

Complete and ready to play

H Modulette-939. What a system! Play pre-recorded stereo cassettes or record your own. Tune AM, FM or FM stereo. Sing-Along lets you use optional microphones to add your own voice to tapes as you record them. Has inputs for ceramic cartridge record player, mike and headphone. Plus Quatravox for a four-channel effect by adding two speakers.
14-907 239.95

I Modulaire-8A. Has all of the features described above (for the Modulette-939) with 8-track tape deck rather than cassette.
14-921 239.95

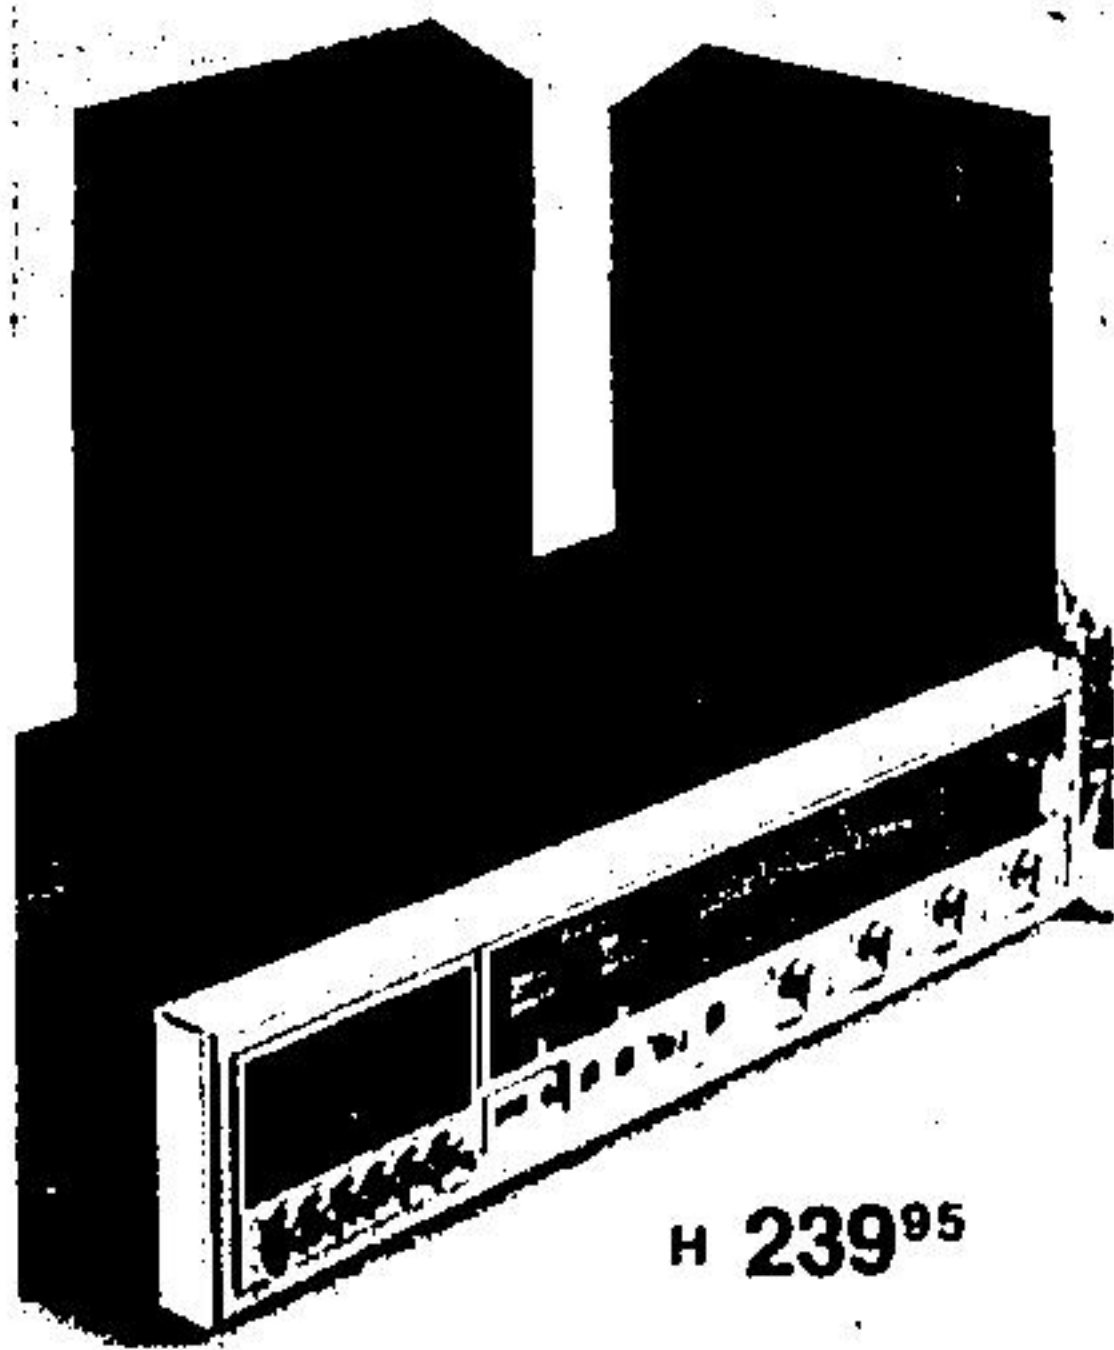

