by Mrs. R. Shortill Sr. A pleasant meeting place was the Masonic Hall, Hwy. 7, when friends and acquaintances gathered to extend best wishes to Mr. and Mrs. James Kirkwood. The occasion was their Golden Wedding Anniversary, Saturday, March 15.

Although living Georgetown the past several years we always thought of them as our Ballinafad people. Their "roots" were here among us. Their church efforts were outstanding. The chopping mill and their house next were built by Jim on the old corner hotel foundation. This corner was an eye sore grown up with brambles and burdocks. By his foresight and ingenuity, he constructed the mill, so instead of a cold team and sleigh drive to Acton, Erin or Stewarttown for chopping grain, we far mers had one right here on the corner. Then he built a house next where Jim and Mildred raised their family. Shirley and Rev. James Kirk-

Service on Sunday was well attended. The adult study group and the session are meeting this week. Also the regular U.C.W. meets on Tuesday night.

Another quilting is held Monday-a call for quilts and good used clothing has been received for a family. The Erin Public Health Nurse called and was able to pick up some but none are needed for teenagers, good jeans, shirts, costs etc. We are quilting two quilts today and Monday. A little item on our church

calendar-in January, five hundred thousand dollars was sent from the Moderator's Hunger Appeal through the World Council of churches to Bangaldesh. The World Council is now embarking on a long term eight million dollar Agricultural Development project.

We are all pondering on meaningful ideas for the 50th celebration of the United Church Anniversary. Injured
