

# MILTON'S NEWWEST SHOPPING CONCEPT

... more than  
just another  
shopping mall

It didn't take Milton shoppers long to become accustomed to the convenience of shopping at Milton Mall. This modern marketplace offers something for everyone.

Teen-agers are finding the latest in denim fashions without driving to the city.

Husbands and wives shop for furniture and household needs knowing that just around the corner is a store that sells home decorating supplies.

You can have your hair styled, do the grocery shopping and have a bite of lunch without leaving the climate controlled building.

There many moods to Milton Mall. One can quietly browse through a gift boutique or feel the serenity in the beautifully displayed greenery of the florist shop. If you're in a hurry it's possible, through the many convenient entrances, to run in and make that quick purchase.

Milton Mall has become a meeting place for the whole community. Organizations are taking advantage of the opportunity to display their promotional materials. Milton is a town on the move and the mall reflects its changing mood.

## MILTON MALL

Centrally located at the intersection  
of Hwy. 25 (Ontario St.) and  
Main St. E., in Milton, Ontario