J TR-80. An 8-track record/play system with two acoustically balanced speakers. Ready-to-play with built-in amplifier. And you can add a tuner and a ceramic cartridge phono. Jacks for 2 mikes and headphones.
14-942 129.95

K A sleek little beauty that lets you tune in AM, FM or FM stereo radio. Plus you can play pre-recorded tapes or build an inexpensive library by taping your favourite selections off the air. Has input for a ceramic-cartridge phono and headphones. Quatravox lets you add two more speakers for a thrilling surround-sound.
14-945 189.95

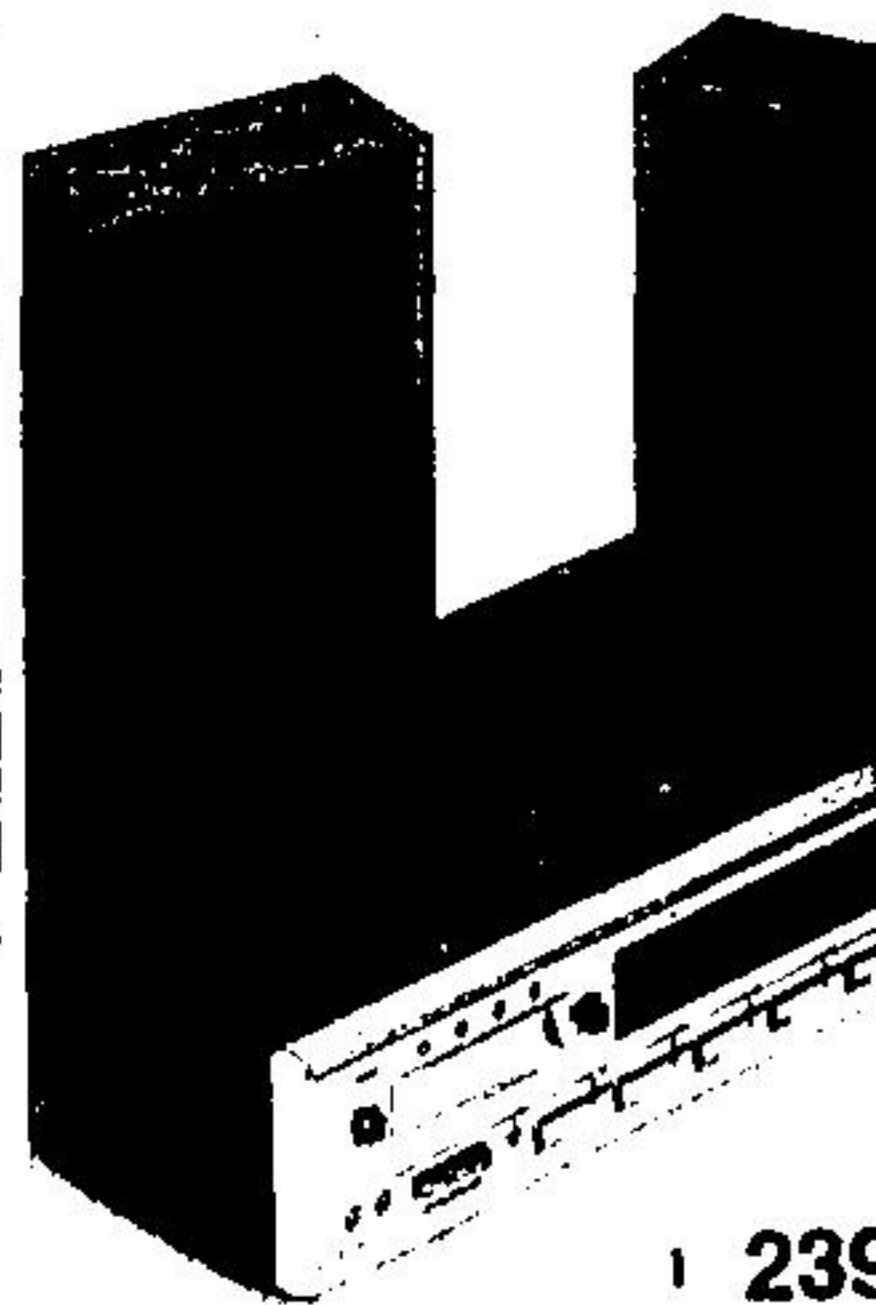

L Concertmate-8. A portable radio with AM/FM and FM stereo, plus an 8-track tape player. Separate stereo speakers deliver rich sound wherever you go.
14-920 129.95

