Headplu Hillites It's a new eight pound, four ounce baby girl in the Bruce (Mr. and Mrs. League) Rody household. Congratulations-with the regular bowling season drawing to not toss a few archids to the league executives, in the majority of cases the leagues functioned very well which speaks well for the executives. Of course you always have the odd griper for who nothing satisfies. Why these oddballs bawl in a league I'll never know, but they do -a word about the forthcoming elections. Choose your candidates well and make sure if nominated they will stand for election. Too often you get a raft of nominations and also a lot of decliners, so read, heed and be guided by same-that winds it up once again my friendlies, so adios, amigus and goodnite. Concord City.

### Jr. Farmer bowlers champs

Halton Junior Farmers girls' bowling team emerged champions at a provincial final held in Sarnia Saturday and the five-member team

returned home with gold medallions. The team, which competes in the HJF league at Milton Bowlaway every Monday night in the winter months, had earned the right to represent this area by winning

February, where they edged out six other teams. At Sarnia they competed against five other teams in a five game, total pins show down. Halton racked up 3,900 pins for the victory.

Halton bowler Donna Hamilton had a 296 single which was the highest of the Norval, Acton girls

Members of the girls' team are Mary MacDonald, Donna Hamilton and Heather Hyatt, all of the Norval club, and Judy Rody of the Actor club. Spare is Sharon Henderson, Iso of Acton.

Halton's men's team also went to Sarnia Saturday hop-

ing to defend the provincial crown they won last year, but placed second to Norfolk bowlers. Members of the men's team were Ernie Alexander, Don Hamilton, George Henderson, Garnet MacDonald and spare Harvey Burt. About 17 Junior Farmers from Halton attended the fin-

#### the zone finals in Alliston in Won't petition on subjects

The Halton Board of Education will not petition the Min-istry of Education to increase the number of compulsory subjects that are necessary to complete requirements for a secondary school graduation diploma.

The board came to that conclusion after receiving a committee report. The report indicated there would be little benefit to students forced to take math or physical fitness and secondly, affirmed the belief that students in concert with their parents and principal should select the courses they wish to take.

## "No Taxation Without Representation"

-a railying cry for freedom with responsibility in another day, may be appropriate to the predicament of parents and tax-payers in the Halton region and in Ontario today!

-Does the Board of Education exercise effective control in behalf of the people over the educational bureaucracy?

-Have the new regional structures emasculated the Trustees?

—is public education being run by an unresponsive and irresponsible bureaucracy of "overpaid, overbearing" officials?

-Has the individual parent and tax-payer been shorn of any decisive influence on the direction of our public educational system?

"The 800 folks who came to Milton for the Halton Renaissance Rally...and countless others who didn't...share the fear that something is seriously wrong with the costly system that supposedly educates our children....They want to know what has happened. They want to know why. And they want things changed. After all it is their children who are the victims...They deserve some answers—not the self-righteous protests of insulated administrators, nor the selfseeking posturing of teachers' associations.
