### Winter carnival

This year's Halton Hills council are agreeable to contributing \$1,200 toward the first Halton Winter Carnival to be held at Kelso, February.

There's only one snag—they cannot commit money to be spent by next year's council.

Council approved the idea in principle, but warned Recreation Director Glen Gray they couldn't guarantee the \$1,200.

Gray said every council in Halton was in the same position, so he felt an approval in principle might influence next year's council.

### Trip to Mountsberg for Robert Little class

By Jackie McMullen  
On Tuesday, September 28th, our class from Robert Little school went on a trip to Mountsberg Wildlife Centre. We left at 9:00 and got there at 9:30. Then we went into a big auditorium and Miss Hughes told us some of the things we were going to do. We watched a film and after that we were split into two groups.

My leader was a man. His name was Mr. Hutton. After we took three ducks down to the lake and we talked about them and examined them and then let them go. Then our leader took us back in the building and we had a bird quiz.

We went up stairs and in a room and saw Oscar the owl

and talked about her. Our leader picked the owl up with a glove on and we got a good look at her. We went into the incubation room and we saw chicks and bobwhites.

Bobwhites when they are little are only an inch long and an inch and a half high. Then we had lunch and we ate in a wagon and after lunch we got to go in the barn and looked at the animals. There were horses, rabbits, goats, sheep, a pig, chickens and guinea pigs. We looked at some pheasants, peacocks, ducks and pretty birds. Then we went on a hike to bird watch. When we got back from the hike we put back our binoculars and gathered our things. We got back to the bus and the driver took us back to school.

### The unwanted child

She lives in a house near the tracks  
Her mother has gone away.  
Her father left them long ago  
He could not live their way.

It has been six years since she was born  
Her life commenced that day.  
A life that is not remembered  
As it brought agony in every way.
