**Ulster is bomb-weary**

By Doris Fines

Mrs. Barrie Clark has returned home from a five-week holiday in Northern Ireland. She was visiting her aunts, Miss Lillie Wylie and Miss Annie Wylie, in Bellaghy, County Derry, also some cousins. A bomb went

off a mile from where she was staying, and blew up a fence and made a hole in the road. She spent five days in Belfast, but everything was shut down and quiet there. She says the streets are guarded in all towns, you cannot drive wherever you like, just through the main streets, and you cannot leave your car unattended. No one is allowed to go shopping alone. The day after she left a bomb landed close to the building she was in. Mrs. Clark also spent nine days in England before coming home.

Rev. David Bowring of Oshawa delivered the sermon on Sunday morning to the congregation of Knox Presbyterian Church. There will be no services in Ospringle for the month of July, but worship will be resumed August 4.

Clarence Denny took his bus drivers to Toronto on Thursday, where they spent a very pleasant afternoon. They visited Ontario Place and saw the film of 'The Volcano in Iceland, and a comical film on bus drivers. They also went to Toronto Dominion Centre, Yonge Street Mall, and across to Centre Island.

Brownies of the 1st Ospringle Pack and their leaders, went on a picnic to Story Book Gardens in London. It was their lucky day, as it happened to be the anniversary of the Gardens, and everything was free, including free ice-cream.

**Rain and weevils**

The cost of milk will quite likely rise next year because almost continual rain and an invasion by weevils is causing havoc for Halton Hills farmers during their hay harvest. In fact the problem is serious right across Halton and Peel.

Most farmers have cut their grain but because it is so wet it cannot be gathered. Those who are taking the chance of leaving it standing in the hopes of dryer days ahead are seeing it eaten by alfalfa weevils.

"I see things as being very grim for feed next winter. It's quite possible that a lot of farmers will pack up and go out of business," Wilfrid Leslie, a Halton Hills farmer, said.

**Norval school closing regret**

By Mrs. Richard Shorthill, Sr.

We welcome back from their honeymoon the newly-weds, Mr. and Mrs. Harvey Burt. Many good wishes and congratulations are extended to them. We are happy indeed to have them living here in their new home on the Sixth Line. Harvey has lived here all his life, and we are pleased that he and his bride have decided to make their home among us. We hope they will enjoy sharing in our community life.

Graduates Ballinafad community graduates of Brisbane school included the following: Danny Wright, Craig Thompson, Steven and classrooms for Norval boys and girls. We congratulate those Norval people for their

outspeken stand. So school closed for all on Wednesday, June 26. In Donald Saunders, Jacqueline Koperdraad, Karen Kirkwood and Ann Gales.

Highest points for athletic events went to Alan Gales and Susan Greatrex. The Coningsby W.I. award went to Sharon Burt.

Visitors Mrs. Blanche Miller and Mrs. Sam Cotter visited relatives in the community. They had a visit with the Marshalls.

Mr. and Mrs. Cotter are moving to Jamaica.

Closing We cannot help but put in our little word of regret at the closing of the Norval school. It seems just yesterday it replaced the old brick structure there and seemed modern and just a fine group of sunny

former days pupils could not possibly be let out until June 29, and then not until after 2.30 p.m. Last days were spent reviewing exam papers and explaining difficult questions. Oh well, just another oldtimer expressing her regrets!

Returns home Mrs. Archie McEnery was able to return home on Thursday, after a convalescence at Mrs. Waidie's rest home.

Rev. and Mrs. Stiles will be enjoying a trip to the east coast for their month's vacation. There will be a service each Sunday in July, however, at the usual time.

Mrs. Catharine Matthews has been having an uncomfortable time with her asthmatic condition and has spent some time in Georgetown hospital. There seems to be a grass or weed this time of year that causes much suffering for those who have allergies.

Community lawns The lawns around the community are lovely and green. Freshly mowed and rid of the yellow dandelion

carpet they make the homes around here very attractive, the corner cemetery lot included.

We see a new house built on the property formerly owned by Robert and Margaret McEnery — in the field next to Matthews. That makes at least seven new houses being built north from Ballinafad on the Seventh Line.

At Brisbane school on Wednesday at the closing Jack Hancock received the Ken Howell award for academic standing. Dina and Sandra Hancock also received athletic awards. These were among other awards presented.

They are the children of Mr. and Mrs. Dick Hancock.
