

### Hornby site sought

Is a harnessmaker shop an agricultural or commercial use? Councilor Len Cox raised the question, Tuesday night at Halton Hills planning board meeting.

Rennie Baber wants to build a harnessmaking shop on Steeles Avenue, next to A.R.C. Industries, on land now zoned agricultural.

Cox said he would like the planner to find out some answers, and wondered if it was an agricultural or commercial use.

Planner Mario Venditti said most saddle businesses are in commercial zones, as a special use.

Cox said he would like more information on the type of operation and the exact location before any decision is made.

The planner will investigate the proposal.

### Permits down last month

The winter slowdown in building is reflected in the November building report which shows only \$275,699 in building permits issued.

Only four house permits were taken out in November for a total of \$166,000. Alterations accounted for \$70,050.

Despite the cold weather two permits for swimming pools were issued, bringing the total for the year to date to 153.

The town collected \$695 in fees from the permits, this month, while in the 11 month period since the beginning of the year the town has added \$32,297 to its coffers from permits.

### Behind a closed door

Al Pilutti wanted to talk to council about the extension of sewer lines to land at the top of Stewarttown hill, but he wanted to talk in private.

It was a battle, but he won and the discussion was held behind closed doors.

Councilor Ern Hyde opposed the "in camera" session, claiming there should be a better reason to close off the press and public than someone just asking for it.

Councilor Ric Morrow said sometimes a developer has to discuss land acquisitions which should not be made public at that time, so he favored the closed meeting.

Councilor Len Cox agreed, saying, "Eaton's doesn't tell Simpsons and I can understand that."

Only Councilors Hyde and Howitt opposed the in camera session.

### Council kills citizen group

Halton Hills council by a one vote margin voted the Planning Administration subcommittee out of existence late Tuesday night. The committee, in existence since the beginning of the year, is made up of ratepayer appointed taxpayers.

### Fence up at museum

A \$40,139.75 contract has been awarded to Fusco Construction Limited, R.R. 3, Guelph, for the construction of a six foot chain link fence with gates, to enclose the site of the agricultural museum near Milton, Halton East MPP and Minister of Government Services Jim Snow announced.

Fusco Construction submitted the lowest of four bids received, the high being \$45,768.

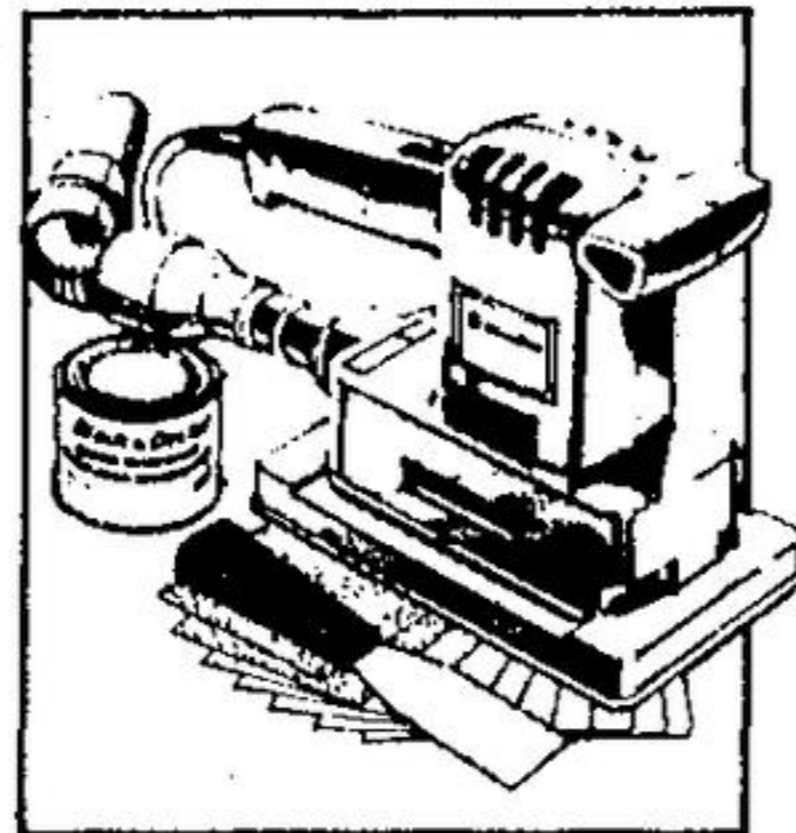

The museum building (stage 2) is now under construction for the Ministry of Agriculture and Food, and the fencing represents a portion of stage three, which is concerned with developing the rest of the 92-acre site at Kelso and south of Highway 401. The fence will provide security for historical farm buildings, equipment and artifacts.

