# Area secretary visits Bible Society executive

The local branch of the Canadian Bible Society met on October 20 in the Presbyterian Church House to welcome the area secretary, Rev. D. B. Thierry from Hamilton. Harold Swallow was in the chair, and despite the poor weather there was good attendance.

Rev. J. Corvers of the Christian Reformed Church led in devotions, and spoke of

the accuracy of some of the more modern translations while he read the King James Version himeself. He felt members should be very careful in selecting a version, illustrating his point.

Mr. Swallow turned the chair over to president-elect Mrs. Daphne King of the Anglican communion who spoke of certain aims she had. Mention was also made

A feature of particular District Director gave a full interest at the meeting of Dublin Women's Institute on Thursday evening was the presentation of a three-tiered Silver cake plate to Mrs. F. McCarron by Mrs. W. Lasby. As Mrs. Lasby explained, it was a "thank you" to Ann from the Branch for her ten years of service as a 4H leader, in which she had given instruction to many girls on the groundwork for being good homemakers. Mrs. McCarron continues on as a leader of Dublin South girls, and is now assisted by her daughter, Theresa.

Although the weatherman was introducing winter on Thursday night, there was a good turnout of members. Mrs. E. Norton presided and Mrs. K. Smith acted in the capacity of secretarytreasurer in the absence of Mrs. D. Hunter.

of the illness of Rev. Leonard Ewing, and prayer invoked on his behalf. The chairman called on

Rev. D.B. Thierry. He announced the Old Testament translation to link up with Good News for Modern Man would be available on November 1, and at very modest prices. He distributed literature. He complimented the Acton Branch on an increase of nearly 25 per cent in givings this year, and especially he was gratified that a Society message had been pre-

sented in all the churches,

which is unusual. He told of progress in the distribution of the Word. There are still 800 million illiterates to be taught to read. With the approval of the governments, schools using the Bible as a text book have been set up in Brazil, Bolivia, Guatemala and in parts of the U.S.A. since in the areas involved there was no other text book in the indigenous language. Teaching is graded but those beginning to read learn first through the Word

# Security. Income. And flexibility. No wonder they're Canada's most popular investment.

For over 30 years Canada Savings Bonds have been the most popular investment in Canada. Literally millions of Canadians have used Canada Savings Bonds as a way to build a solid financial base. They're simple, straightforward and easy to understand. They're a great way to save. Here's why.

Security.

Canada Savings Bonds are secure because they're backed by all the resources of Canada.

Income.

They pay good income, an average annual interest to maturity in 1985 of 9.13%, Each \$100 bond begins with \$8.50 interest the first year and then pays \$9,25 interest for each of the remaining 8 years.

Flexibility.

They'te flexible, because you can buy Canada Savings Bonds in various denominations, for eash or on instalments wherever you bank or invest. And they're cashable anytime, at their full face value plus carned interest. This year, the purchase limit has been set at \$15,000.

Two Kinds.

A. Fully registered bonds. These bonds are registered as to both principal and interest. The interest is sent to you automatically by cheque each year on November 1st. They are available in denominations of \$500, \$1,000 and \$5,000.

B. Coupon bonds. These bonds are registered as to principal and have annual interest coupons payable to bearer. They are available in denominations of \$50, \$100, \$500, \$1,000 and \$5,000.

A great way to save!
