- 2 years on the Minor Sports Executive.

I would ask for your support as I feel it is of the utmost importance that we in the Town of Acton have a strong representation to ensure that the interests of the people in the new ward of Acton are presented and dealt with fairly and in the most economical way. Very often we find the larger we grow, the more costly it is to operate, and if the press reports are correct that the new region would employ some 1,500 people, we could find our taxes increasing substantially.

It would be my intention as one of your local council representatives to work to provide the best possible services at a minimum cost.

Your support on Monday, October 1st, 1973 would be much appreciated.

Thank you, Bob
