PATIOS WERE MADE TO BE WALKED ON, JUMPED ON, HAVE BARBECUE SAUCE SPILT ON, KICKED, SCRATCHED AND TO LOOK GOOD IN SPITE OF IT ALL.

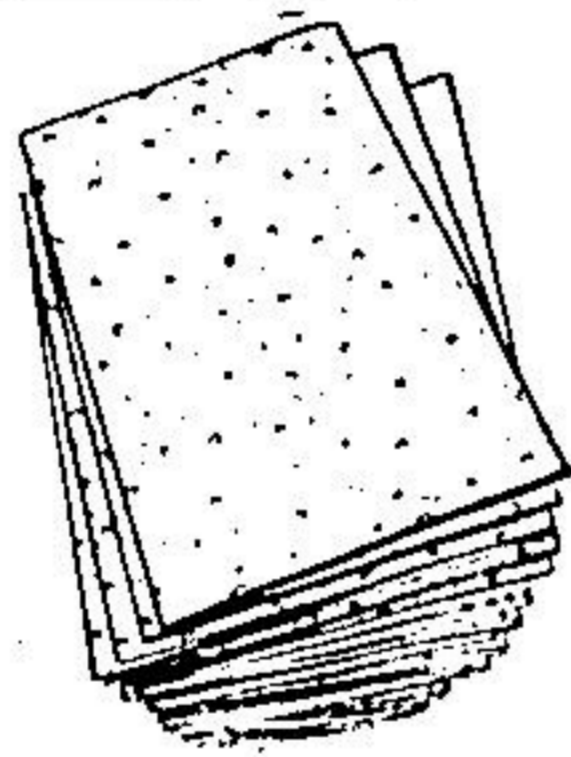

If KNR DURASTONE can stand up to the steel treads of army tanks and survive sub-zero temperatures or searing heat... they can surely handle anything you and your family dish out. The wide variety of shapes and colours allows you to create your own designs. Installation is fast and easy (no mortar is required in the joints, just sand) and the low cost, attractive appearance and maintenance free practicality of interlocking paving stone makes it the permanent solution to any patio problem. Consider KNR DURASTONE.
