

TUNE-IN TO CB RADIO

The One-Hander Safest, easiest operating CB ever!

- Everything you need, in one hand, for safe mobile operation
- Built-in, always-on, blanker and ANL chop out ignition noise
- Ceramic filter cuts station interference
- 5' cord on handset lets you mount remainder of transceiver out of sight
- Complete with mobile mounting bracket, power cables and crystals for all channels 21-161

Reg.
179.95

149⁹⁵

279⁹⁵

- 23 AM channels, 46 SSB channels
- Linear sideband circuit greatly multiplies talk power, for extended transmitting range on SSB
- ANL cuts impulse noise
- Sensitive dual-conversion receiver
- RF circuit with crystal lattice filter
- Mobile mounting bracket, cables, crystals, included 21-147

399⁹⁵

- 23 AM channels, 46 SSB channels
- Dual IF's and crystal/ceramic filter assure superb selectivity
- Built-in Range Boost circuit for greater power — no preamplified mike needed
- ANL reduces impulse noise on AM, integrated circuit noise silencer on SSB
- PA switch. Mounting bracket, cables and all crystals included. 21-150

269⁹⁵

- Loaded with convenience for serious CB'ers
- Automatic modulation gain circuit for maximum signal reach without a preamplified mike
- Adjustable RF gain and IF filtering, optimize both weak and strong signals
- ANL plus noise blanker cut interference
- PA switch
- Crystals, mobile mounting bracket, cables included! 21-151

159⁹⁵

- Telephone-type mike/speaker handset
- Dual conversion plus ceramic filter for superb reception • Delta fine-tuning
- Automatic Modulation Gain circuit for constant "talk power" without overmodulation • 4-way mobile mounting bracket, cables and crystals for all 23 channels. Limited Quantity

Use your mobile CB rig
at home, too

Regulated 12V power supply and charger, converts 120 VAC to 12 VDC. With regulated output up to 2.5 amps continuous. Overload protection circuit. Size — 4½ x 2-3/8 x 6½" 22-8224
