

ROLLING TIRES down the dirt hills at the creative playground Grant Clarke let 'em fly. This one happened to knock over the ten speed bike of Vincent Lee.

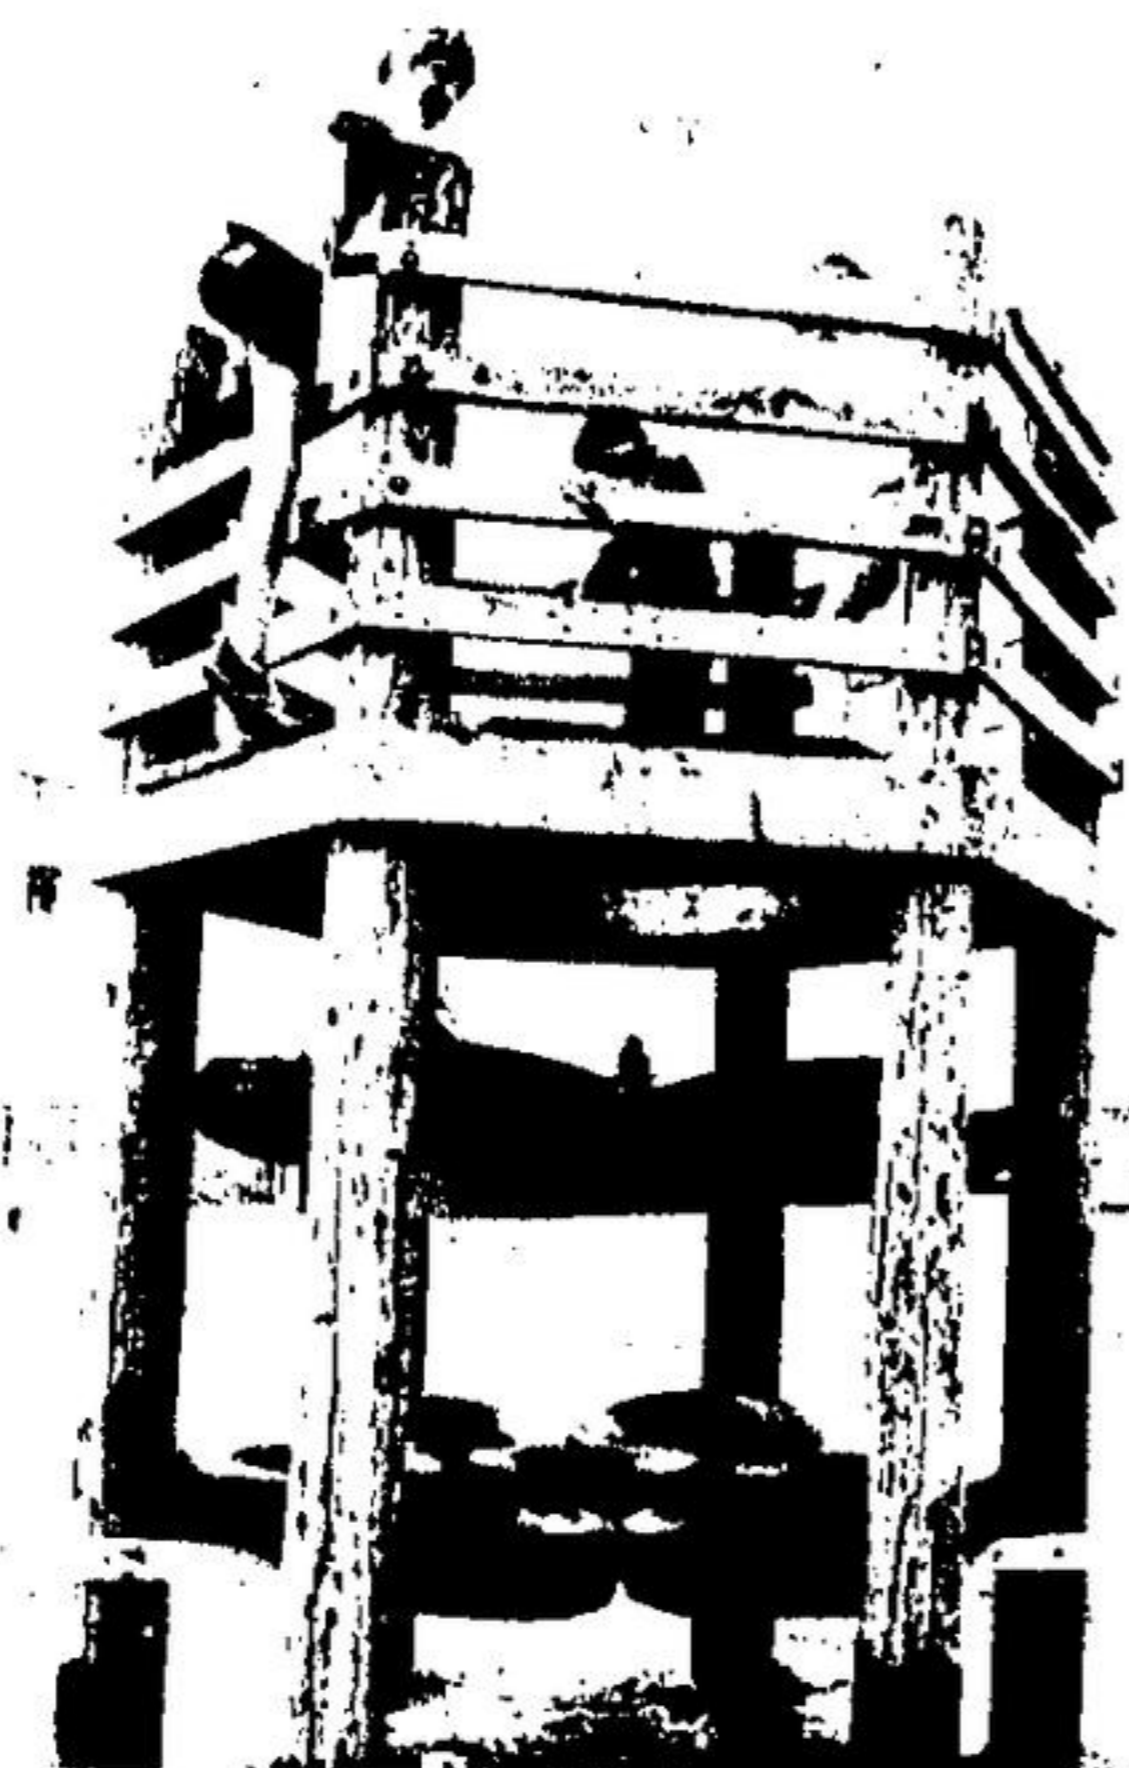

DAVID HARGRAVE of 96 Wallace St., takes a plunge with his bike over piled tires at M.Z. Bennett school. The tires were removed from the creative play ground and used creatively, to play Evel Knievel. Wayne Chapel, Mark Walker and Bruce Shannon were also in on the act.

M.Z. Bennett creative playground is shaping up

A MOTORBOAT which has long been retired from service serves the child's imagination in the creative playground at M. Z. Bennett school. The spacious grassy field could be used as a lake. Couldn't it?

DON'T KNOW WHAT IT'S CALLED, but it looks like fun for children playing in the M. Z. Bennett creative playground. The grounds offer weird-looking constructions made of railway ties and worn tires. Mounds of dirt, looking like a construction site, are actually attractions. As every mother knows, children like dirt.

Inflation provides room for students

"Inflation and rising costs have motivated home owners to take Sheridan students into their homes in order to offset expenses," said David Craig, Student Services Co-ordinator at Sheridan College.

He reported that some persons who are thinking of buying a new home check first at the Housing Office, to find out what the prospects are of having a student live in, before they purchase and arrange financing.

The Housing Office maintains a year-round listing of accommodation, mainly rooms in private homes, which is readily available to students at the Oakville Campus. The average cost

of a room is \$20 to \$25 per week and with board \$30 to \$35 per week.

50 percent outsiders. Since 50 percent of the college students come from outside the Halton and Peel regions with approximately 2,600 expected at the Oakville Campus in the fall, the Housing Office is encouraging homeowners to provide suitable accommodation to Sheridan students.

The office is looking for any sort of bedroom, a finished recreation room in a private home, shared accommodation, apartments and townhouses in the Oakville area. About 200 places have been listed and another 500 are needed before classes start in

September. Students are responsible for finding their own accommodation, however, the college provides a housing service to make the task easier.
