For suede brush ups

There are five different surfaces on a ruffy little suede cleaning brush at Sweetman's Shoes. It's specially designed for cleaning up the different parts and angles of your blue suede shoes (or any other color). \$1.59 is the price for this surprise in the stocking.

I Love Me for a nickel

Jacque's Smoke Shop has something for a nickel — and you don't find that much any more! Here you can buy a less-than-magnificent ring which declares "I Love You" for five cents. This one was the pick of the group.

They also have some monster banks sure to delight anyone with a fondness for the horrible.

At First Line Television, they have compact cassette blanks at \$1.99. Or how about a Mexican pants patch for Canadian jeans. They're just 50 cents and as gaudy as you could wish.

Mrs. Ed. Watson

Watson's Music Store has the ideal gift for the little one with lots of hot air to blow off. Hum-a-zooes sell for 45 cents

The jeans scene

Jeans are everywhere, and at Moss Hardware there is a reputation in a little clutch purse that Wayne Moss recommends as a good stocking stuffer. The blue denim purse with jean-type stitching can be used as a wallet, pencil case, make-up case or what-have-you. They're \$1.25.
