### Business management seminar

A business management seminar on one of the key problem areas faced by small businesses will be held in

Georgetown at the North Halton Golf & Country Club Wednesday, March 9.

The day's program will deal with: choosing, leading and motivating personnel.

The seminar is arranged by Federal Business Development Bank's management services and will be one of several hundred conducted by the bank in smaller cities and towns across Canada.

Some 25 to 30 people are expected to attend. They will be using the case study method to examine

management styles, personnel selection and motivation as they apply to a small business.

The bank's management services has three main spheres of activity: Management Training; Management Counselling; and an Information Service.

The Information Service provides details on more than 100 Government Assistance programs to business. There is also a pamphlet series entitled "Minding Your Own Business."

### Guelph school reunion

The G.C.V.I. Sesquicentennial Committee has finalized plans for a reunion of former staff and students to be held at the school, Saturday, April 23. A flexible program has been planned to allow participation in both the school and the City of Guelph celebrations. At present, the highlight of the city program is the visit of Lt. Governor Pauline McGibbon, who will attend a tree-planting ceremony and a formal dinner and dance in the evening.

Activities at the G.C.V.I. will begin at 2 p.m. A souvenir program, a name tag, tours of the school and light refreshments will be included in the small registration fee at the door. Tea will be served from two o'clock on, in different locations throughout the building, and displays are planned in several areas.

A cabaret evening will conclude the reunion program.

The Reunion Committee requests the help of everyone connected with the G.C.V.I. in publicizing this event.

### NOTICE OF PUBLIC HEARING PROVINCIAL SEWAGE WORKS PROGRAMME Township of Eramosa (Police Village of Rockwood)

The Ontario Ministry of the Environment is developing a provincially owned sewage works consisting of a sewage pumping station and pretreatment facilities and a pipeline to convey the sewage from the Police Village of Rockwood in the Township of Eramosa to the City of Guelph sanitary sewer system. The pipeline would pass through the Township of Guelph and the Township of Eramosa. The Minister of the Environment has, pursuant to Section 30 of The Environmental Assessment Act, 1975, ordered that the construction programme with respect to this proposed sewage works be exempted from the application of the said Act. This exemption was approved by Order-in-Council No. O.C. 2889/76.

The Environmental Assessment Board will conduct a public hearing to obtain information and to hear the views of the public so that it can make recommendations in respect of the proposed sewage works. Written and oral submissions may be made to the Board at the hearing. The Board will not consider any submissions regarding the proposal after the hearing has been closed.

The hearing will be held on Tuesday, March 15, 1977 at 11:00 o'clock in the morning, local time, in the Rockwood Town Hall, Main Street, Rockwood, Ontario.

Plans of the proposed sewage works will be available for examination and inspection during normal business hours in the office of the Clerk of the Township of Eramosa, R.R. 1, Rockwood, of the Clerk of the Township of Guelph, R. R. 5, Guelph, or the Secretary of the Board of Trustees for the Police Village of Rockwood, Rockwood, and in the office of the Environmental Assessment Board, 1 St. Clair Avenue West, 5th Floor, Toronto, Ontario, M4V 1K7.

## IS YOUR GAS WATER HEATER AS UP-TO-DATE AS YOUR RECORD PLAYER?

"Toot (scratch) toot (scratch) toot (scratch) goodbye..." Ahhh, the old gramophone. It seemed as though you heard more scratches and fuzz than you did music.

But today? Wow! Modern audio equipment is something else. Stereo sound. Quadrophonic track separation. Musical reproduction as sharp as a razor. Oh, how sweet it is.

Yes sir, a lot of things have improved over the years.

Just take Gulfstream natural gas water heaters for example.

They come in a great variety of tank sizes, making it easy for you to get the one that delivers all the hot water necessary to match your family's changing needs. What's more, Gulfstream water heaters do it all so efficiently

and economically. They're downright dependable. And they have "fast recovery power." (That means that cold water turns hot - fast, fast, fast!)

And what will you say to your old water heater?

"Toot-toot-toot, goodbye!"