Work on the contract is now underway and is expected to be complete by the end of the year.

### Black & Decker Sander Kit

Ideal starter kit. Includes deluxe dual action sander (4000 SPM, OPM), dustless attachment, 10 pieces sandpaper, wood filler. #5733.

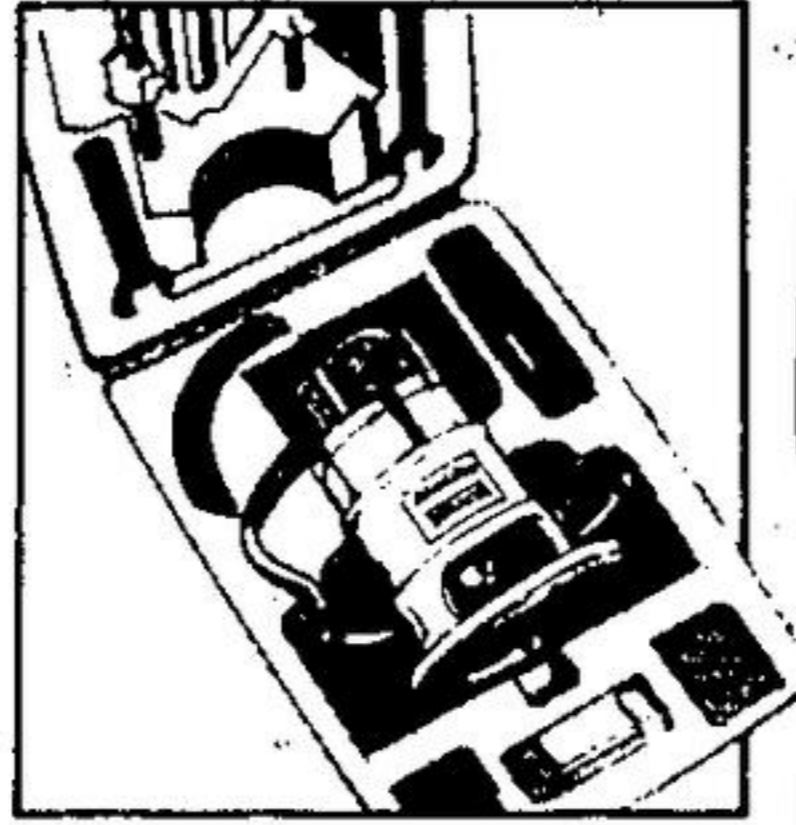

**24<sup>88</sup>**

### Black & Decker Router Kit

For those special finishing touches. Includes 3/4 HP router, 2 wrenches, combination guide, 1/4" high-speed bit and carry-case. Model #7611.

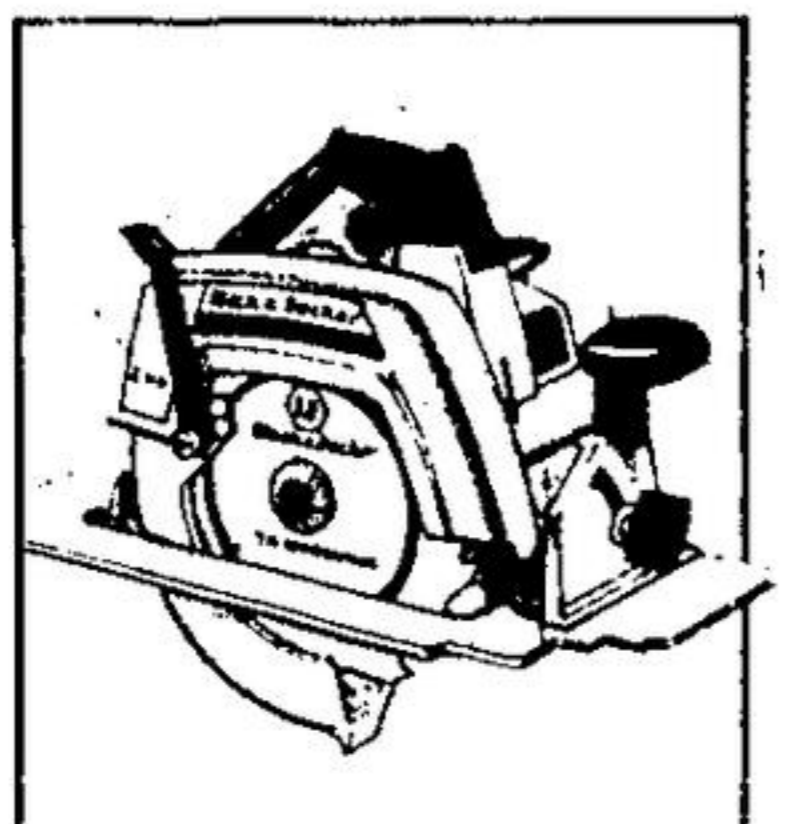

**48<sup>88</sup>**

### Black & Decker Professional Saw

5200 RPM 7 1/4" circular saw with ball and roller bearings for long life. Improved burnout protected motor. Auxiliary knob for greater control. #7340.

