

ROWS OF COLORFUL flowers, tree lamps and fences parallel the temporary settlement of trailers at the Breezes during the summer. Mr. and Mrs. John Wood, of the Breezes, report a better than average year.

NESTLED IN A COLORFUL cove on the west side of Fairy Lake are four row boats waiting to be taken out. The boats, at the Breezes trailer camp, are used during the camp's open season, from mid-May to mid-October.

A LONG LINE of trailers at the Breezes, R.R. 1, rests beneath the foliage near the lake. The trailer season starts with the May 24 holiday and goes until mid-October.

THEFTS IN CARS

A Guelph man reported the theft of a tool box from his car after it was parked in the Georgetown Market parking lot. The incident was reported to police yesterday.

A 60-year-old Acton man reported the theft of a battery from his car while it was parked at the Station Hotel parking lot.

CAR

Edward Rozevien, Etobicoke, was driving along Queen St. W. in his vehicle when he collided with a parked car owned by Roy Lowe, Holmesville Place. Damage to the front fender was estimated by police at \$400 to the cost of about \$1,500.

The Breezes breeze through damp summer

Business has been good at the Breezes trailer camp, in spite of the greater than normal amount of rainfall, according to owners Mr. and

Mrs. John Wood. "It's been better than an average year," Mrs. Wood said at the camp Thursday. They've counted about 100

tents and trailers in the camp on the west side of the lake U.S.

Another 50 or so vacationers came from the U.S. this

year, Mr. Wood said.

