'separates' collector

G SA-101 stereo amplifier with magnetic/ceramic phono input, tape recorder output and headphone jack. Has full range response. Separate tone, balance and volume controls, speaker in/out and stereo/mono switches. The SA-101 is a perfect partner for the TM-101 tuner. An excellent gift combination for the young stereo enthusiast. 31-1983 69.95

H Stereo Frequency Equalizer, for studio-perfect sound. Improves discs, tapes, AM/FM tonal quality. Eliminates rumble, hiss and surface noise. Permits good recordings in non-studio environments. Operates in five frequency ranges. Plugs into any amplifier or receiver with tape monitor. 31-1986 69.95

An Important Message to our Customers and to Retail Businessmen...

Radio Shack, as we so often and so proudly state, has over 550 stores and Authorized Sales Centres in Canada. This means you get excellent service, coast to coast.

But we intend to offer more than that. We intend to offer the best service of any retail chain in Canada.

One way of doing this is opening more Radio Shack stores, the other is by having more Authorized dealers.

To be an Authorized dealer, you must have an already established retail business in similar lines to ours, such as Television, Appliances, Hardware, Office Supplies, etc. Your business must be in a town of under 20,000 population.

If you, or anyone you know, would be interested in becoming a part of Canada's fastest-growing electronics retailers, write or phone:

Jack Hunt, Regional Manager
