Jewellers,
we too, are thinking about
Christmas

**We are thinking
about...**

- ... the 14K gold or sterling silver pendants and earrings that have just arrived.
- ... the new display of Rembrandt silver charms that add to our selection.
- ... that family ring or brooch or pendant should be ordered now to avoid a last minute scramble.
- ... the watches, the rings, and the many other gifts that will help to make people happy this Christmas.
- ... we are thinking you should come in and look around, then use our layaway plan, it won't cost any more.