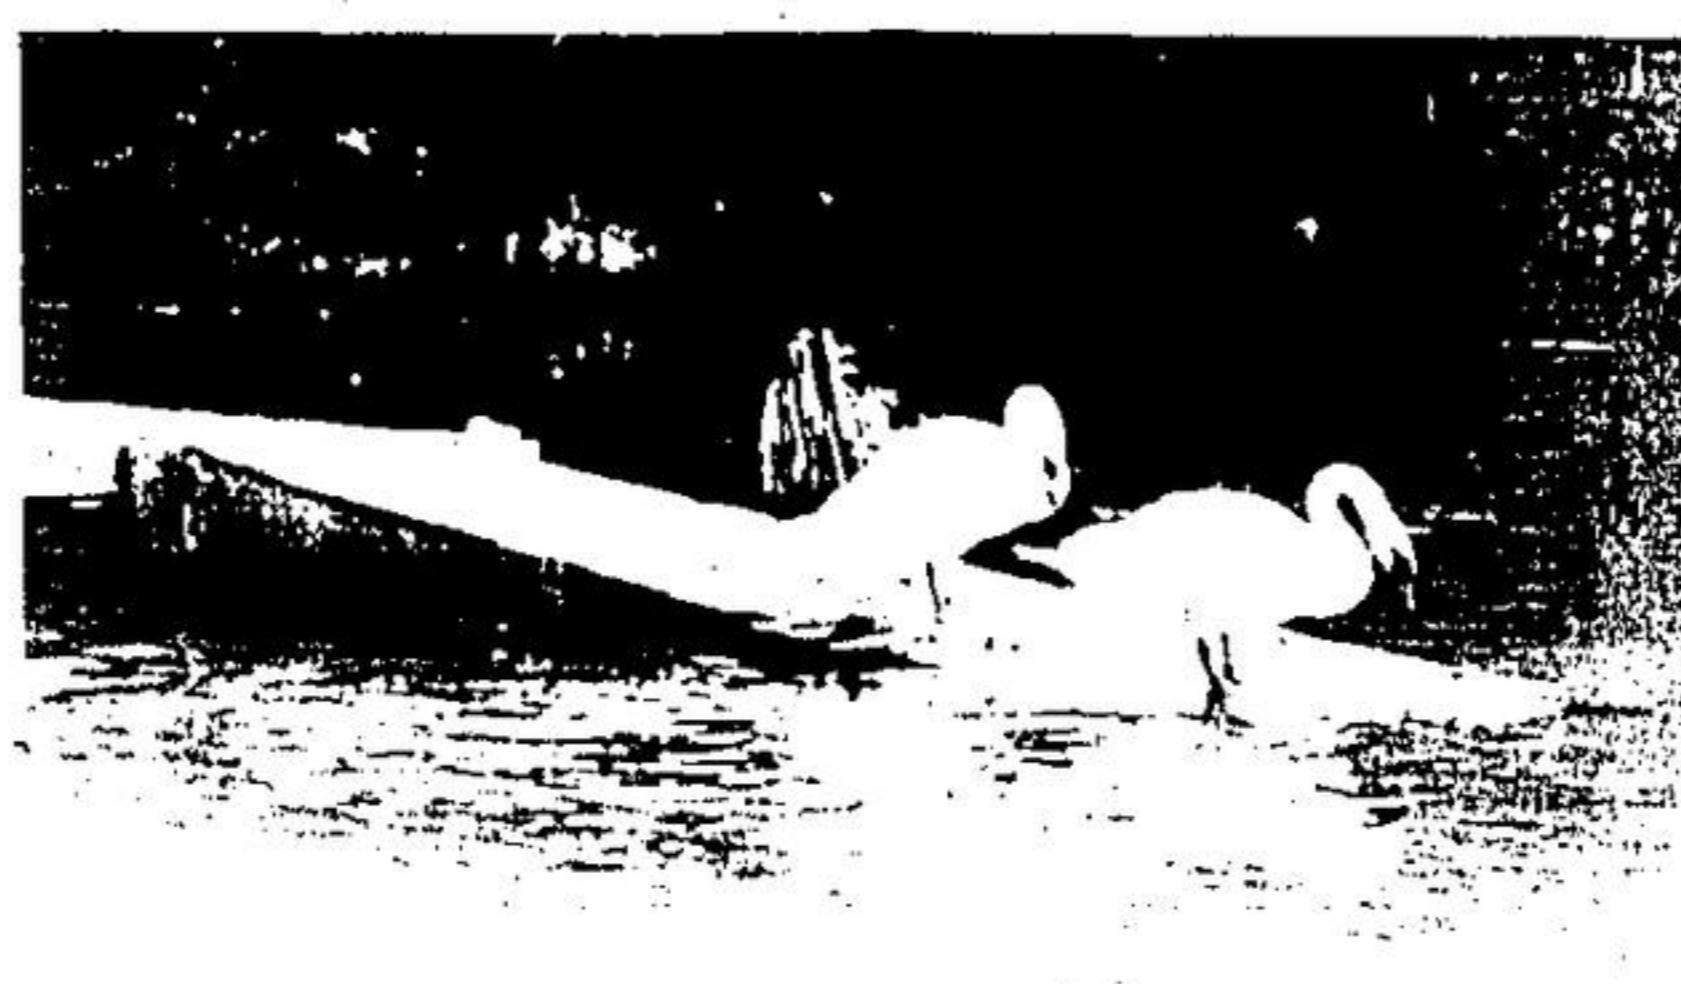

The couple will have owned the large camp 15 years next November.

Not all the moisture in the Breezes came from the clouds this summer. The camp boasts a new 97-foot deep well which was drilled last month. Water flows at a rate of five gallons per minute, Mr. Wood said. The well is about 250 feet from the shore.

