Seventy pupils of Robert Little School were held in a state of elation for a few hours Thursday evening as they attended the annual grade eight graduation ban-

## New hall underway

Existing scouting facilities on School Lane are in the process of expanding with the help of Acton tradesmen, industry, and fund-raisers. Excavation for the building's foundation has been completed.

Acton Rotary club donated \$1,500 to boost the project off the ground and scouting and guiding leaders are planning fund-raising activities. The scout and guide mothers have already donated \$400.

Building committee officials said they are planning completion of the facility by September. The need for the expanded facility is due to the increase in the scouting activities of this area. The present building is used seven days each week.

Persons wishing to contribute to the fund are asked to send their donation, payable to Acton Scout Group Committee Building Fund, to Don McDonald at 39 Churchill Rd. N.

## Columns end vacation begins

School's out for the 1974-75 year. With this means our school correspondents are no longer with us.

The Free Press wishes to thank Marg Jongma, from the high school, Merle McNabb from Robert Little and Dorothy Bennett from M. Z. Bennett for keeping up with

the news in their schools. Summer vacation also means the end of Guides, Brownies, Cubs and Beavers until September Scouts, however, will still be meeting. Mark Rowe will continue to keep readers up to date on these happenings as they occur.
