

## Eden Mills Guide and Brownie news

by Diana Wallace

### BROWNIES

Monday, Oct. 6, was spent in rehearsing songs and dances, for the mother and daughter dessert party put on by the ladies auxiliary on Thursday, Oct. 9. The Brownies were asked to entertain their mothers. This turned out to be a very successful evening and everyone enjoyed seeing the Brownies and Guides performing. Some badges were given out and test work was carried out also.

Monday Oct. 13 saw us all at the Halton Radial Railway Museum. Leaders and Brownies hiked from the Eden Mills Community Hall to the museum with their packed lunches in the hands. Unfortunately, the hike coincided with a thunderstorm and everyone needless to say, got wet. It was not until emerging from the bush that we realized how wet it

was Mr. Johns, who is president of the railway, kindly came to meet us and had a lovely wood burning stove going for us in the station house. (This by the way is the original Rockwood station house.) With hot chocolate and a cass fire everyone was soon dry again. Then on with the train rides. This proved to be great fun and one of the most popular carriages was the open sided one used in the early part of the century. Mothers then came to pick up their happy Brownies amid pleadings of "another ride, please".

**GUIDES**  
It has been outing time for the Guides also, with a long awaited trip to Plastoflex Industries, near Acton, finally taking place on Tuesday, Oct. 7. The girls had no idea they would enjoy this visit so much, which was part

of the interesting Industrial Badge.  
Two of the directors of the company, Mr. Dan Van A Poucke, and Harry Van der Heyden, with the help of a guide mother, Mrs. Helge Scheffle, an employee of Plastoflex, took tours around the machinery. Everyone was amazed at the number of familiar products made there.

The girls were permitted to collect samples including some of the colourful plastic tubing that had formed into wild and wonderful shapes. At the end of the evening there were donuts and pop which were kindly provided by the directors.

Some of the completed badge projects coming in this week are of a very high standard. Needless to say the girls are already asking when they can visit another in industry.

**SURPRISE BIRTHDAY** party for Mrs. Jean Steele, 79 Lake Ave., was held by her daughters, Mrs. Dorothy Hare and Mrs. Doreen Nicklin at Mrs. Steele's home on Sunday. Mrs. Hare surprised her mother by coming all the way from Winnipeg for the occasion. Friends and relatives attended the 80th birthday.

## 4-H girls want more rolls

The third meeting of the Dublin North 4-H club was held at the home of Mrs. Kirtan on October 8 at 7 p.m. The meeting was opened with the 4-H club pledge.

Mrs. Kirtan had a discussion on batter bread, rolls and all the ingredients which batter bread contains. After the discussion they moved from the table into the kitchen where they found the ingredients set. Marie Parker started by adding the ingredients, also Penny Kirtan helped her.

"Don't forget to add the yeast," called Corrie Kirtan who was very anxious to get the mixture ready. Julie Pierce then answering Corrie, stirred in the yeast.

When all the ingredients were added, Beverly

Metheral, assisted by Dianne Mackney and Sherry Kirtan mixed the ingredients to a kind of dough. Later every body helped put the mixture into bins so it could be transferred to the oven. The group saw the rolls rise, then sat down. With assistance from Mrs. Hunter and Mrs. Kirtan they learned how to make these delicious rolls which they ate while still warm. Then the Riding Flowers ended their meeting, begging

Mr. Kirtan to make some more rolls.

### Full tummies

The third meeting of the Dublin South Nifty Kneaders was held at the home of Ann and Teresa McCarron, Wednesday, Sept. 24. The girls were then split into two groups. The first group, consisting of Kim, Karen, Lisa, Sylvia and Teresa made Brown Batter Buns. The rest of the girls made the Brown Bread. While the bread was rising the girls worked on a quiz - Let's Bake Bread Relay. The rolls and bread were in the oven and everything was perfect.

The fourth meeting was held at the home of Ann and Teresa McCarron, October 2, on a Thursday.

Each of the girls made a different roll. Cloverleaves, bowknots, figure eights, braids, fantans, bear claws and parkhouse rolls were made. All these things were very good.

Dollie read Sweet Doughs for Rolls and Buns. The girls went to the kitchen and ate until their tummies were full.

Now possibly 5 percent. The food and farm problem is really serious. (26 acres of agricultural land goes out of production every hour in every day in Ont.)

No one seemed to notice what was happening until price of food went up. Then every economist and writer got on the band wagon. The papers are full of opinions but few solutions.

Mrs. K. Spence presented possible solution quotes from Peter Harnam of Federation of Agriculture (C.G.). He feels farmers must now play a major role in shaping both federal and provincial government farm programmes.

Mrs. E. Tash read an article on the "Novice Farmer Course" really saying what the university is trying to do.

Mrs. G. Nelson gave an article on Family Vegetable Gardens and Mrs. Cecil Nelles presented an article "Weather Permitting".