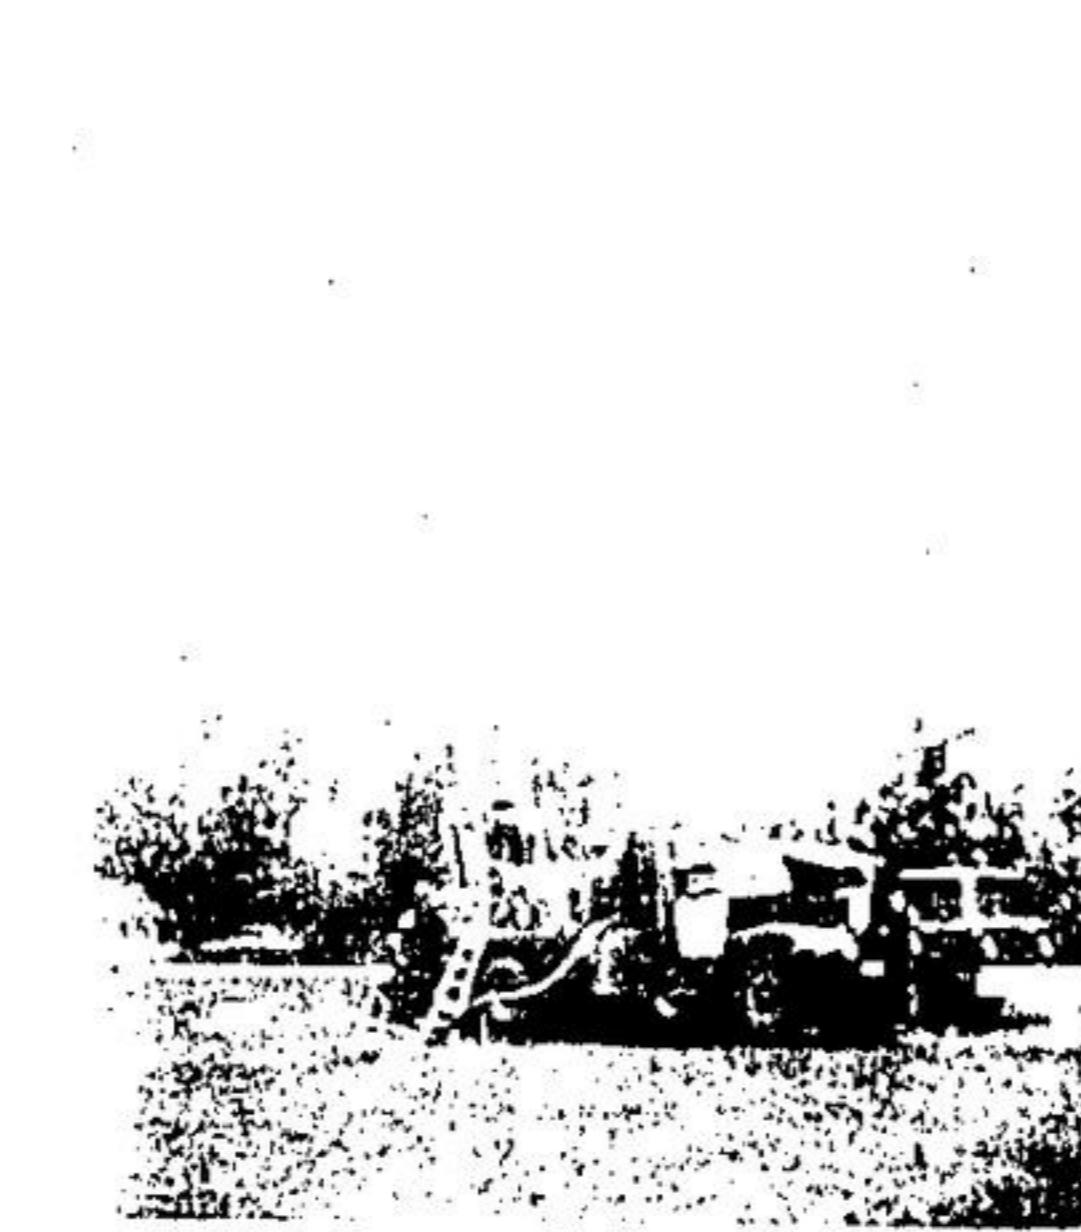

Mr. Wood has two letters concerning the purity of the well and lake water. The letters came from the Halton Regional Health Unit and contain test results on the two sources.

The new well scored zero in total coliform organisms and faecal coliform organisms.

The lake scored 320 and 160 respectively. The remarks from the health unit on the lake water is satisfactory. Samples were collected at the end of August.

EVER SO CUMBERSOME out of the fluid highway of a lake or stream, swans edge down a ramp and into the water near the Breezes.

JACOBSON'S of Guelph drilled the 97 foot deep well at the Breezes which struck water at the 93 foot mark last month. The well is 250 feet from the lake.
