

Gifted Ideas in Portable

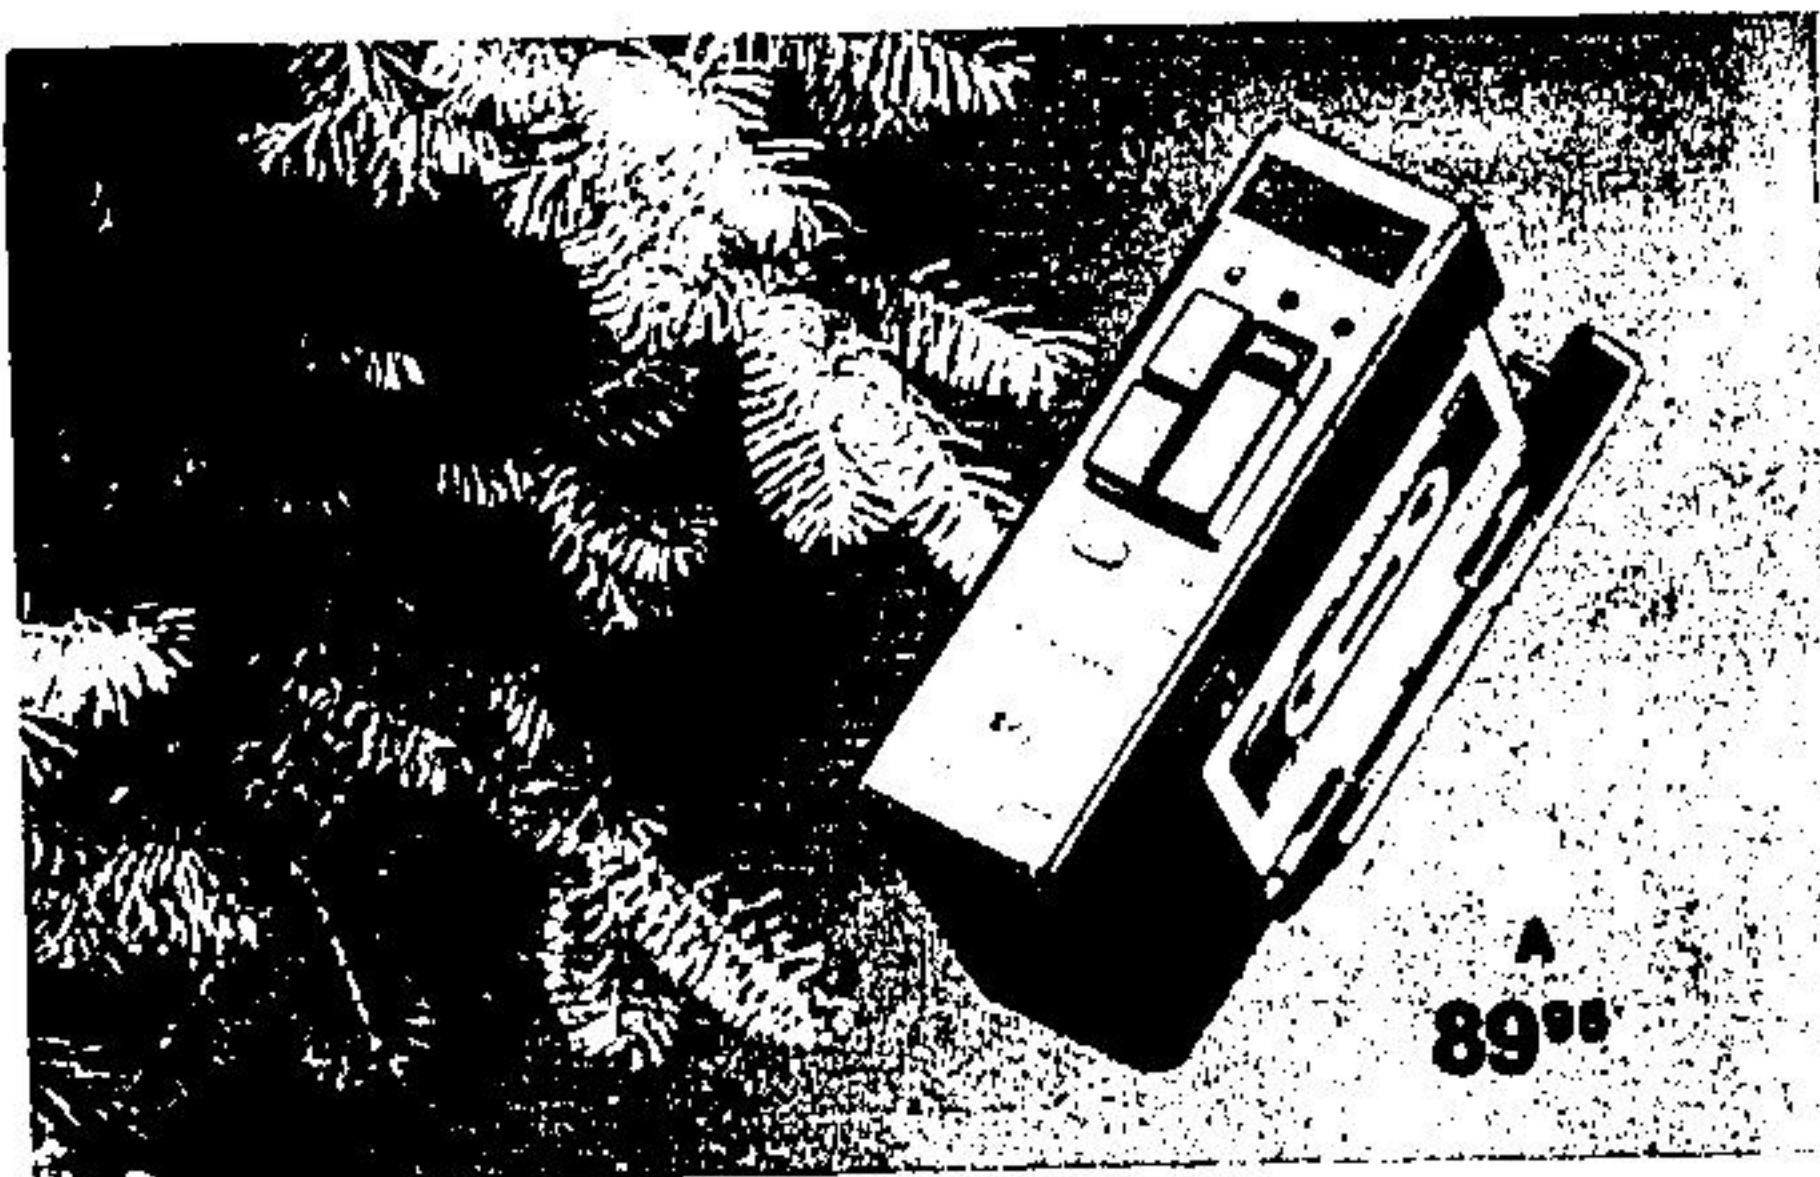

A Minisette-5. Here's a great little pocket recorder with an excellent feature — cue and review. It's designed so that you can locate any portion of the tape rapidly and audibly. No more 