K Realistic Modulaire-8. A 3-piece music system with AM/FM stereo radio and 8-track tape player. The all-in-one, ready to play stereo combo with Quatravox ... just add two more speakers for a rich four channel effect. Has AFC for drift-free FM, phono input and tape output. A Christmas gift that will really be appreciated. 12-1404. 159.95

L Realistic-Modulette-8. Just plug it in and you're ready to play AM radio, FM or FM stereo radio, or your favourite pre-recorded 8-track tapes. Built-in Quatravox lets you create a rich, four-channel effect by adding two more speakers. Has stereo indicator light and headphone jack. 12-1402 129.95

M Realistic Modulette. AM/FM stereo receiver with two acoustically-balanced speakers. Has built-in Quatravox so you can create a rich 4-channel, surround-sound effect by adding two speakers. Inputs for a phono and tape deck. And best of all, is the low price. Last year it was 119.95. And for this year's catalogue it's been reduced \$20. 12-1401 99.95

Radio Shack For a wider selection of stereo equipment, see our 1977 catalogue.
