

3 tenders accepted

Halton Hills council accepted tenders for three projects valued at more than \$140,000 at a meeting on May 21.

The biggest contract went to Graham Brothers Construction, Brampton, for the reconstruction of Raylawn Crescent. The tender, which was the lowest submitted to the town for the project was valued at \$97,757.63.

Council accepted the lowest tender, submitted by Dominion Paving, Weston, for road building materials. Dominion Paving will supply Halton Hills with sand, gravel, asphalt and other road building materials at a cost of \$37,700.

The third contract was awarded to Provincial Pavement Markings, Niagara Falls, who will put down road line markings in Halton Hills at a cost of \$6,426.

Board expansion \$1,000,000

Plans for a major addition to the administrative headquarters for Halton Board of Education were presented to trustees Thursday night. Superintendent of Business and Finance Bruce Lindley said the estimates for the building addition had come in under the \$1,000,000 budget figure.

The expansion will involve construction of an enlarged board room, a trustees' lounge and an office for the chairman. The plan shows a round board table with a pit or recessed area for recording secretaries in the centre of the circle.

GORGEOUS PLUM blossoms smothered this typical spring tree at the home of Mr. and Mrs. Frank Simioni.

Halton Hills' signs on 401

Signs will be erected this summer to let motorists on Highway 401 know they are in Halton Hills.

About a month ago the town asked the province to put up Halton Hills' signs and it was announced at the May 28 council meeting that Queen's Park is going to comply with the town's request.

The signs will give the name and population of Halton Hills and will be located at both Highway 25 and Trafalgar Road.

In addition there will be tab signs attached for two years saying formerly Georgetown and formerly Acton under the new Halton Hills signs.

Tender for Acton Pumper

Fire Chief Mick Holmes was given the go-ahead to call for tenders for a new fire pumper for Fire Area Number One.

Halton Hills administration committee approved the tendering, after Chief Holmes submitted the specifications.

BEAVER for pool, play, and patio