'blind' searching for a specific area. It's a time saver, when time is important. Has sensitive condenser mike and automatic recording level circuit for good, clear recording. 14-832..... 89.95

B CTR-39 Another little compact recorder with the sound quality of the big ones. Features a 3-digit counter so you can jot down specific portions for later reference. Has sensitive built-in condenser mike and automatic level control circuit for good, clear recordings. Wrist strap makes it entirely tote-able. 14-819..... 79.95

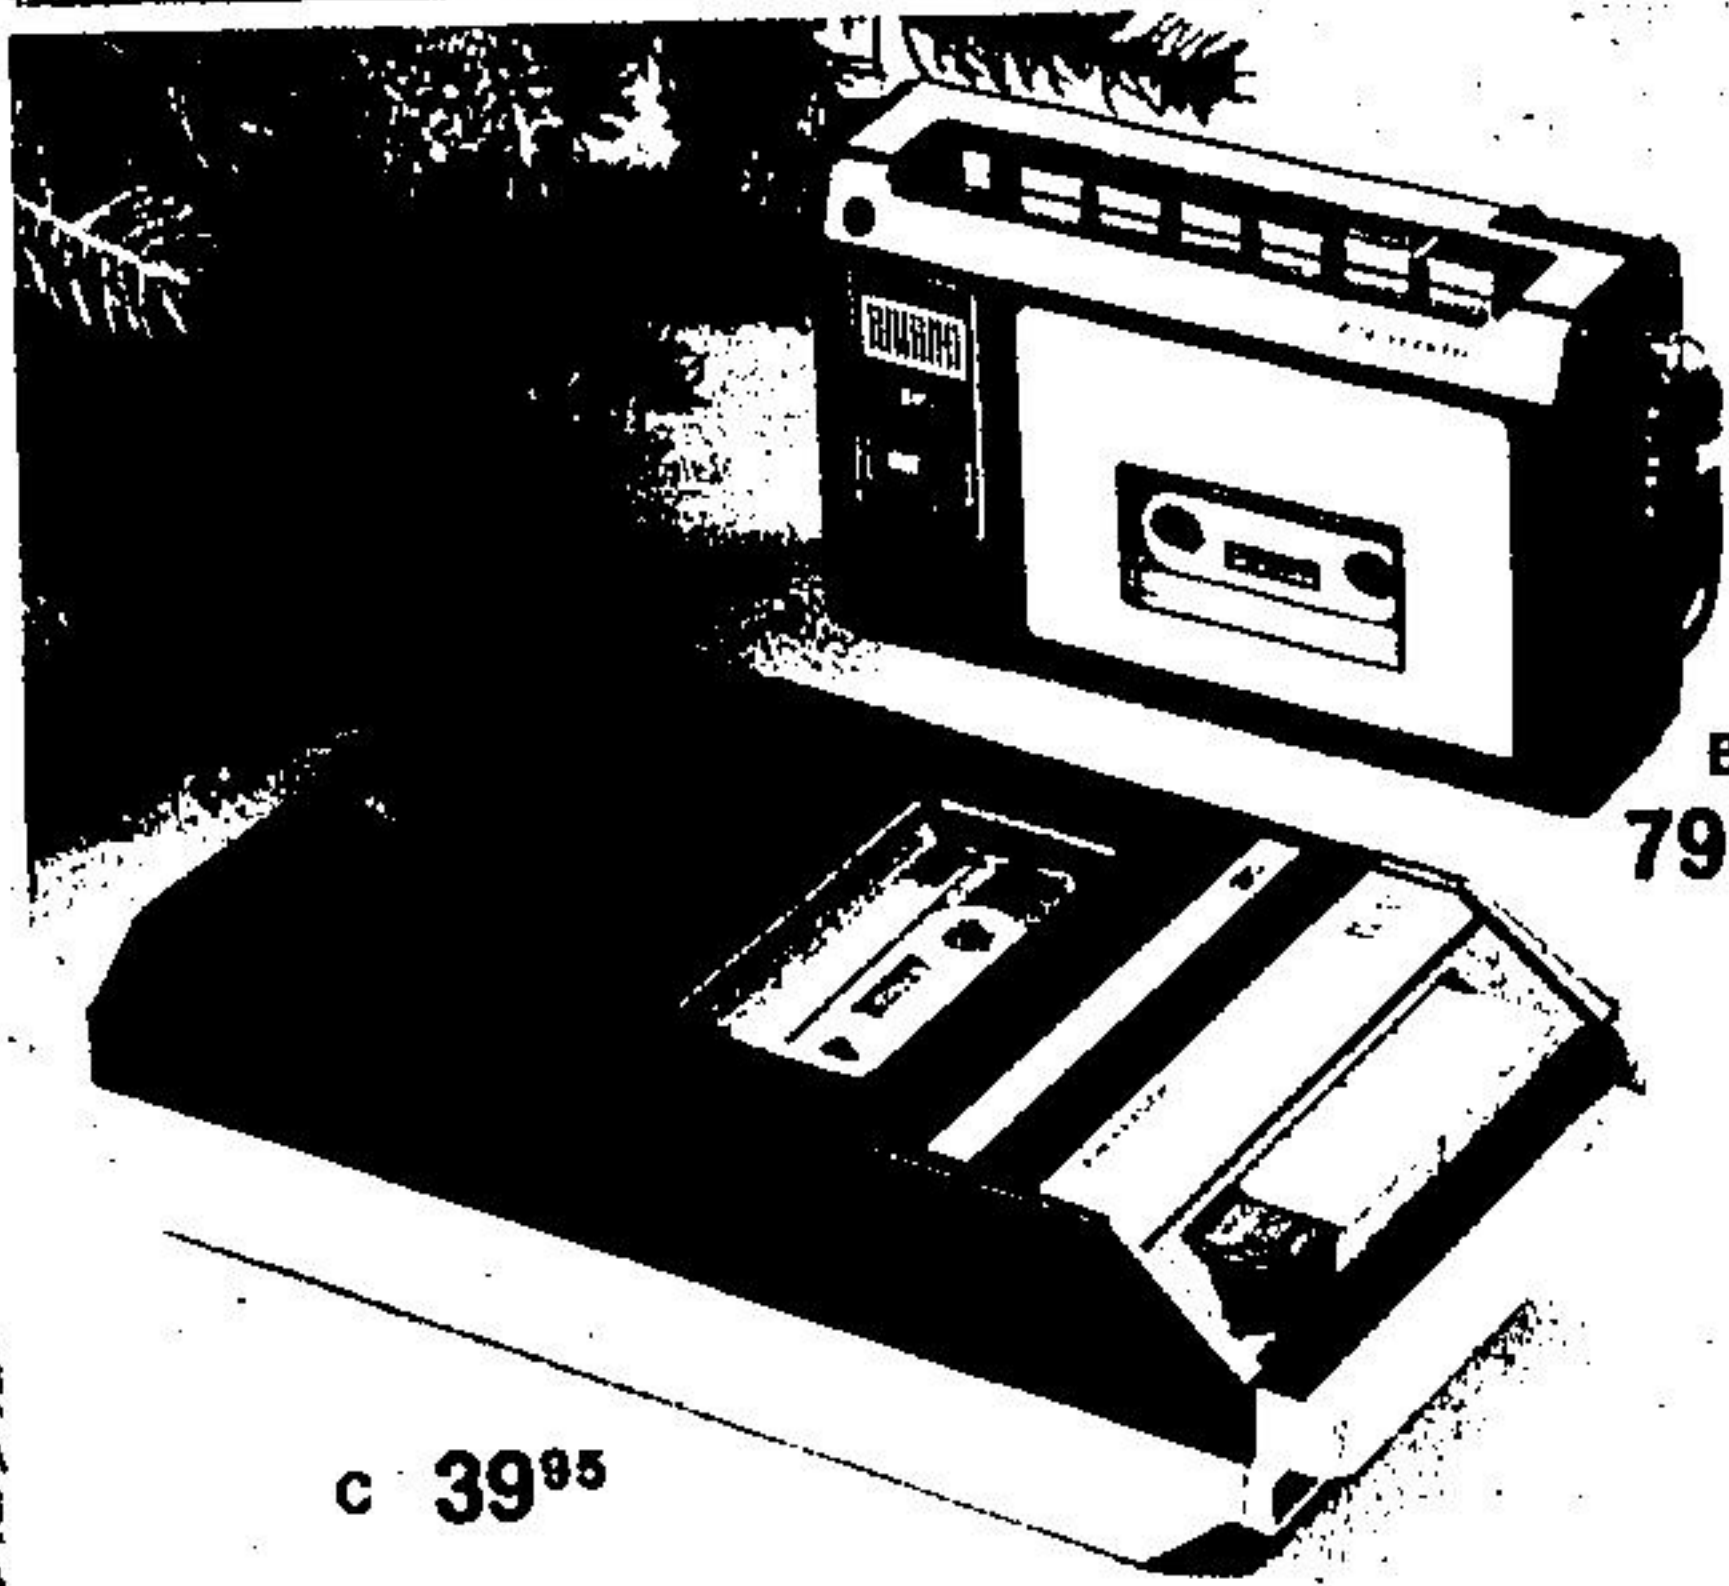

C CTR-34. If you're looking for a low-cost recorder without the frills, but still capable of doing the job, this is the one for you. Has built-in condenser mike and auto-level for even volume recordings. 14-843 . Limited Quantity..... 39.95
