

Milk in bars?

Proposed changes in liquor regulations that will require bars to serve a variety of drinks, including milk and coffee, are welcomed by the Ontario Federation of Agriculture.

"Milk in the bar is a good idea," Gordon Hill, OFA president, said in Toronto today. "Bars are convenient places for people to congregate but alternatives to alcohol should be available, particularly in a highly mobile society that depends greatly on the automobile."

The Addiction Research Foundation says the trend in the past five to six years has been toward going out to drink in a bar or pub. This is particularly true for young people.

Ask Burlington riding

Halton Regional Council will ask the provincial legislature not to increase the size of the proposed urban Burlington riding beyond what was set out in the original proposal.

Originally the proposal concerning Halton Region was for three ridings, being more or less Oakville in one, Burlington south of the QEW and Highway 403 in another and the balance of the region in the third.

The resolution forwarded by councillors Tom Sutherland and Ted Ralfe indicated there was some suggestion that the boundaries committee might further enlarge the urban Burlington riding by moving the northern boundary from the QEW to Upper Middle Rd.

No budget as yet

The Halton Hills Public Library Board will have to wait until the town receives its 1975 budget before any budget for the board can be set up.

That was the decision of Halton Hills Finance and Personnel committee at Monday evening's meeting. The committee also reached this decision because of many other budgets they have before them, also waiting for a decision.

30 ministers baptized Sunday

"Mankind is rightfully concerned about the future; many leading experts warn that the human race may be killed off as a result of its own weighty problems—overpopulation, famine, pollution and international wars," stated Keith McCann, district supervisor of Jehovah's Witnesses.

Mr. McCann's Sunday discourse, entitled "Stand Still and See the Salvation of Jehovah," was attended by 1,635 persons.

The theme of the assembly, held April 12 and 13 in the newly constructed Assembly Hall at Norval near Brampton, was "have we kept our senses and been watchful?"

Jack Perry, local presiding minister, felt the assembly impressed upon each one the importance of putting their complete trust and confidence in God, especially as world conditions worsen.

Another highlight came Sunday when 30 new ministers were baptized by water immersion.