M Portiplay-8. The stereo 8-track tape player with headphone jack.
14-918 69.95

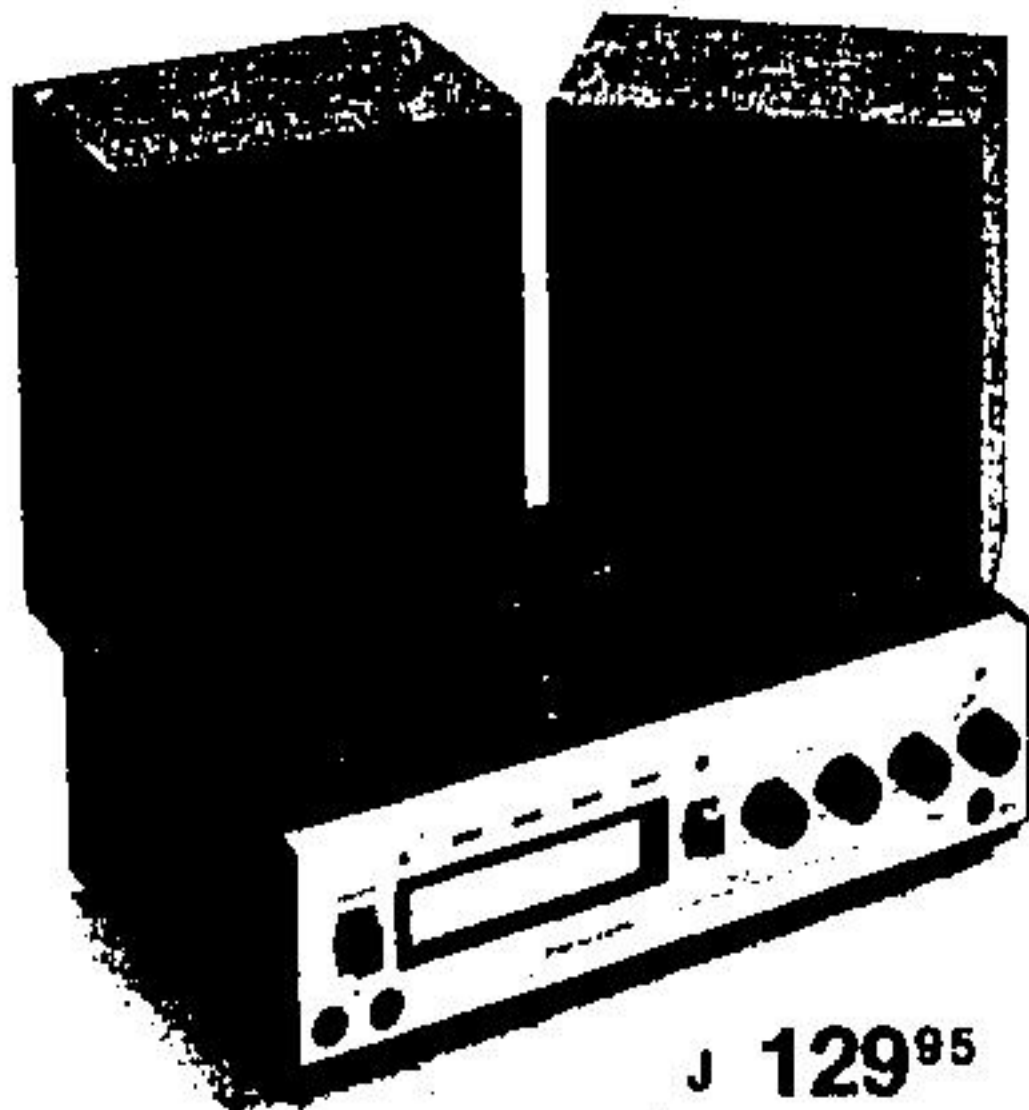

N A brilliant idea in portable stereo. Plays AM/FM, FM stereo and 8-track tapes. And, it has speakers that disconnect and separate for full stereo realism.
14-910 69.95.