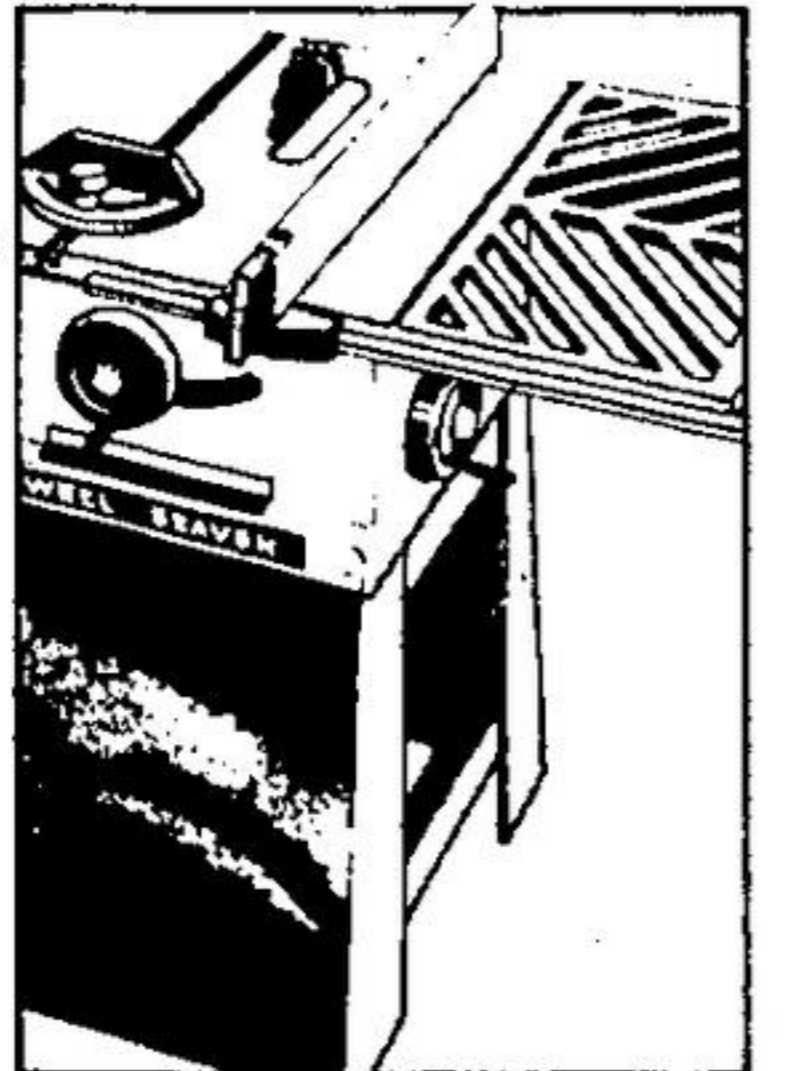

**57<sup>77</sup>**

### 9' Rockwell Table Saw

22" x 38" table with extension. Up-front fence and blade control. Ball bearing construction. Cuts 2 1/4" stock at 90°. Model 6201B. Motor extra.

