

1976 **ZENITH** 100% Solid-State Black & White TV

Zenith Energy-Saving 100% Solid-State TV with Power Sentry System of Voltage Regulation

The Zenith 100% solid-state chassis with Zenith's Power Sentry System reduces TV power consumption by 64% in 20" models and by 67% in 23" models compared with Zenith's previous same size, all tube type chassis, and reduces power consumption by 45% in 17" models compared with Zenith's previous tube/transistor chassis. The Zenith Power Sentry helps to conserve energy and save money by maintaining stable voltage to the chassis.
