board, and wastebasket. The craft of Italian hemstitching will be taught.

4-H Homemaking Clubs may be formed in any neighborhood with two leaders and four or more girls. The leaders are asked to attend a two-day training school to be conducted by the County Home Economist on Sept. 11 and 12.

Sept. 12. New members and clubs are always welcome.

Estabrooks East

Evans Estabrooks, Fruit and Vegetable specialist for the Ontario Ministry of Agriculture and Food has resigned his job as of this week and accepted a position in Sussex, N.B.

Get ready

Staff members are busy at the high school preparing for school opening again.

By Wendy Thomson

July 29 was my birthday, and my brother brought over a couple of neatly wrapped books. We're real book fiends in our family, but what I spent most time with at first, was the wrapping paper. It was covered with household hints, and I felt it would be a shame to just chuck it out.

So here they are:

1. Cream that won't whip. Add three or four drops of lemon juice or a bit of plain gelatin powder. May make all the difference.
2. Kitchen burns. Vanilla applied to burns will help; so will bicarbonate of soda mixed with water.
3. Oiling your sewing machine. Sew through blotting paper several times before sewing fabric, to blot up excess oil.
4. Garden tools. Paint handles a bright color. Easy to recognize as yours if neighbours forgetful or confused as to ownership.
5. Salt. Never double salt if you double a recipe. Use half as much again and taste.
6. Furniture scratches. If dark wood, rub cut walnut on scratch. Probably won't show as readily.
7. Lost and found drawer. Reserve box or drawer for all out-of-place objects such as odd keys, single earrings, found screws from gadgets, nail clippers. Saves aimless looking and keeps clutter in one known place. (That's a laugh)
8. Kindling. Save waxed cardboard cartons and candle stubs. They kindle quickly.
9. Tying parcels. Wet string first. Will dry taut.
10. Melt hard butter quickly by shredding into a warm bowl.
11. Rust stains in bath. Rub with a little kerosene.
12. Adhesive tape marks. Removes easily with nail-polish remover.
13. Extra flower holders. Punch holes in potato, apple, or suitable vegetable. Cut in half. Put cut side down in bowl or deep dish.
14. Grind nuts faster by crushing them between sheets of wax paper with your rolling pin.
15. Find your car. In crowded park, tie bright flag or pennant to radio aerial.
16. Splinters in children. Anesthetize partially with ice-cube; deadens sensitive skin reasonably, effectively.
17. Buttons. Buttons stay on longer if you coat centre of each with colorless nail polish. It seals the thread.

Paddles first

Twelve year-old Kim Jackson of Tyler Ave., Acton, showed she could paddle with the best of them Saturday by coming first in the canoe race for 14 years and under at the Port Sydney regatta. The Jacksons were visiting in the area for the weekend.
