

HILLSBURGH SNOWMOBILE club had the winning float at the potato fest parade.

MANY ENTRIES were dressed in old-fashioned and pioneer costume at the Hillsburgh potato fest parade.

ERIN TOWNSHIP road superintendent Ed Barden rode with a 1933 Allis-Chalmers tractor.

Parade honors potato

ONE OF the bands in the parade was Acton Citizens red-coated congregation. They marched Saturday afternoon in the impressive parade.

Only Milton backs town

The town of Milton endorsed the Halton Hills resolution petitioning the Ontario government to return control of water and sewers to the local municipalities, but Oakville refused and Burlington simply filed it.

"At least Oakville had the guts to answer right out," commented Councillor Mike Armstrong.

"Maybe they didn't understand it," commented Councillor Ern Hyde. He said the Region is not even doing its own construction but allowing contractors to dig up town roads.

He claimed the costs to the residents has jumped, and urged a study to back up their claims.

The resolution was re-referred back to works committee.

WILLIAM A. JOHNSON YOUR COMMUNITY CANDIDATE HALTON-BURLINGTON—N.D.P.

Bill Johnson has dedicated his life to protecting those things that are worthwhile and enduring about his and your community. He deeply believes in retaining a quality of life that is sensible for us and future generations. Bill was born in Hull, England in 1922. He served his country as a parachutist in the Commandos during World War II. In 1952 Bill, his wife Mary and their two children, Malcolm and Lynn, emigrated to Canada and selected Nassagaweya as home in 1955.

Since that time he has worked tirelessly to protect the environment of Ontario from senseless erosion and pollution. He helped found G.U.A.R.D. (Group United Against Rural Dumping). As Director of the Ontario Garbage Coalition, he has been a major voice, instrumental in preventing garbage dumping in many sections of Ontario. William A. Johnson, through his research, briefs and subsequent accomplishments is recognized as an expert in areas of environmental concern.

During the election campaign his concern for the environment will be shown by not adding to the intolerable cluttering of our countryside with election signs on public property. He has promised to remove all signs placed on the property of supporters immediately after Sept. 18. Bill is eager to meet and listen to concerned citizens of Halton-Burlington. With your help he pledges to preserve and build on what is good in your community.

As your voice in Queen's Park, William A. Johnson will take your concerns and his acknowledged expertise as an environmentalist and community activist to work for Halton-Burlington.

William A. Johnson believes:

- HOUSING at reasonable cost is a social right not a vested interest.
- QUALITY EDUCATION is essential to a well balanced community. The decision making process must be returned to the local level with input from all persons affected.
- SENSIBLE LAND USE that preserves agricultural land and recreational space must go hand and hand with urban expansion.
- REGIONAL GOVERNMENT can only work if local voices are heard in decisions that affect their lives. No new regional governments should be established until the weaknesses of the present areas have been eliminated.

WILLIAM A. JOHNSON needs your support. With your help he will be your voice in Queen's Park.
