McKenzie fails to delay fire tanker purchase

A bid by Councillor Pat McKenzie to have the purchase of a tank truck for the Halton Hills fire department delayed until the budget is brought in, fizzled at Halton Hills council Monday. McKenzie said he had spoken against the \$39,064.32 purchase at works committee and wondered how council could quarrel about a grant of \$15 for a hockey trophy and not about a purchase amounting to nearly \$40,000. "This should concern us," he declared. He emphasized he wasn't opposed to the eventual purchase of the tanker, just to it being bought before the 1977 budget is struck. McKenzie said the tanker purchase question should go to finance committee and bought, if a "reasonable budget" is brought down. He said any- one who thinks 1977 won't be a difficult year financially is just fooling himself. McKenzie said it is difficult for finance committee to hold the line on expenditures when the budget is done in April or May if committees spend the first three months of the year spending money. Councillor Mike Armstrong said the tanker purchase has been discussed with the treasurer who isn't worried about it. He said it will be paid for out of current funds until the capital budget is brought in. He added it probably won't be delivered until after the capital budget. Councillor Peter Morris objected saying "money is money no matter where it comes from." Armstrong noted the purchase of a tanker was approved by the previous council and the tender called last year. Councillor Les Duby said the need for the tanker had been proven to the satisfaction of everyone on the old council. He said it is badly needed. Councillor George Maltby said the tender price is firm until next month after which it could rise drastically. McKenzie warned council will be receiving all kinds of quotes and will be urged to make immediate purchases by department heads over the next three months. He said there would be no reason for other department heads not

to come with items similar to
