

**GETTING SKATES ON** to move off to a phys. ed. period of outdoor skating at the Rockwood ice rink are students of Centennial public school. Tying up boots are Susan Wood, Tammy Keane and Tommy Wurr, with Susan Millson and Sherri Crimmings watching proceedings.

**HE SWINGS... HE SCORES...** and Centennial students, under guidance of teacher Bob Love, are seen enjoying an exciting game of outdoor floor hockey on the local Rockwood rink. With a variation of playing skills boys and girls are mastering the art of skating and the school hour periods are giving them new confidence as well as supplying healthy fresh air activity.

## Singsong contest at UCW meeting

The Jan. meeting of the Stone United Church ladies was held as a luncheon at the home of Mrs. A. Pinder in Guelph on Tues. Jan. 9 with a large number of ladies attending.

Rev. Ralph Williams opened the meeting with a psalm after which new officers were installed.

Several matters of business were discussed, including reports of flower committee, Eden Mills Nursing home birthday party which the Stone UCW will be convening, and the church Family Night to be held Mar. 20. The ladies had been asked to cater to the

Rockalong Women's Institute dinner on May 15 and the arrangements on that matter of business were also discussed.

**Highlights**  
Roll call was answered with highlights of 1973 after which Mrs. C. Swanston presented two readings, the New Year and Jan to the occasion. A sing song in the form of a contest was a highlight of the

afternoon's program with Mrs. E. May making her contribution with a poem Cure for Colds and Mrs. E. Barber read one entitled Colds.

As well as the regular UCW members, five visitors also attended the meeting. Mrs. Pinder was heartily thanked for her hospitality and opening her home by both Mrs. Barber and Mrs. H. Peart after which prayer concluded the meeting.

## Update pay

Matters of business at last Jan. 9 trustee meeting included street light replacement and a request to the Ministry of Transportation for flashing lights (amber and red) to replace the present yield sign with a Stop sign at the junction of No. 7 and Main north.

The trustees also moved to increase under a by-law village employees' salaries 10 per cent with casual labor moving up to \$2.75 per hour and village foremen \$3.40 per hour.

## Conservation

To promote conservation education in Grand River valley high schools, the Grand River Conservation Authority is offering schools, free of charge, a variety of programs and resource materials such as films, brochures and slide talks.

The salary of the board of trustees secretary Len Hockey was updated to \$4,900 per annum. As well as board secretary the position also includes manager and secretary-treasurer of hydro and secretary-treasurer of cemetery board.

## The income tax help system and how to make it work for you.

As you know by now, we changed a lot of things last year. We gave you a new return, a new Guide, several new deductions and a few new rules. And quite honestly, we were more than a little concerned about your reaction to it all. (And very, very interested in your opinions.)

Well, now that we've had time to really look back at it and assess it honestly, it appears that most taxpayers did not seem to find it too difficult. The error rate did not accelerate greatly or change drastically from former years. Generally, most taxpayers seemed to handle their new returns fairly well.

However, income tax will never be the easiest or most enjoyable thing in anyone's life. And it will always present problems in some areas. And that's expected and understandable.

So what we want to do now is really work on those problem areas. And the best way to do that is to work with you, individually, on whatever part of income tax that causes you difficulty.

And that's what April Aid is all about. It's a help system and its primary objective is to ensure that whenever or wherever you need help with, you can get it. And know how to get it.

And this is how it works:

First, Your Guide is always the best answer when you have a problem. Read it. Follow it. It not only gives explanations, but in many cases, examples of just how to figure something out.

Second, If you're still confused or something just doesn't seem to work, phone. The number of your own District Taxation Office is below and at the end of that number there are people whose only job is to help taxpayers with problems, by telephone. And on Mondays and Tuesdays phone lines are open 11 p.m. So don't hesitate. If you live outside the office area, call the Operator and ask for Zenith 4-0000. She will automatically connect you to your own District Taxation Office. Remember, all calls are free, all questions are answered, and if you have queries, we want you to call.

Third, Some people prefer to talk things over in person. If you're one of them and have problems, drop by for free help. Anytime. The address of your District Taxation Office is below.