**189<sup>95</sup>**

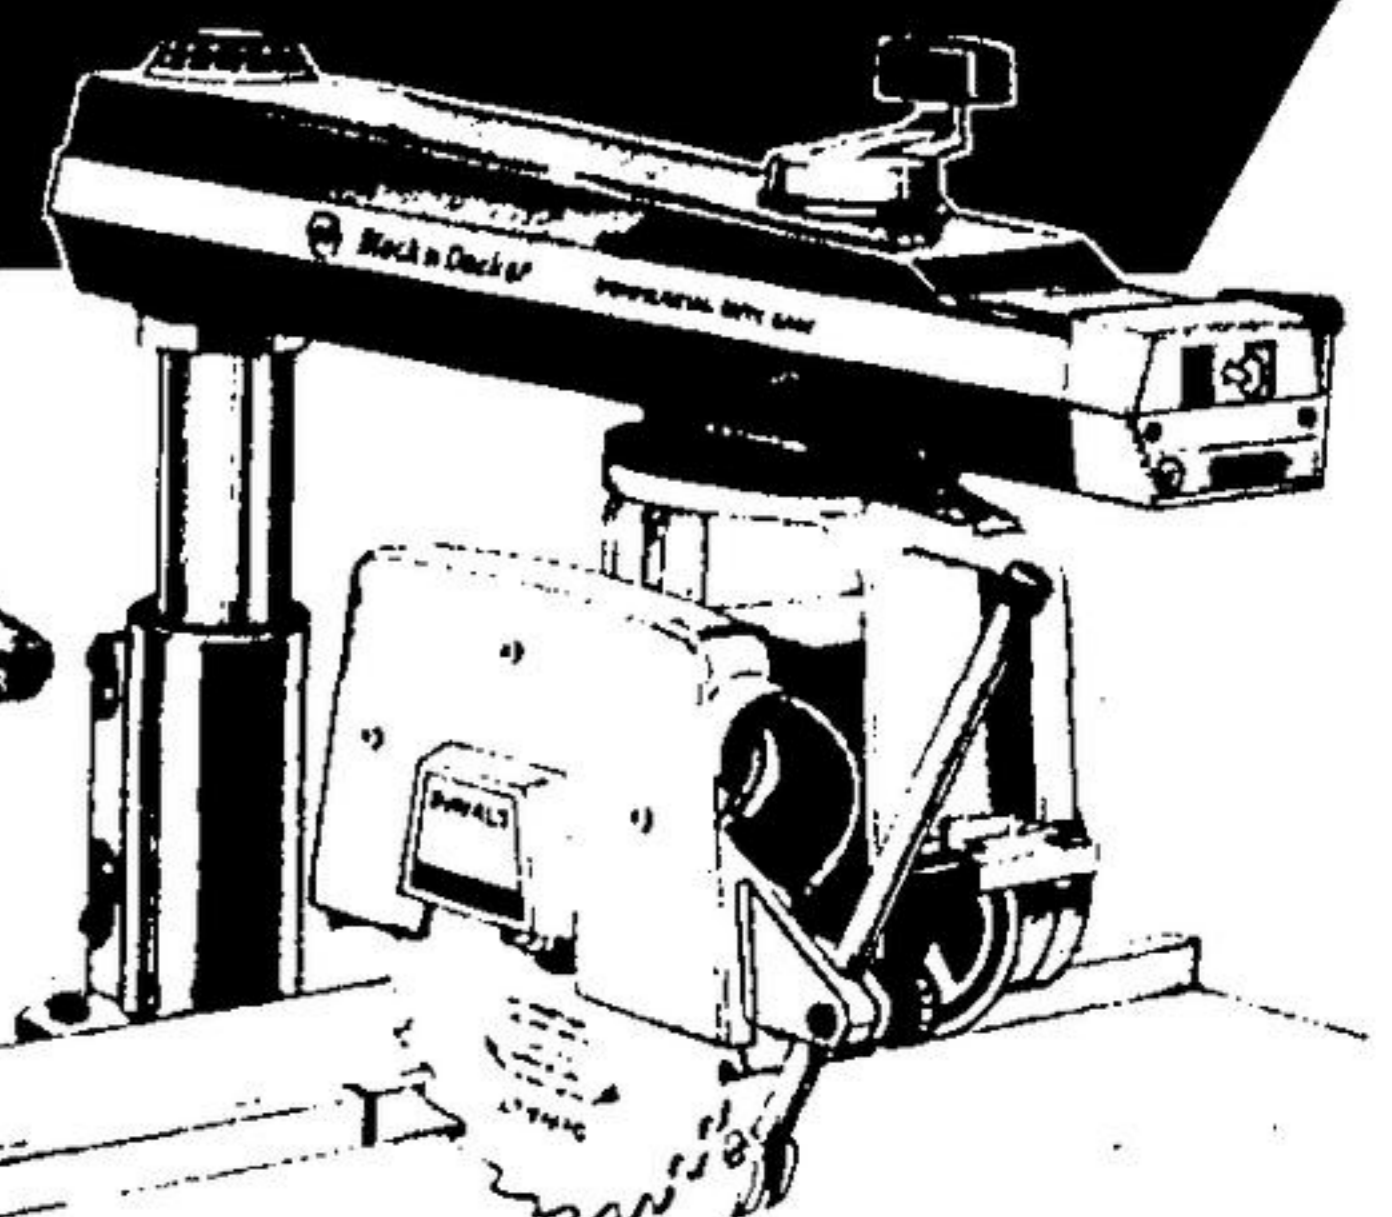

### Black & Decker 3/8" Drill Kit

Variable speed reversing drill gives perfect speed for the job, plus backs out screws. 16-pc. kit comes complete with sanding discs, drill bits, wire wheel brush and more. Ask for the perfect gift.

16-PC. KIT, ONLY...
