

# SHELVING

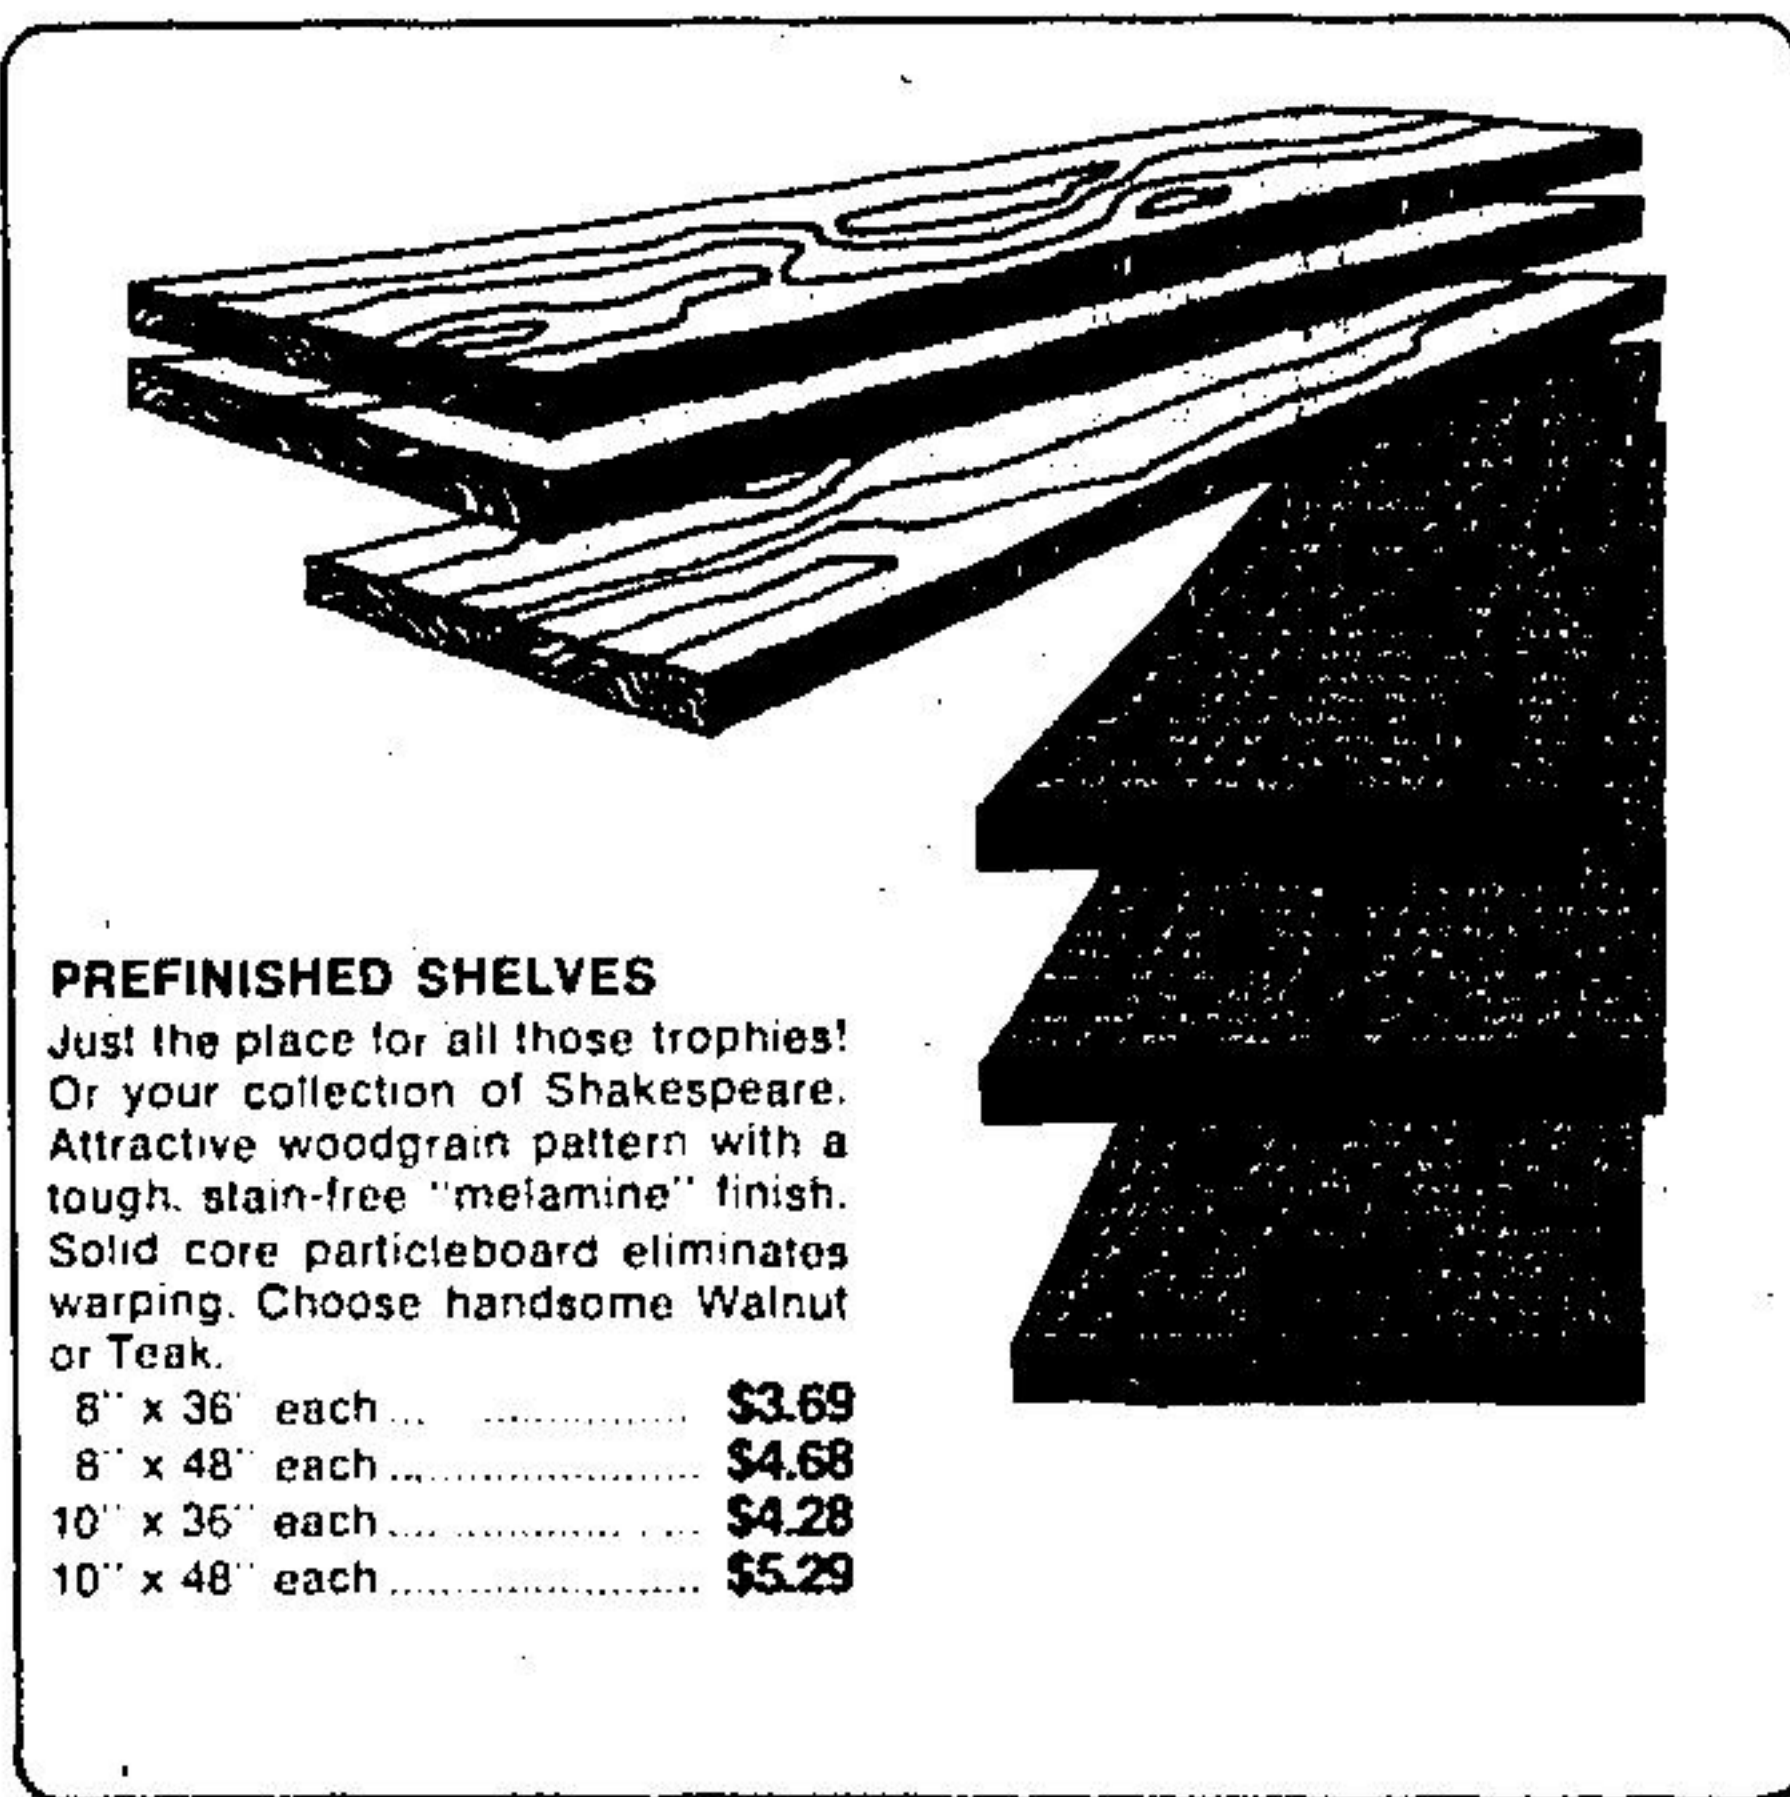

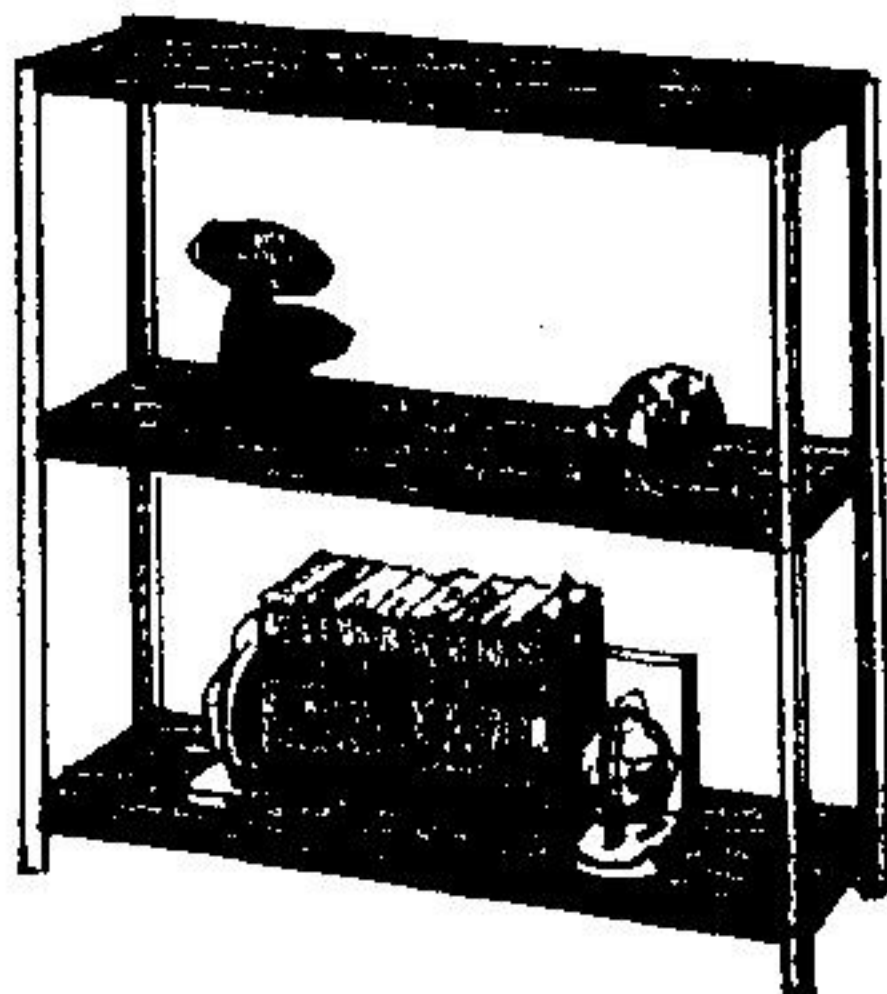

Shelves are the original space-savers. For Dad, they're great things to have around the workbench. Mother appreciates them in the kitchen, sewing room, bathroom and laundry room. And every student knows they're the best place for books. If you're just beginning to explore the world of do-it-yourself, shelves are an ideal 'first lesson'. We've got lots of styles. Here are just 2 examples.

## QUAKER METAL BOOK SHELF