Fourth, Write. To the address below. Explain your problem as clearly as possible and include all information. (And your return address, please.) In return, we'll answer all letters as quickly and clearly as possible. Remember—if you need help, it's there. (And free.) And all you have to do is ask.

## AIRPORT INQUIRY COMMISSION COMMISSION D'ENQUÊTE SUR L'AÉROPORT

**Notice of Hearings**  
THE AIRPORT INQUIRY COMMISSION will hold Organizational Hearings on:  
Wednesday, 20th February, 1974  
Thursday, 21st February, 1974  
Friday, 22nd February, 1974

for the purpose of organizing Public Hearings to receive evidence in respect to the matters set out in Order in Council, P.C. 1973-3026, dated 5th October, 1973.

### Hearings at Malton

On Wednesday, 20th February, 1974 the first Organizational Hearing of the Commission will be held at:  
Howard Johnson Hotel, Dixon Road and 27 Highway, 8:30 p.m.

The purpose of the Hearing on this date is to determine the procedure that will be followed at the Public Hearing and the role of any Council at such Hearing in respect to the following matters:

The Government of Canada has made forecasts as to the volume of passenger, air-cargo, and aircraft movements in the central Ontario market to the year 2000. On the basis of these forecasts, (without receiving any new evidence at this time as to the validity of these forecasts as such evidence will be received at subsequent hearings), in relation to the following questions of fact, is there any new evidence that Toronto International Airport, Malton, can be expanded or reconfigured within present boundaries to meet all reasonable needs to the year 1980, to the year 1990, and to the year 2000, that is to say:

1. Can the forecast growth of air traffic be met without increasing the number of people affected by noise disturbance from aircraft?
2. Can the runway capacity be extended to meet the forecast growth of air traffic?
3. Can the terminal capacity be increased to meet the forecast growth of air traffic?
4. Can ground access be provided to meet the forecast growth of air traffic?

The Commission will commence its Public Hearing on the above questions on:  
**Monday, 18th March, 1974**, Howard Johnson Hotel, Dixon Road & Highway 27, 6:00 p.m.

Evidence statements in respect to the above questions should be filed on or before 4th March, 1974, in accordance with the Commission's Practice and Procedure.

### Hearings at Pickering

On Thursday, 21st February, 1974, the second Organizational Hearing of the Commission will be held at:  
Pickering High School, Church St. North, Town of Pickering, 8:30 p.m.

In respect to the following questions:  
In relation to the following three questions of fact, is there any new evidence to prove that the site near Pickering, Ontario, is not suitable for the new International Airport for the central Ontario market, that is to say:

- (1) Is this site not suitable because of the number of people that will be affected by noise disturbance from aircraft?
- (2) Is this site not suitable because of regional economic effect?
- (3) Is this site not suitable because of total environmental effect?

The Commission will commence its Public Hearing on the above questions on:  
**Monday, 8th April, 1974**, Pickering High School, Pickering, Church St. North, 6:00 p.m.

Evidence statements in respect to the above questions should be filed on or before 25th March, 1974, in accordance with the Commission's Practice and Procedure.

### Hearings at Toronto

On Friday, 22nd February, 1974, the third Organizational Hearing of the Commission will be held at:  
Council Chamber, Old City Hall, Queen Street West, Toronto, 2:30 p.m.

In respect to the following matters:  
The Government of Canada has made forecasts as to the traffic volume of passenger, air-cargo and aircraft movements to the year 2000. The questions for consideration are:

- A (1) Is there any new evidence as to what is the expected maximum passenger traffic volume in the domestic, trans-border and international air traffic markets for the year 1980?
- (2) For the year 1990?
- (3) For the year 2000?

No evidence will be adduced or admitted at any Organizational Hearings, but the conduct and procedure for each Public Hearing will be established.

The Public may file, in writing, suggestions for any additional topic or questions within the terms of reference prescribed in Order in Council, P.C. 1973-3026.

Representation by counsel and all other information in connection with the Hearings is contained in the Commission's Practice and Procedure, copies of which may be obtained, free of charge, at the Commission's offices as noted below.
