TILT-A-whirl rides seem to be the most popular with everyone, perhaps because it is one of the few rides which does not leave the ground. When the Halls Bros. midway arrived in Acton on Monday, it did not take long for word to get out to the school children. Within minutes of school being dismissed, the fairgrounds were invaded. The rides will be set up on Thursday, ready for operation on Friday.

Town plans to have seminar

The entire Halton Hills council and department heads will hold a seminar in the near future to draw up amendments they would like to see made to Ontario Bill 151 which sets up Regional government in Halton.

The Ontario Government is allowing the Region to propose any changes they would like to see made to the legislation governing them. The Region has already done some study on the question and one of their suggestions is that water and sewer control be given back to the individual municipality and not the Region.

"Other municipalities are looking at changes they would like to see and I believe the Province is open on this topic," Councillor Ric Morrow said.

Morrow also suggested that Halton Hills send its suggestions directly to the province since the Region wouldn't do anything about it. "By the time Burlington and Oakville have their say it won't matter what we think," he said.

86. REAL ESTATE

Auto firm on strike

A large number of Halton Hills residents found themselves off the assembly line and on the picket line when American Motors, Brampton went out on strike on Sunday night.

The 900 members of U. A. W. local 1285 voted over a week ago to go on strike in an attempt to gain wage parity with the big three of the motor industry, Ford, G. M. and Chrysler.

The Brampton plant makes Gremlins and Hornets and the base pay is \$4.80 an hour. Bargaining talks are taking place in Milwaukee.
