### "GOOD NEIGHBOUR FENCING:"

A famous poet once wrote "Good Fences make good neighbours". At Spacemaker we think good neighbours should make good fences, too. That's why we made good neighbour fence. It's versatile, attractive, has a finish that's guaranteed 15 years, the installation is simple—no special tools needed and you have a choice of 3 heights and 2 colours. Doesn't this sound like your kind of fence.
